The adjustment in prices is to recover increases in input costs that we have faced over the recent months, caused primarily by the depreciation in the currency. The Jamaican dollar has depreciated by 2.8% since I last communicated with you in December 2013.

Please be advised that cement purchased before April 1, 2014, may be collected up to Saturday, April 5, 2014, at the old price. All cement collected after April 5, 2014, will be charged at the new prices.

We wish to recognize your continued support and reinforce our commitment to supply you with a high quality product and a remarkable customer experience.

Yours sincerely,

F.L.A. Haynes
