SCOTIA GROUP JAMAICA REPORTS SECOND QUARTER RESULTS

SECOND QUARTER 2012 HIGHLIGHTS

- **Net Income of \$5.36 billion**
- **Net Income available to common shareholders of \$5.14 billion**
- **Earnings per share of \$1.65**
- **Return on Average Equity of 16.74%**
- **Productivity ratio of 53.52%**
- **Second quarter dividend of 37 cents per share**

Scotia Group Jamaica Limited (Scotia Group) today reported net income of \$2,717 million for the second quarter ended April 30, 2012. This is \$70 million above the previous quarter ended January 31, 2012, and \$35 million below the quarter ended April 30, 2011. For the six months ended April 30, 2012, net income was \$5,364 million compared to \$5,440 million for the same period last year.

Earnings per share (EPS) for the six months was \$1.65 compared to \$1.69 for the same period last year. The Return on Average Equity (ROE) was 16.74%.

The Board of Directors today approved a second interim dividend of 37 cents per stock unit payable on July 5, 2012, to stockholders on record at June 14, 2012.

Bruce Bowen, President and CEO said, "Scotia Group is committed to supporting economic growth and this quarter we focused on the development of innovative product offerings and partnerships which have correspondingly led to the significant growth of our loan portfolio. For Q2 we launched two new insurance products, opened a special loan fund of \$300 million for the Women Business Owners and supported a number of SME initiatives to strengthen the sector and facilitate economic growth in the medium term. In this quarter, we saw a reduction in our loan losses as a result of the steps taken over the past year to strengthen our credit risk processes. In the upcoming months we will continue to be focused on strategic imperatives that will strengthen our risk management while driving long term growth and value for both our shareholders and our customers."

REVENUES

Total operating income, comprising net interest income after impairment losses and other revenue, was \$15.4 billion, representing an increase of \$615 million or 4.16% relative to prior year.

NET INTEREST INCOME

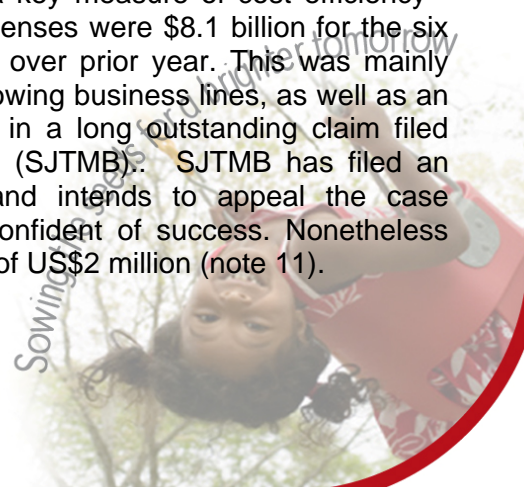

Net interest income after impairment losses for the period was \$10.79 billion, up \$134 million or 1.3% when compared to prior year. While interest margins declined as the reduction in market interest rates year over year impacted asset yields, the growth in loan volumes helped to off-set the reduced margins. Further, there was a \$225 million (38%) reduction in impairment losses, due to lower write-offs and lower provisions this year.

OTHER REVENUE

Other revenue for the six month period was \$4.6 billion, up \$481 million or 11.65% when compared with the prior year. This was due primarily to fees earned on capital market transactions and a gain on disposal of Visa shares.

OPERATING EXPENSES AND PRODUCTIVITY

Our productivity ratio (operating expense/total revenue) - a key measure of cost efficiency - was 53.52%, compared to 52.39% in 2011. Operating Expenses were \$8.1 billion for the six months, representing an increase of \$607 million or 8.1% over prior year. This was mainly reflected in staff related costs, expenses associated with growing business lines, as well as an increase in legal provisions relating to judgment received in a long outstanding claim filed against Scotia Jamaica Trust and Merchant Bank Limited (SJTMB). SJTMB has filed an appeal challenging the judgment on several grounds and intends to appeal the case vigorously. Based upon legal advice obtained, we are confident of success. Nonetheless management has considered it prudent to make a provision of US\$2 million (note 11).

CREDIT QUALITY

Non-performing loans (NPLs) at April 30, 2012 totaled \$5.47 billion, reflecting an increase of \$1.25 billion above prior year, and \$0.19 billion above the previous quarter ended January 31, 2012. The year/year growth was due primarily to a large corporate loan classified as non-performing during Q4/11. Total NPLs now represent 4.83% of total gross loans compared to 4.20% last year and 4.85% as at January 31, 2012. The Group's aggregate loan loss provision as at April 30, 2012 was \$4.43 billion, which represents 81% of the total non-performing loans. For most of these NPLs, the Group holds meaningful collateral.

BALANCE SHEET

Total assets increased year over year by \$11.3 billion or 3.35% to \$349 billion as at April 30, 2012. The loan book grew by \$12.46 billion to close at \$111.1 billion, driven by solid growth in both the retail and commercial portfolios.

Total customer liabilities (deposits, repo liabilities and policyholder's funds) grew to \$266 billion, an increase of \$2.4 billion, this growth was mainly reflected in the policyholder's funds. Repo liabilities marginally declined in keeping with our strategy of shifting the Investment Management business to an off-balance sheet fund management business model.

CAPITAL

Total shareholders equity grew to \$65.5 billion, \$5.9 billion more than the prior year. We continue to exceed the regulatory capital requirements in all our business lines. Our strong capital position also enables us to take advantage of future growth opportunities.

OUR COMMITMENT TO COMMUNITY

During the quarter, Scotiabank continued its commitment to being a leader in corporate philanthropy with donations totaling \$31 million. In March 2012, the Bank donated a motor vehicle to the University of the West Indies to assist in its public outreach project in researching and training coastal communities on the invasion of the Lionfish and its effects on Jamaica's ecosystem. The Bank also renovated the Learning Center and Library at the Bustamante Hospital for Children so that it can better facilitate education and learning.

In Education, the ScotiaFoundation donated \$10 million to fund the Scotiabank Chair in Entrepreneurship and Development at the University of Technology, continued our Breakfast Feeding programme, and made the final payments on equipment for the Agriculture Laboratory at the Northern Caribbean University. This facility was officially opened on March 8 and will act as a center for information dissemination and training in the different areas of agriculture for students, entrepreneurs and the farming community.

In the area of Health Care, the Foundation donated \$1.5 million for the maintenance of equipment at the Scotiabank Centennial Accident and Emergency Unit at the University Hospital of the West Indies and the Scotiabank Haemodialysis Unit at the Cornwall Regional Hospital, and covered the cost of shipping supplies from Hope Charitable Services in the United States for the Kingston Public Hospital.

In Community Care, the ScotiaFoundation donated \$19 million to the continued support of the YUTE programme, provision of meals for the residents of Cluster F at the National Golden Age Home in Kingston, and numerous community projects island wide.

Scotiabank received the award, Best Emerging Market Bank by Global Finance Magazine. We also received special recognition from the Salvation Army for our outstanding contribution to the annual Christmas Kettle Appeal and were recognized by the Jamaica Environment Trust as a Leader donor.

Scotia Group Jamaica takes this opportunity to thank all of our stakeholders. To our customers, thank you for your loyalty and your business. To our shareholders, thank you for the commitment, trust and confidence you continue to show in us. Our continued success is as a result of the great execution by our team of skilled and dedicated employees and we thank them for their professionalism and commitment.

SCOTIA GROUP JAMAICA LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
April 30, 2012

1. Identification

Scotia Group Jamaica Limited (the Company) is a 71.78% subsidiary of The Bank of Nova Scotia, which is incorporated and domiciled in Canada and is the ultimate parent.

The Company is the parent of the Bank of Nova Scotia Jamaica Limited (100%), Scotia Investments Jamaica Limited (77.01%) and the recently incorporated subsidiary Scotia Jamaica Micro Financing Limited (100%).

2. Basis of presentation

These consolidated financial statements have been prepared in accordance with and comply with International Financial Reporting Standards (IFRS). New and revised standards that are effective this year does not have a material impact on the interim financial statements, and the accounting policies are consistent with those applied in the audited financial statements for the year ended October 31, 2011. These financial statements are presented in Jamaican dollars, which is the Group's functional currency.

New and revised standards that became effective during the year:

IAS 24, Related Party Disclosures, has been amended, effective for annual reporting periods beginning on or after January 1, 2011, to clarify and simplify the definition of a related party and removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities. It also expands the list of related party transactions to be disclosed.

IFRS 7, Financial Instruments, Disclosures, has been amended, effective for annual reporting periods beginning on or after January 1, 2011, to add an explicit statement that the interaction between qualitative and quantitative disclosures better enables users to evaluate an entity's exposure to risks arising from financial statements. Existing disclosures relating to maximum exposure to credit risk, financial effect of collateral held as security and other enhancements in respect of a financial instrument have been amended. Certain disclosures relating to the carrying amount of financial assets that are not past due or are not impaired as a result of their terms having been renegotiated and description of collateral held as security for financial assets that are past due have been removed.

IAS 1, Presentation of Financial Statements, has been amended, effective for annual reporting periods beginning on or after January 1, 2011, to state that for each component of equity a reconciliation from opening to closing balances is required to be presented in the statement of changes in equity, showing separately changes arising from items recognised in profit or loss, in other comprehensive income and from transactions with owners acting in their capacity as owners.

Basis of consolidation

The consolidated financial statements include the assets, liabilities, and results of operations of the Company and its subsidiaries presented as a single economic entity. Intra-group transactions, balances, and unrealized gains and losses are eliminated in preparing the consolidated financial statements.

3. Financial Assets

The Group classifies its financial assets in the following categories: financial assets at fair value through profit and loss; loans and receivables; held-to-maturity; and available-for-sale financial assets. Management determines the classification of its investments at initial recognition.

Financial Assets at Fair Value through Profit and Loss

This category includes a financial asset acquired principally for the purpose of selling in the short term or if so designated by management.

3. Financial Assets (continued)

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money or services directly to a debtor with no intention of trading the receivable.

Held-to-Maturity

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity.

Available-for-sale

Available-for-sale investments are those intended to be held for an indefinite period of time, and may be sold in response to needs for liquidity or changes in interest rates or equity prices.

Available-for-sale investments and financial assets at fair value through profit and loss are carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method. Gains and losses arising from changes in the fair value of trading securities are included in the statement of revenue and expenses in the period in which they arise. Gains and losses arising from changes in the fair value of available-for-sale financial assets are recognized directly in the statement of comprehensive income. Interest calculated using the effective interest method is recognized in the statement of revenue and expenses.

4. Pledged Assets

Assets are pledged to other financial institutions, the clearing house and as collateral under repurchase agreements with counterparties.

	<u>67,283</u>	<u>66,488</u>	<u>59,215</u>	<u>59,594</u>

5. Insurance and investment contracts

Insurance contracts are those contracts that transfer significant insurance risks. Such contracts may also transfer financial risk. As a general guideline, the Group defines as significant insurance risk, the possibility of having to pay benefits at the occurrence of an insured event that is at least 10% more than the benefits payable if the insured event did not occur.

6. Loan loss provision

IFRS loan loss provision is established on the difference between the carrying amount and the recoverable amount of loans. The recoverable amount being the present value of expected future cash flows, discounted based on the interest rate at inception or last repriced date of the loan. Regulatory loan loss provisioning requirements that exceed these amounts are maintained within a loan loss reserve in the equity component of the statement of financial position.

7. Deferred taxation

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts.

8. Employee benefits

The Group operates both a defined benefit and a defined contribution pension plan, the assets of which are held in separate trustee-administered funds.

Defined benefit pension plan- the pension costs are assessed using the projected unit credit method. Under this method, the cost of providing pensions is charged to the statement of income in such a manner as to spread the regular cost over the service lives of the employees in accordance with the advice of the actuaries. The asset or liability is the difference between the present value of the defined benefit obligation at the reporting date and the fair value of plan assets, adjusted for unrecognised actuarial gains/losses and past service costs.

Other post-retirement obligations – The Group provides post retirement healthcare and group life insurance benefits to retirees. This is measured based on the present value of the estimated future cash outflow, using estimated discount rates based on market interest rates.

Defined contribution plan- contributions to this plan are charged to the statement of income in the period to which it relates.

9. Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation.

10. Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bank of Jamaica, amounts due from other banks, and highly liquid financial assets with original maturities of less than ninety days, which are readily convertible to known amounts of cash, and are subject to insignificant risk of changes in their fair value.

11. Litigation

Judgment was received in a long outstanding claim filed in April 1999 against Scotiabank Jamaica Trust and Merchant Bank Limited (SJTMB) for breach of contract and negligent performance of contract in connection with an alleged undertaking given by SJTMB in May 1997. The Courts found against SJTMB in the sum of US\$14,861,992.98 plus interest at the rate of 4% per annum from 1997 to the date of payment and costs. SJTMB has filed an appeal challenging the judgment on several grounds, and based on legal advice obtained, SJTMB will continue to vigorously appeal the judgment. A stay of execution of judgment is in place until May 29, 2012. While SJTMB is a wholly-owned subsidiary of Scotia Investments Jamaica Limited (SIJL), any liability arising from this claim will be assumed by The Bank of Nova Scotia Jamaica Limited ("BNSJ"), a subsidiary of Scotia Group Jamaica Limited. Notwithstanding the strong grounds for appeal, management has considered it prudent to take a provision of US\$2 million in the accounts of BNSJ for the quarter ending April 30, 2012.

12. Segment reporting

The Group is organized into six main business segments:

- Retail Banking – incorporating personal banking services, personal deposit accounts, credit and debit cards, customer loans and mortgages;
- Corporate and Commercial Banking – incorporating non-personal direct debit facilities, current accounts, deposits, overdrafts, loans and other credit facilities and foreign currency transactions;
- Treasury – incorporating the Group's liquidity and investment management function, management of correspondent bank relationships, as well as foreign currency trading;
- Investment Management Services- incorporating investments, unit trusts, pension and other fund management, brokerage and advisory services, and the administration of trust accounts.
- Insurance Services – incorporating the provision of life and medical insurance, individual pension administration and annuities;
- Other operations of the Group comprise the parent company and non trading subsidiaries.

Transactions between the business segments are on normal commercial terms and conditions. The Group's operations are located mainly in Jamaica. The operations of subsidiaries located overseas represents less than 10% of the Group's operating revenue and assets.
