

#### Supreme Ventures Limited Report of the Board of Directors Unaudited Financial Statements 30<sup>th</sup> September 2013

The Board of Directors of Supreme Ventures Limited announces the unaudited financial results for the nine-month period 1<sup>st</sup> January 2013 to 30th September 2013.

The Group's total revenues grew by 8.53% for the nine-month financial period to \$24.623B or a \$1.936B increase, compared to \$22.687B for the corresponding period in 2012. Despite the growth in revenues, the net profit after tax of \$433.562M for the nine-month period represented a 31.38% decline when compared to \$631.798M in the nine-month period of 2012. The decrease in net profit after tax was directly attributable to the continued higher-than-designed lottery game liabilities of 73.96% or increased payouts of \$195M and the impact of increased taxation on the gaming sector of over \$150M, which came into effect on 1st April 2013 and was reported in the six-month unaudited financial statements. The gaming sector faced increases in the lottery gaming tax and BGLC fees, as well as elimination of the 50% unclaimed prizes previously held by the Company. We remind Shareholders that for the new taxation measures imposed on the gaming sector, the gaming taxes are now paid on gross revenue instead of net, as in the previous financial periods.

The Group's increase in total revenues for the nine-month financial period continues to be predominantly due to increases in lottery, sports betting and Pin Code revenues. Cash Pot contributed incremental revenues of \$2.172B, a 15% increase over the corresponding period in 2012. The Company continues to derive steady revenue from Sunday/holiday lottery sales, which began on 1<sup>st</sup> April 2013. The additional selling days positively impacted the revenues for the financial period, with Sunday/holiday lottery sales contributing \$1.549B to the revenues.

EBITDA was \$762.618M or \$455.732M below the comparative nine-month period in 2012 and Earnings per Share of \$0.16 compared to \$0.24 in 2012.

A comparative look at Q3 for 2013 versus 2012 (1<sup>st</sup> July to 30<sup>th</sup> September), revealed a net profit after tax of \$32.613M compared to \$125.603M for Q3 in 2012. This represented a reduction of 74.03% or \$93M in profit. The quarter's performance was significantly impacted by:

- A net increase in the lottery games tax in Q3 of \$76M
- Increase in operating expenses in Q3 of \$111M
- Increase in the foreign exchange rate on fees payable to service providers in Q3, of \$17M

The EBIDTA for Q3 was decreased by \$112M.

We continue to remind our investors that volatilities in game liabilities can adversely impact profitability in any financial period. Cash Pot liabilities were 73.96% at the end of the ninemonth financial period under review, that is, higher than the game design of 72.22% and when

compared to 71.82% for the comparative period in 2012. This resulted in additional prize liabilities of approximately \$195M for the financial period. The other fixed payout games: Pick 2, Pick 3 and Pick 4 performed within game design but registered declines in revenue share for the comparative nine-month periods.

The Super Lotto and Lotto games performed well during the period under review. Super Lotto benefitted from the 'Doubler' prize payout promotion that began on 15<sup>th</sup> June 2013 and ended on 12<sup>th</sup> July 2013. The value of all subsidiary prizes was doubled during the promotion period. There was one Super Lotto Jackpot winner from Barbados on 3<sup>rd</sup> August 2013. The winner received the equivalent of J\$197M. There were 3 Lotto Jackpot winners in Q3 at \$32M, \$55M and \$21M respectively.

Sports betting revenue was increased by \$21.4M or 14% for the nine-month period under review, in comparison to the same period in 2012. This was attributable to a wider distribution of 3<sup>rd</sup> party agent terminals, which facilitated high interest in betting on the World Championships, the early stages of the English Premier League season and the Major League Baseball. Sports Betting liability was also higher at 71.92% for the nine-month period, compared to 65.31% for the corresponding period in 2012, representing an increase in prize payouts of \$26M. The Company also embarked on opening its own company owned/company operated satellite locations, to increase the distribution network of sports betting terminals. 24 such locations are planned for full roll-out islandwide.

The Gaming Lounges continue to be impacted by challenges posed with a reduction in disposable income. VLT Net Win was reduced by \$119M or 23.46%, when compared to the nine-month period for 2012. The Gaming Lounges were also faced with further challenges in patronage, resulting from the smoking ban in enclosed places.

A dividend payment of \$0.03 per share was paid on 2<sup>nd</sup> September 2013, related to the Q2 financial results of 2013. SVL continues to execute an aggressive dividend payment policy, of quarterly payments based on the company's performance, which amounted to \$553.8M to September 2013.

#### **Announcements**

External Auditors, Deloitte Touche Tohmatsu Limited terminated operations in Jamaica on 31<sup>st</sup> August 2013. KPMG Chartered Accountants were engaged on 1<sup>st</sup> September 2013 as Auditors for the lottery game draws. On 11<sup>th</sup> September 2013, the Board awarded KPMG with the Group's statutory audit for the financial year ended 31<sup>st</sup> December 2013.

The Board of Directors will meet on 8th December 2013 to consider an interim payment of dividend to Shareholders.

#### **Outlook For The Future**

The fourth quarter is expected to be a continuation of the challenging times faced by many local companies, as consumers struggle with options on how to spend their limited disposable income.

Notwithstanding the above, SVL will continue to pursue aggressive and exciting marketing strategies for continued revenue generation. The company entered into an arrangement with Television Jamaica Limited (TVJ) for studio operations and broadcast of its game draws, thereby exposing its games to a wider audience share of local television. Effective 1<sup>st</sup> December 2013, lottery gamers will have an additional hour to purchase tickets for the evening game draw. Pools will close at 8:20pm and the 4<sup>th</sup> daily draw will be at 8:25pm. The company will also add two additional draws for the Dollaz game, bringing the total to four each day at 10:30am, 1pm, 5pm and 8:25pm. The Super Lotto game draw will be aired at 8:30pm on Tuesdays and Fridays.

The Company will also start its route system for VLTs, with the addition of slot games in its owned/operated Regional Centres and sports betting locations, on a phased basis. These VLTs will accept local currency for the convenience of the customers.

The Company is cognizant of the increase in crime and has been engaging its agents in dialogue on how to contain their cash exposure. Agent delinquency remains under constant review and SVL continues to pursue the collection of amounts outstanding from its agent base.

While game liabilities tend to correct themselves over time, the Company expects that the impact of the new taxation measures on the gaming sector will continue to adversely affect the financial results going forward.

The Board of Directors continues to be thankful to all its stakeholders for the commitment and support they continue to show in Supreme Ventures Limited.

Paul Hoo CHAIRMAN Brian George
