CARIBBEAN GROUP

Interim Report to our Shareholders Second Quarter 2017

The Directors are pleased to present the Unaudited Results of the Group for the second Quarter ended November 30, 2016. Revenue for the Quarter was US\$7.13 million, compared to US\$7.78 million in the prior year's Quarter. The US\$656,000 decline in revenue was a direct result of unusual weather patterns, resulting in rough seas across the Caribbean. This saw the Turks and Caicos location, in particular, coming up US\$450,000 short in revenue for the period when compared to prior year's Quarter and short over US\$500,000 when compared with plans. A total of 22 ship calls were cancelled at that location alone for the quarter. The Montego Bay location lost US\$150,000 in revenue while the Negril location was down by US\$93,000 in revenues as well, for the Quarter.

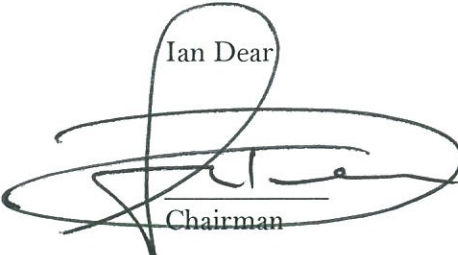

The Caribbean tourism product is always susceptible to disruptions associated with changes in weather patterns. However, the cancellation of twenty-two (22) ship calls in one location is the highest that we have ever recorded for any one Quarter. EBITDA for the Quarter was US\$ 37,700 compared to US\$ 178,000 in the prior year Quarter.

Revenue for the half year is recorded at US\$16.34 million compared to US\$16.45 million in the prior half year, a marginal reduction of US\$ 100,000. The St Thomas location contributed additional revenues of US\$557,000 over prior half year and the Airport location improved by US\$115,000 as well; however, this was nullified by the loss in revenue at the other locations. EBITDA for the half year was US\$ 963,366 compared to US\$ 1,002,130 in the prior half year. The decline in EBITDA for the year to date is concentrated in the second Quarter and is associated with the many ship call cancellations in the period.

Total expenditure increased marginally and in line with plans. Cost of sales of 25.58% for the half year improved marginally compared to 25.77% in the prior half year. Administrative, Promotional and Other Operating Expenses incurred increases associated with contractual obligations for leases and in line with plans for the year. Expenses that vary directly with revenue, such as hourly paid wages, saw the expected reductions but that was not enough to offset the increase in fixed expenditures.

The group successfully negotiated and concluded in September the purchase of all the minority shares in subsidiary company Express Catering Ltd. Express Catering Ltd. owns and manages all of the group's food and beverage interests at the Sangster International Airport in Montego Bay.

We remain confident in the group's direction and opportunities for further growth. The continued support and confidence of our shareholders and partners are appreciated.

2. Basis of preparation

(i) Statement of compliance

These interim financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and have been prepared under the historical cost convention, except for certain non-financial assets measured at fair value.

(ii) Accounting policies.

There have been no changes in accounting policies since the most recent audited accounts as at May 31, 2016.

3. Reporting Currency

The financial statements are prepared and presented in United States dollars, which is the functional currency of all the group's operating companies.

4. Seasonality of Interim Results

The entire operations of the Group are dependent on the Caribbean tourism market. Despite the fairly stable climate, the Caribbean hotel and resort market shows a significant level of seasonality throughout the year. The seasonality is represented by strong occupancies throughout the winter season, typically between December and May. This is offset by lower occupancies between June and November with particularly low occupancies in the months of September and October.
