**The Jamaica Livestock Association Limited**  
**Notes on the Interim Financial Statements**  
**Quarter ended August 31, 2012**

**1. Operations**

The principal activities of the group are the sale of animal health products, hardware, lumber, farm equipment and supplies, animal feeds, day-old chicks and transportation.

The operations of the JLA Feeds Limited and JLA Hatchery Limited are carried out by the company with effect from September 1, 2005. All of the property, assets and rights of JLA Feeds Limited and JLA Hatchery Limited have been transferred and vested in The Jamaica Livestock Association Limited by virtue of a court order dated November 9, 2006. The company and its subsidiary are incorporated and domiciled in Jamaica.

The company sold its feed plant and wharf and grain off-loading facilities on March 1, 2010. Based on the sale agreement, the company will purchase feeds from the purchaser and retain its rights to the "Supreme Feeds" brand.

**2. Basis of Preparation**

The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) and their interpretations adopted by the International Accounting Standards Board, (IASB) and comply with the provisions of the Companies Act.

The significant accounting policies used in the preparation of the interim financial statements are consistent with those used in the year-end audited financial statements. These are summarized below and conform in all material respects to IFRS and the Companies Act.

**3. Accounting Policies**

The following new accounting policies have been reflected in these financial statements in compliance with IFRS:

Accounting policies (cont'd)

(a) Investments

The Group's investments are initially recognized at cost and classified at the time of purchase in accordance with IFRS. Available for sale investments are subsequently re-measured at fair value. Unrealized gains or losses arising from changes in fair value are taken to investments revaluation reserve.

(b) Property Plant and Equipment

Property, plant and equipment are stated at cost or deemed cost less accumulated depreciation and impairment losses.

(c) Employee Benefits

Employee benefits comprise pension and post-retirement life insurance benefits. The group's net obligation in respect of defined benefit pension plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and future periods. That value is discounted to determine the present value, and the fair value of the plan assets deducted. Where the fair value of plan assets exceeds the present value of the obligation, a pension asset is recorded to the extent of economic benefits which can be obtained in the form of reduction in future contributions to the plan. The obligation is calculated using the projected unit credit method.

The obligation in respect of post retirement benefit is computed on a basis similar to that for the defined benefit pension plan.

The Jamaica Livestock Association Limited  
Notes on the Interim Financial Statements  
Quarter ended August 31, 2012

Accounting policies (cont'd)

(d) Segment Reporting

Segment reporting is presented in respect of the company's business segments. The primary format business segments are based on the company's management and internal reporting structure.

There are no geographical segments to disclose as the company operates in the local market only.

	SEGMENT RESULTS NINE MONTHS 2012
