UNAUDITED RESULTS

FOR FIRST QUARTER ENDED JANUARY 31, 2018

REPORT TO STOCK HOLDERS Three Months Ended January 31, 2018

I

The Board of Directors of Main Event Entertainment Group Limited is pleased to present the Company's unaudited financial statements for the first quarter ending January 31, 2018.

Year-To-Date Performance Highlights:

- Revenues of \$361.409M. An increase of \$28.587M or 8.59%
 - Gross Profit of \$160.480M. An increase of \$28.491M or 21.59%
 - Net Profit of \$32.973M. An increase of \$9.448M, or 40.16%
 - Earnings Per Share of \$0.11. An increase of one cent, or 10%
-

The quarter was a positive one for the Company.

Total revenues for the quarter was a record high of \$361.409 million. This shows an 8.59% growth over \$332.822 million for the same period in 2017. The revenue performance this quarter was driven by expansions in our core business of entertainment and promotions, with increased opportunities coming from our major clients and with the increased revenue opportunities from our growing rental and décor equipment base. Revenues from audio, multimedia and digital signage were average this quarter.

Gross profits of \$160.480 million show a \$28.491 million, or 21.59%, growth over the previous year. Average performances in audio, multimedia and digital signage have had a negative impact on the gross margins; which have narrowed to 44% from 50% in the previous quarter ending October 31, 2017. A growth pattern is still evident when compared to 40% for the same period in 2017.

Other operating income of \$1.866 million includes interest earnings of \$1.808 million realized on short term deposits this quarter; which is not expected to recur at this high level.

The year-to-date increase in administrative, selling and distribution costs, combined, was \$21.358 million, or 20.42%. Depreciation charges, marketing expenses, staff costs and transportation expenses continue to be the major contributing factors; accounting for \$19.161 million (or 90% of the overall increase) in expenses.

Finance costs showed a decrease of \$0.635 million or 15.71% compared to the same period in 2017, due to continuing debt service, and reductions in interest rates and services charges.

Net profit for the three-month period was \$32.973 million, representing a \$9.448 million or 40.16% increase over the corresponding period in 2017.

REPORT TO STOCK HOLDERS

Three Months Ended January 31, 2018

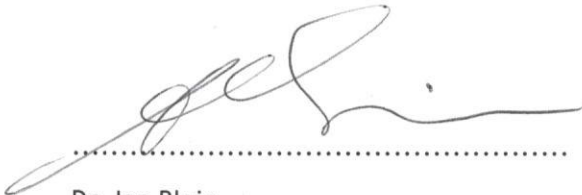

II

The Balance Sheet shows a \$121.362 million or 19.14% increase in total assets when compared to the similar period last year.

For the current year-to-date, the Company has seen a \$36.4909 million growth in total assets and a \$6.774 million increase in loans. Current assets grew by \$23.066 million: the net result of a \$56.464 million increase in receivables; and a \$37.600 million contraction in available cash resources.

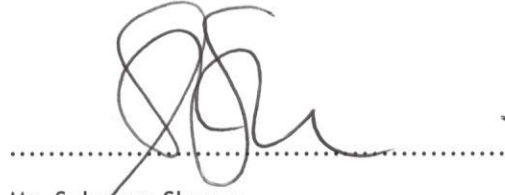

The Company has utilized cash reserves and available credit lines to support its planned capital expenditure this quarter. Total capital expenditure for the quarter was \$34.240 million. Receivables at the end of the period also include \$15.959 million in deposits on capital assets.

The outlook for the current year is good. We plan to continue to innovate and develop our operations. We expect to realize ongoing benefits of modernizing our fleet and from our continuing investments in rental equipment. We are enthusiastic about our ability to leverage our strengths and scale to meet and exceed Customer demands and expectations. We wish to thank our shareholders, employees, customers and other stakeholders for their continued support.
