

Bank of Nova Scotia Jamaica Limited 1998

Auditors' Report

November 19, 1998

To the Members of
The Bank of Nova Scotia Jamaica Limited
Kingston

We have audited the financial statements as set out. These financial statements are the responsibility of the directors and management. The directors and management are required to select suitable accounting policies and then apply them consistently, make judgements and estimates that are reasonable and prudent, follow applicable accounting principles and prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Bank will continue in business. The directors and management are responsible for keeping proper accounting records, for safeguarding the assets of the Bank, and for the prevention and detection of fraud and other irregularities. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards on auditing generally accepted in Jamaica. Those standards

require that we plan and perform the audit to obtain all the information and explanations which we considered

necessary to provide us with reasonable assurance that the financial statements are free of material misstatements.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial

statements. It also includes assessing the accounting principles used and significant estimates made by directors

and management, as well as evaluating the overall financial statements presentation. We believe our audit provides a

reasonable basis for our opinion.

In our opinion, proper accounting records have been kept and proper branch returns obtained and the financial

statements, which are in agreement therewith, give a true and fair view of the state of affairs of the Bank and the Group

at 31 October 1998 and of the results of operations and cash flows of the Bank and Group for the year then ended and

have been prepared in accordance with generally accepted accounting principles and comply with the provisions of the

Companies Act applicable to banking companies.
