

Auditors' Report on Summary Financial Statements

To the Members of Sagicor Group Jamaica Limited

Report on the summary consolidated financial statements

The accompanying summary financial statements, which comprise the summary consolidated statement of financial position as at 31 December 2013 and the summary consolidated income statement, and summary consolidated statements of comprehensive income, changes in equity and cash flows for the year then ended and related notes are derived from the audited financial statements of Sagicor Group Jamaica Limited for the year ended 31 December 2013. We expressed an unmodified audit opinion on those financial statements in our report dated 3 March 2014. Those financial statements, and the summary financial statements, do not reflect the effects of events that occurred subsequent to the date of our report on those financial statements.

The summary financial statements do not contain all the disclosures required by International Financial Reporting Standards. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of Sagicor Group Jamaica Limited.

Management's responsibility for the summary financial statements

Management is responsible for the preparation of a summary of the audited financial statements

Auditor's responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (ISA) 810, 'Engagements to Report on Summary Financial Statements.

Opinion

In our opinion, the summary financial statements derived from the audited financial statements of Sagicor Group Jamaica Limited for the year ended 31 December 2013 are consistent, in all material respect, with those financial statements.

Overview

2013 was a year of adjustment for the Jamaican economy. In February the Group participated in the National Debt Exchange and Private Debt Exchange (NDX programme) where our holdings of GOJ securities with a face value of \$60.65 billion were exchanged for new bonds with lower coupons and longer maturities. The Group realized capital losses of \$1 billion from the NDX programme. For the 12 months to December 2013 the Jamaican dollar depreciated by 14.6%, inflation was 9.5% and interest rates were flat. Despite these circumstances the Sagicor Group responded with an overall strong financial performance.

The Group generated consolidated net profit, attributable to stockholders, for the year of \$6.3 billion, an 7.4% improvement over 2012. Earnings per stock unit was \$1.67 compared to \$1.56 in 2012 and the annualized return on average Stockholders' Equity was 18% (2012: 19%). The net profit generated for Q4 was \$2.6 billion, 31% more than the \$1.98 billion posted in Q4 2012.

Stockholders' Equity - J\$ billions	35.93	32.86	9%
Sagicor Group Jamaica Share Price	10.17	10.10	1%
Dividend per stock unit - J\$	0.40	0.56	-29%

The Q4 2013 results were buoyed by continued strong new business, unrealized foreign exchange gains and actuarial reserves gains from expense efficiencies and mortality experience.

Total Comprehensive Income, including net profit for the period and movements in reserves held in Equity, was \$4.61 billion compared to \$6.66 billion for 2012. Substantial unrealized fair value losses on available-for-sale securities were recorded during the year, especially USA corporate bonds. At the same time, re-translation of foreign

operations increased Comprehensive Income by \$1.35 billion and there was a charge of \$1.29 billion for remeasurements of retirement benefits obligations.

Operations:

Consolidated Net Profit, attributable to stockholders, of \$6.3 billion was produced from consolidated Revenue of \$42.36 billion. Revenue was above prior year by 19%, driven by very good new business across all lines. Net Premium Income, in aggregate, was 27% more than that for 2012. With respect to the Individual lines

of business, including Universal Life Segregated Funds, earned premiums were up by 12% while Group Insurance and Annuity premiums were 44% higher than prior year. Investment income, before interest expense and capital gains was higher than in the prior year by 4%. Realized capital gains, from security trades, other than the NDX programme, were 9% more than in 2012. Fees and Other Revenues were substantially ahead of prior year, mainly influenced by higher current year unrealized foreign exchange gains from the

devaluation of the Jamaican dollar.

Policy benefits to our policyholders or their beneficiaries, including death claims, health claims, annuity payments, surrenders and fund withdrawals, totaled \$15.75 billion, net of reinsurance recoveries. The amount for last year was \$13.09 billion. This 20% increase in benefits cost reflects robust portfolio growth. The change in Insurance and Annuity liabilities reflect provisioning for annuity obligations, expense efficiencies and mortality gains.

Directors' Statement (Cont'd)

The Banking Group generated net profits of \$1.16 billion, 20% below last year, after absorbing \$191.06 million in capital losses from the NDX programme. Coupons lower since exchange but Sagicor Bank grew its loans and deposits portfolios impressively and saw a commensurate growth in fee based income. Unrealized foreign exchange gains from the devaluation of the Jamaican dollar also contributed positively to the results.

Group Administrative expenses of \$7.59 billion were 12% more than in 2012. The increased expenses reflect mainly higher compensation higher loan loss provisions in the Banking Group and high FATCA (The Foreign Account Tax

Compliance Act) readiness costs. The normalized Group efficiency ratio of administrative expenses to total revenue was 23% (2012 - 22%).

Cash generated from operating activities for the year was \$3.49 billion while cash and cash equivalents held at the year-end was \$5.44 billion.

Balance Sheet and Managed Funds:

Total assets of SGJ grew to \$198.31 billion, up from \$174.53 billion as at December 2012, a 13.6% increase over the prior year. Total assets under management, as at December 2013, including pension fund assets managed on behalf of clients and unit trusts, amounted to \$329.5 billion, up from \$294.9 billion as at December 2012. Market capitalization of SGJ at December 2013 was \$38.24 billion (2012: \$37.99

The Stockholders' Equity of SGJ stood at \$35.93 billion, up 9.3% from \$32.86 billion as at December 2012. The growth in equity was driven mainly by Earnings and unrealized foreign exchange gains on re-translation of foreign currency operations.

During March, the SLJ Board of Directors declared an interim dividend distribution of \$714.59 million to Stockholders or a dividend per share of 19 cents. In October, the Directors declared a second interim dividend of \$789.8 million or 21 cents per share. This was a total dividend pay-out of \$1.50 billion or 40 cents per share. The dividend distribution in 2012 was \$2.1 billion or 56 cents per share.

SLJ's risk adjusted capital at December 2013, measured by the Minimum Continuing Capital and Solvency Requirement (MCCSR), was 179.6% (2012: 162.9%). The regulated minimum ratio is 150%.

Over 20,000 runners walkers and wheelchair racers gathered on Knutsford Boulevard for the start of the 15th Annual Sagicor Sigma Corporate Run.

The risk-weighted capital ratios of the Sagicor Investments (Securities Dealer) and Sagicor Bank (Commercial Bank) were 15.2% (2012: 17%) and 16.3% (2012: 21%) respectively. The required minimum regulatory ratio is 10%.

Corporate Social Activities:

The Group continued to make a meaningful contribution to our community in areas of health, sports and education, led by the Sagicor Sigma Corporate Run which raised over \$16 million in 2013 for the Bustamante Hospital for Children, Jamaica National Children's Home and the Best Care Lodge. Since its inception Sagicor Sigma Corporate Run has raised more than \$124 for various worthy causes. Our social responsibilities and our brand are inextricably linked.

Corporate Reorganization

At an Extraordinary General Meeting (EGM) held in September, the stockholders of Sagicor Life Jamaica Limited (SLJ) unanimously approved the reorganization of the Sagicor Jamaica Group of Companies under a Scheme of Arrangement. In December, the new holding company, Sagicor Group Jamaica Limited (SGJ), was listed on the Jamaica Stock Exchange and at the same time Sagicor Life Jamaica Limited was delisted. The existing shareholders of SLJ exchanged their shares for SGJ shares of equal value. By the year-end we also completed another phase of the reorganization plan. This involved SLJ transferring ownership of all subsidiaries, except for the Banking Group, directly to SGJ. The subsidiaries outside of Jamaica now report to SGJ through their immediate Parent company, Sagicor St. Lucia Limited. The reorganization of the Banking Group will take place early in 2014.

Agreement to purchase RBC **Jamaica**

On January 29, 2014, Sagicor Group Jamaica Limited signed a Sale and Purchase Agreement to acquire all of the issued shares of RBC Royal Bank (Jamaica) Limited and RBTT Securities Jamaica Limited (collectively "RBC Jamaica") from Royal Bank of Canada. The acquisition is subject to regulatory approvals. At December 2013 RBC Jamaica had total assets of \$54 billion.

This acquisition fits with our strategic plans to expand Sagicor's banking footprint, allowing us to serve our customers better.

Outlook for 2014

Jamaica has successfully begun the long and arduous journey towards a sustainable fiscal position and a more competitive economy. Although the initial impact of the corrective measures has been difficult for the average Jamaican, it is the only pathway to sustainable growth. The pending acquisition of RBC Bank by Sagicor is a concrete representation of our growing confidence in the future of the Jamaican economy. It is with optimism therefore that we look forward to 2014.

We thank our customers for the confidence they have placed in us and the hundreds of Team members who strive every day to deliver the quality service you

On behalf of The Board of Directors:

EXPLANATORY NOTES

1. Basis of preparation

These condensed consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) and the accounting policies as set out in note 2 of the December 31, 2013 audited financial statements. Certain comparative numbers have been restated due to adoption of the following Interpretations and Amendments:

- Amendments to IAS 1, 'Financial statement presentation' regarding other
 comprehensive income. The main change resulting from these amendments is a
 requirement for entities to group items presented in Other Comprehensive Income
 (OCI) on the basis of whether they are potentially reclassifiable to profit or loss
 subsequently (reclassification adjustments).
- IAS 19, 'Employee benefits' eliminates the corridor approach and recognise all actuarial
 gains and losses in OCI as they occur; to immediately recognise all past service costs;
 and to replace interest cost and expected return on plan assets with a net interest
 amount that is calculated by applying the discount rate to the net defined benefit
 liability (asset).
- IAS 28 (Revised), 'Investments in Associates and Joint Ventures', includes the requirements for joint ventures, as well as associates, to be equity accounted following the issue of IFRS 11.
- IFRS 7, Disclosures Offsetting financial assets and financial liabilities amendments
 require an entity to disclose information about the rights to offset and related
 arrangements (example collateral arrangements). The disclosures would provide users
 with information that is useful in evaluating the effect of netting arrangements on an
 entity's financial position. These amendments did not have a significant impact on the
 Group's financial statements.
- IFRS 10, 'Consolidated Financial Statements', replaces all of the guidance on control
 and consolidation in IAS 27, 'Consolidated and Separate Financial Statements', and
 SIC-12, 'Consolidation Special Purpose Entities'. IAS 27 (Revised) now renamed
 'Separate Financial Statements'. IFRS 10 builds on existing principles by identifying the
 concept of control as the determining factor in whether an entity should be included
 within the consolidated financial statements. The standard provides additional
 guidance to assist in determining control where this is difficult to assess.
- IFRS 11, 'Joint Arrangements' provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form. There are two types of joint arrangements: joint operations and joint ventures. Joint operations arise where a joint operator has rights to the assets and obligations relating to the arrangement and hence accounts for its interest in assets, liabilities, revenue and expenses. Joint ventures arise where the joint operator has rights to the net assets of the arrangement and hence equity accounts for its interest. Proportional consolidation of joint ventures is no longer allowed.

Within the framework of IFRS 10, 'Consolidated Financial Statements' the Group has retroactively amended the accounting treatment of Universal Life Segregated Funds to account for these funds on a line-by-line basis through-out the Statement of Financial position and the Income Statement. Previously these funds were carried on the Balance Sheet as a single line for the assets held and a single line for the liabilities.
