JSE's Inaugural Regional Conference a Success

Over one hundred and fifty representatives of the financial services industry in the region participated in the JSE-led conference on Investments and the Capital Markets which has been dubbed "a resounding success" by both JSE's Executive Chairman Roy Johnson and General Manager Marlene Street-Forrest. Held at the Half Moon Rose Hall, Montego Bay, January 17 to 19, the conference was co-sponsored by Oppenheimer & Co. Inc. in association with Television Jamaica and ran under the theme: "Creating Investment Opportunities for the Growth and Development of the Region's Capital Markets in a Globalised Environment". Mr. Johnson said the conference aimed at "bringing together a significant number of decision-makers from across the Caribbean to explore a number of issues relating to the capital market and its development going forward as a region, with the impending CSME and how we could position ourselves in order to be able to function in a globalised world." With over 150 participants, Mrs. Street-Forrest said attendance was excellent and the presentations substantial. Among the list of distinguished presenters were Dr. Wesley Hughes, Director-General of the Planning Institute of Jamaica; Federico Sacasa, President of Caribbean & Central America Action; Michael Moore, Branch Chief, Division of Enforcement, U.S. Securities Exchange Commission; Stephen Biggar, Vice President for Equity Research of Standard and Poors; Alexandre Ibrahim, Global Corporate Client Group, New York Stock Exchange; Professor Avinash Persaud of Intelligence Capital; U.S. Attorney-at-law, Jeff Smith and Gregory Fisher of Oppenheimer & Co. Inc. Keynote speakers also included Prime Minister P.J. Patterson; Finance and Planning Minister, Dr. Omar Davies; Opposition Leader Bruce Golding; Jampro's President Pat Francis; CEO ICC Cricket World Cup 2007 Chris Dehring and General Manager of TVJ, Kay Osbourne. Mrs. Street-Forrest emphasized that the objective now was to "utilize the information and feedback received to move towards ensuring that we seize the momentum and effect the changes necessary for the region to become integrated and truly compete globally".
