

## CARRERAS LIMITED

**On behalf of the Board of Directors, I am pleased to report the unaudited financial results for the FIRST QUARTER ended June 30, 2014.**

**Performance Highlights are:**

	<b>3 months to 6/30/2014 \$M</b>	<b>3 months to 6/30/2013 \$M</b>	<b>% Change</b>
Gross Operating Revenue	2,589.8	2,154.8	20%
Total Operating Revenue	2,605.9	2,212.3	18%
Interest and Other Investment Income	51.1	37.3	37%
Net Income	588.9	485.4	21%
EPS	121.3	100.0	21%

Carreras Limited achieved total operating income of \$2,605.9 million for the first quarter ended June 30, 2014, representing an increase of 18% compared to the same period in the prior year. The Company also delivered net income of \$588.9 million, an increase of 21% compared to the same period last year.

We anticipate that volumes will be challenged for the rest of the year as the tobacco regulations have impacted the consumption of our products.

Interest and other investment income increased by 37% to \$51.1 million for the quarter as the Company benefited from higher interest rates in the market when compared to the same period in 2013.

The economic circumstances continue to be challenging, however, we have managed to keep the increase in operating cost to 6%.

Shareholders, I am also pleased to report that the Board of Directors has approved an interim dividend payment of \$1.20 per stock unit to be paid out of accumulated profits on September 4, 2014.

On behalf of the Board

Richard Lewis  
Chairman

## **CARRERAS LIMITED AND SUBSIDIARIES**

### **Notes to the Financial Statements June 30, 2014**

#### **1. General**

Carreras Limited ("the company") is incorporated and domiciled in Jamaica and is a 50.4% subsidiary of Rothmans Holdings (Caricom) Limited, which is incorporated in St. Lucia. The ultimate parent company is British American Tobacco plc, incorporated in the United Kingdom. The principal activities of the company are the marketing and distribution of cigarettes.

The principal place of business is Twickenham Park, St. Catherine, Jamaica.

#### **2. (a) Basis of Preparation**

The financial statements are presented on the historical cost basis. Unless otherwise stated, the financial statements are presented in thousands of Jamaican dollars (\$'000), which is the functional currency of the company and the group.

#### **(b) Accounting estimates and judgments:**

The preparation of the financial statements in conformity with IFRS and the Act requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of, and disclosures related to, assets, liabilities, contingent assets and contingent liabilities at the balance sheet date and the income and expenses for the period then ended. The estimates and associated assumptions are based on historical experience and/or various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual amounts could differ from these estimates. The unaudited financial results for the nine month period have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, the significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on amounts recognised in the financial statements, or which have a risk of material adjustments in the next year are as follows:

##### **(i) Key source of estimation uncertainty**

###### **Employee benefits:**

The amounts recognised in the balance sheet and income statement for pension and other post-employment benefits are determined actuarially using several assumptions. The primary assumptions used in determining the amounts recognized insofar as the defined benefit section of the fund include expected long-term return on plan assets, the discount rate used to determine the present value of estimated future cash flows required to settle the pension and other post-employment obligations and the expected rate of increase in medical costs for post-employment medical benefits.

Any changes in these assumptions will impact the amounts recorded in the financial statements for these obligations.

It is reasonably possible that outcomes within the next financial year that are different from these assumptions could require a material adjustment to the carrying amount reflected in the financial statements.

##### **(ii) There are no critical accounting judgments in applying the group's and the company's accounting policies.**

#### **3. Significant Accounting Policies**

The same accounting policies and methods of computation are followed in the interim financial statements as compared with the most recent annual audited financial statements.

#### **4. Income Tax**

Income tax for the year comprises current and deferred tax based upon taxable profits. Capital gains, which are not subject to taxation, are excluded.

**5. Earnings per Stock Unit**

The calculation of earnings per stock unit is based on the net profit for the period attributable to stockholders and the 485,440,000 issued and fully paid ordinary stock units.

**6. Deferred Tax**

A provision has been made in these financial statements for deferred transfer tax on undistributed reserves of subsidiaries in liquidation.

**7. Tax Assessment**

In 2004, the company's subsidiary, Cigarette Company of Jamaica Limited (in voluntary liquidation) ("CCJ") received assessments for income tax claimed by the Commissioner of Taxpayer Audit and Assessment, subsequently renamed Tax Administration Jamaica (TAJ), for the years 1997 to 2002 amounting to \$5.68 billion. CCJ appealed the assessment. Whilst the appeal was in progress, CCJ paid an amount of \$1.73 billion to TAJ.

On March 13, 2012, after a series of judgements and appeals in lower courts, the Judicial Committee of the Privy Council handed down its decision dismissing the appeal of the TAJ with costs to CCJ. These costs have been taxed and recovered.

On December 30, 2013, the company reached an agreement with the TAJ and the Ministry of Finance & Planning, to recover the \$1.73 billion plus interest of \$1.78 billion on the outstanding sum. To date, TAJ refunded to CCJ by issuing offsets against the estimated tax liability of Carreras Limited in the aggregate amount of \$2.23 billion. The company expects to recover a further \$1.28 billion over the next twelve months.
