MISSION STATEMENT

“Our aim is to manufacture packaging materials at the highest standards and sell at the lowest price and maintain a reputation of being a viable alternative for imported packaging”.

CHAIRMAN'S STATEMENT

AMG Packaging and Paper Ltd. have made amazing strides; far exceeding our projection for the year 2012. From the listing on the junior stock exchange in June 2011 and the positive growth of our stocks to the newly developing warehouse space, which we are about to move into, it's been growth, growth, growth.

Our Financial results for 2012 have shown an increase in revenues by 15.71% but more important is the increase in profits by 52.45%. Even with us bursting at the seams while waiting anxiously for our new facility to be completed, we managed to produce and grow at a tremendous rate. Not even the fire we had stopped AMG's production. AMG was able to increase our product lines and customer base while keeping our product quality and customers very pleased with their orders.

AMG could not have accomplished all we have, without our Board of Directors; who demand nothing short of excellence and the Management and staff who worked assiduously to do whatever they had to, to get the job done. My heart filled thanks to a team committed to the continued success of AMG.

Peace and Love,

GENERAL MANAGER'S STATEMENT

AMG Packaging & Paper Company Limited (AMG) is pleased to present its audited financial statements for the 12 months ended August 31, 2012.

2012 was another exciting year for AMG. Our new warehouse facility is currently here and the Chinese technician arrives in September to start the much anticipated development. The approximately 10,000 square feet new warehouse will allow us additional space to stock both raw materials and finished products as well as expand our production capacity. The facility boasts two loading bays which will enable us to load and unload containers minimizing damage to the rolls. We can now store our raw materials in a secure proper environment as is the standard. We made a deposit on a paper clamp forklift. This should arrive in Jamaica before the end of the first quarter. This will enable us to move our paper rolls in a more efficient manner.

The new Two Color Printing and Rotary Die Cut Machine is currently installed and producing. This acquisition has increased our production as well as widens our product base. A Partition machine was also acquired where we can now offer our services to companies that package glass products.

We are currently sourcing additional machines which will increase quality and production. One is a multi functional machine that will replace the older manual ones. The other is an additional Rotary Die Cut machine.

From an operational standpoint we have decided to rearrange our shift system to accommodate a third shift in the near future. Currently the shifts are 8am to 5pm and 7pm to 7am. The new hours will be 6am to 2pm and 2pm to 10pm. This will eliminate the down time we have as well as minimize the overtime which is a negative factor on our bottom line.

Our performance for the year was satisfactory in a number of areas in spite of a challenging operating environment. Sales for the year ended August 31, 2011 increased by 15.71% to \$357.46 million as a result of an increase of 27.19% in the number of units produced. This increase in sales resulted in a 27.23% increase in Gross Profit of \$81.31 million (2011- \$63.91 million).

Management remains extremely focused on managing manufacturing expenses as this performance was achieved in spite of a 21.27% increase in Electricity charges and much needed Maintenance Expenses \$6.2 million 2012 up from \$2.8 million in 2011. This focus on cost management included administrative expenses which increased from \$21.92 million(2011) to \$39.51 million(2012) during the year resulting in Profits of \$47.66 million for the 12 month period, up 52.45% over the prior year (2011 - \$31.27 million).

	12 months to August 31,2012	12 months to August 31,2011
Total Revenues	357,461,714	308,921,086
Gross Profit	81,316,904	63,911,205
Profit	47,666,087	31,265,395
Total Assets	309,802,822	283,706,678
Total Shareholder's Equity	241,483,209	193,817,120
Weighted Average # of Shares in Issue	102,387,857	82,670,290
Earning per Share	0.47	0.38

Total Assets grew from \$283.71 million to \$309.80 million, primarily as a result of our new machinery and expansion. In addition Inventories grew, consistent with our strategy, to increase the stock of paper help for production as well as finished products available for specific customer orders.

The new financial year has begun on a positive note given the sound foundation we continue to build on. The next 12 months will continue to see many positive changes at AMG with our increased production capacity, additional storage space and broader product line. On behalf of the AMG team we would like to wish our shareholders a peaceful holiday season and all the very best for the New Year.

AUDITORS' REPORT
TO THE MEMBERS
OF
AMG PACKAGING & PAPER COMPANY LIMITED

We have audited the financial statements for AMG Packaging & Paper Company Limited set out on the following pages 3-18 which comprise the statement of financial position as of August 31, 2012 and the statement of comprehensive income, statement of changes in equity and statement of cashflows for the period then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and with the requirements of the Jamaican Companies Act. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

2 Statement of Compliance, Basis of Preparation and Significant Accounting Policies

(i) **Statement of compliance**

These financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) and their interpretation adopted by the International Accounting Standards Board, and have been prepared under the historical convention.

IFRS 7, Financial Instructions: Disclosures led to some changes in the qualitative and quantitative disclosures relating to credit risk. In particular, disclosure of the amount of the company's 'maximum exposure to credit risk without considering any collateral held' is now made only if the carrying amount of the financial assets does not already reflect such exposure.

Revised IAS 24, Related Party Disclosures introduced changes to related party disclosure requirements for government-related entities and amends the definitions of a related party. Aside from the change of the definition of a related party in note 2(ii) (f), this revision did not have any impact on the financial statements.

At the date of the financial statements there were standards which are in issue, but not yet effective. Those considered relevant to the company are as follows:

IFRS 9, Financial instruments (effective January 1, 2013). It introduces new requirements for classifying and measuring financial instruments. The standard also amends some of the requirements of *IFRS 7* financial instruments: disclosures

- Including added disclosures about investments in equity instruments through other comprehensive income.

IFRS 12, Disclosure of Interest on Other Entities is effective for annual reporting periods beginning on or after January 1, 2013. It contains disclosure requirements for entities that have interests in subsidiaries, joint arrangements, associates and /or unconsolidated structured entities. These require disclosures aim to provide information to enable users to evaluate the nature of, and risks associated with, an entity's interests in other entities and effects of those interests on the entities' financial position, financial performance and cash flows.

AUGUST 31, 2012

(ii) Basis of preparation

IAS 1, Presentation of Financial Statements: Presentation of Items of Other Comprehensive Income is effective for annual periods beginning on or after July 1, 2012. It has been amended to require an entity to present separately the items of other comprehensive income (OCI) that may be classified to profit or loss in the future from those that would never be reclassified to profit or loss. Consequently, an entity that presents items of OCI before related tax effects will also have to allocate the aggregated tax amount between the sections. The existing option to present the profit or loss and other comprehensive income in two statements has not changed. The title of the statement has changed from Statement of Comprehensive Income to Statement of Profit or loss and Other Comprehensive Income. However, an entity is still allowed to use other titles.

IFRS 13, 'Fair Value Measurement' (effective for annual periods beginning on or after 1 January 2013). The standard explains how to measure fair value for financial reporting. It defines fair value; sets out in a single IFRS a framework for measuring fair value; and requires value measurements. This standards applies to those standards that require or permits fair value measurements or disclosures about fair value measurements (and measurements, such as fair value less costs to sell, based on fair value or disclosures about those measurements), except in specified circumstances.

(a) Reporting Currency

The amounts in these financial statements are expressed in Jamaican dollars, which is the primary currency in the country which it operates.

(b) Use of estimates

The preparation of the financial statements to conform to IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, contingent assets and liabilities at the date of the statement of Financial Position, and the income and expenses for the year then ended. Actual amounts may vary from the estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to the accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period of the revision and future periods if the revision affects both current and future periods.

(c) Judgement in evaluation of contingencies

For a contingent liability to qualify for recognition there must be a present obligation and the probability of an outflow of economic benefits to settle that obligation. In recognising contingent liabilities of the company, management determines the possibility of an outflow of resources and makes estimates of expenditure required to settle the present obligation at the reporting date.

No provision is made if management considers the possibility of any outflow in settlement to be remote.

(d) Inventories

Inventories are stated at the lower of cost and net realisable value and have been calculated on the First-In First-Out basis

(ii) Basis of Preparation Continued

(e) Depreciation

Depreciation is charged on the straight line basis at rates designed to write off the cost or valuation of assets over their useful lives. The first year is pro-rated based on date of acquisition. Rates are as follows:

Buildings	2.5%
Equipment	10%
Computer & Equipment	20%
Furniture & Fixtures	10%

(f) Related Parties

A related party transaction is a transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

A party is related to the company, if:

- (i) directly or indirectly through one or more intermediaries, the party :
 - (a) is controlled by, or is under common control with, the company (this includes parties, subsidiaries and fellow subsidiaries)
 - (b) has an interest in the company that gives it significant influence over the entity: or
 - (c) has joint control over the company;
- (ii) the party is an associate of the company
- (iii) the party is a joint venture in which the company is a venturer;
- (iv) the party is a member of the key management personnel of the entity or its parent;
- (v) the party is a close member of the family of any individual referred to in (i) or (iv);
- (vi) the party is an entity controlled, jointly controlled or significantly influenced by, or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v); or
- (vii) the party is a post -employment benefit plan for the benefit of employees of the company, or of any entity that is a related party of the entity.

The company has related party relationship with it's directors and key management personnel.

(g) Investments

Investment is carried in the financial statements at fair value. Gains and losses arising in changes in the market value of the investment is recorded in the Statement of Comprehensive Income in the period in which they arise.

(h) Tax Exemption Status

The company is currently listed on the Jamaica Junior Stock Exchange. This listing renders the company exempt from Income Tax for five years from the original listing in July 2011, with the proviso that the company remains on the Stock Exchange for at least fifteen years.

(ii) Basis of Preparation cont'd

(i) Foreign Currency Transaction

Foreign currency transactions are converted and included in the financial statements at the prevailing rate of exchange at the transaction date. Deposits held and liabilities in foreign currency at the date of the statement of financial position are adjusted to reflect the Jamaican equivalent as at that date. Exchange differences arising from settling income transactions are reflected in the statement of comprehensive income.

(j) Trade Receivables

A trade receivable is carried at invoiced amounts less provision made for impairment losses. Provision for impairment of trade receivable is established when there is sufficient evidence that the company will not be able to recover the full amounts in accordance with the original terms of the transaction.

(k) Borrowings & Borrowing costs

Borrowings are recognised initially at the proceeds received, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost and any difference between proceeds and redemption value is recognised in the Statement of Comprehensive income over the period of the borrowings. Borrowing costs are recognised in the period in which they are incurred.

(l) Cash & Cash Equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of the Statement of Cash flows, this is comprised of deposits, cash at bank and cash in hand.

(m) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

(n) Revenue Recognition

Revenue is recognised in the income statement when it is probable that future economic benefit associated with the items of revenue will flow to the company and is able to be reliably measured. Revenue from the sale of goods are measured at fair value of the consideration received or receivable net of discounts and allowances.

(o) Interest Income

Interest income is recognised in the statement of comprehensive income for all interest bearing instruments on the accruals basis.

3 Financial Instruments

A Financial instrument is a contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another. Financial assets carried in the Statement of Financial Position include accounts receivable and cash. Bank overdraft and accounts payable are deemed financial liabilities.

AMG PACKAGING & PAPER COMPANY LTD
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2012

(a) Interest Rate Risk

Interest rate risk arises when the value of a financial instrument fluctuates during a specified period due to changes in market interest rates.

The company is exposed to interest rate risk regarding loans and its bank balances as at August 31, 2012.

(b) Credit Risks

Credit risk is the risk of exposure occasioned by one party to financial instruments when the other party fails to discharge an obligation thus causing the other party to suffer a financial loss. The company has policies in place to ensure that sale of products and services are made to customers with an appropriate credit history. The company is exposed to credit risks in respect of its receivables from other companies and individuals.

The maximum exposure to credit risk at the reporting date is represented by the carrying value amount of each financial asset as follows:

	<u>Carrying Amount</u>	
	<u>2012</u>	<u>2011</u>
	\$	\$
Cash equivalents	10,108,140	8,002,501
Receivables	34,799,805	41,290,414
Due from related parties	-	287,069
	<u>44,907,945</u>	<u>49,579,983</u>

(c) Foreign Currency Risk

A foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in the foreign exchange rates.

The company has direct exposure to foreign currency risk regarding United States dollar denominated savings account and foreign payables.

(d) Cash Flow Risk

Monetary financial instrument will fluctuate in amount. The company manages this risk by budgetary measure, ensuring that fluctuations in cash flows relating to the monetary financial assets and liabilities are matched, to mitigate any significant adverse cash flows.

(e) Liquidity Risk

Liquidity risk is that risk which a company faces when it encounters difficulty in raising funds to meet commitments associated with its financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at, or close to, its fair value. Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents, and the availability of funding through an adequate amount of committed facilities.

At 31 August 2012, the company did not face any liquidity risks as indicated below:
