November 13, 2019

Highlights for the nine (9) months to September 30, 2019

- **Group EBIT increased from \$9.7 million to \$105.3 million YOY**
- **Net Operating Income rose YOY by 37% to \$70.1 million.**
- **Funds from Operations (FFO) rose YOY by 98% to \$42.4 million.**
- **Group rental income up 10% YOY to \$168.1 million**
- **Operating expenses declined YOY by 3% to \$98.0 million.**

We are pleased to present the unaudited consolidated financial statements for the nine months ended September 30, 2019.

OVERVIEW

Our strategy over the last year of reducing our holdings in condominium units in South Florida and focus more on higher income yielding properties in Jamaica and the Cayman Islands continues to yield positive results. The sale of these condos have facilitated the year on year reduction in operating expenses as well as a reduction in our debt stock since the start of the year. Despite the continued weakness in the South Florida condo market, the Group maintains 95% occupancy in the condo units owned in that market. The results for the nine month period to September 30, 2019 also benefitted from fair value gains on some of our properties as well as higher property management income on the properties we manage.

INCOME STATEMENT

The Group posted a 10.3% increase in **rental income** for the nine months ended September 30, 2019 to \$168.1 million from \$152.4 million for the same period in 2018. Rental income for the third quarter to September 30, 2019, improved by 23.3% to \$55.2 million up from \$44.8 million in 2018. The improvement in rental revenue is attributed to the net addition to the property portfolio following the acquisition of the New Kingston property in October 2018. **Group operating expenses** for the third quarter remained relatively flat, decreasing by a mere 0.4% from \$32.1 million for the three months ended September 30, 2018 to \$31.9 million for the same period this year. For the nine months period, the decrease in operating expenses was 3.3% to \$98.0 million from \$101.3 million the prior year. The reduction in operating expenses arose from lower year on year direct property expenses, such as HOA

dues, property taxes and insurance costs attendant on the sale of the Florida condos. Operating results posted an 83.2% increase with **results of operating activities before gains** moving from \$12.7 million in 2018 to \$23.3 million in 2019 for the third quarter. The increase for the first nine months of the year was 37.3%, moving from \$51.1 million in 2018 to \$70.1 million in 2019.

With the disposal of condos during the 2018 review period, the Group recorded a loss before net finance charges of \$14.5 million for the quarter compared with a **profit before net finance charge** of \$44.0 million for the third quarter of 2019. For the first nine months of 2019, this line item amounted to \$105.3 million compared to \$9.7 million in 2018. The year to date figure in 2018 includes a fair value loss on investment properties of \$10.7 million, as well as the loss on disposal of investment property totalling \$34.5 million. By comparison, for the year to date in 2019, the Group recorded fair value gains on investment properties of \$43.8 million and loss on disposal of \$12.2 million.

Net finance costs amounted to \$28.4 million in the third quarter of 2019 and \$66.0 million for the first nine months of the 2019 financial year. This included unrealized exchange losses on translation of foreign currency investments and borrowings amounting to \$16.4 million and \$29.1 million for the third quarter and the year to date period respectively. In 2018, the Group recorded net unrealized gains on translation of foreign currency investments and borrowings of \$7.6 million in the third quarter of 2018 and \$7.7 million for the first nine months of 2018. Translation gains or losses result from the impact the movement of the exchange rate has on our net foreign currency liabilities. Finance Income amounted to \$2.4 million in the first three months of 2019 compared to \$1.2 million for the corresponding period in 2018.

Funds from Operations (FFO) for the first nine months of 2019 amounted to \$42.4 million compared to \$21.5 million in 2018. This represents a year on year improvement of 97.5% and continues the Group's strategy to consistently generate strong cash flows from its operations.

Pre-Tax Profit amounted to \$15.6 million in the third quarter of 2019 and \$39.3 million for the nine months to September 30, 2019. This compares with pre-tax loss of \$22.2 million and a loss of \$20.1 million for the corresponding periods in 2018.

For nine months to September 30, 2019, the Group recorded **income tax charges** of \$4.0 million and \$2.2 million for the third quarter. An **income tax credit** of \$30.4 million was recorded for the three quarters to September 30, 2018 and an income tax charge of \$2.4 million in the third quarter of 2018. The tax credit in 2018 was attributable to the amendment to the US tax code which occurred in December 2017.

Net Profit in the third quarter of financial year 2019 amounted to \$13.4 million while profit for the first nine months amounted to \$35.3 million. This compares to a net loss of \$24.6 million and net profit of \$10.4 million, respectively, reported in 2018.

Total comprehensive income in 2019 amounted to \$31.5 million and \$85.1 million for the third quarter and the nine month period respectively, compared with \$16.7 million and \$95.4 million, respectively, reported in 2018.

BALANCE SHEET

Investment Properties totalled \$2,669.5 million as at September 30, 2019 versus \$2,361.3 million as at September 30, 2018, an increase of 14.3%. The net increase results from the addition to the portfolio of the New Kingston building, as well as fair value improvement on some of our properties, less the disposal of ten (10) condos in Florida over the last year. **Total assets** stood at \$2,905.9 million as at September 30, 2019 compared to \$2,679.5 million the previous year, an increase of 8.4%. This was primarily driven by the new property acquisition in November 2018.

Total loans payable were \$773.6 million at September 30, 2018 compared with \$987.5 million at September 30, 2019 representing a 27.7% year on year increase. The increased loan balance, which is primarily collateralized bank financing, was used as part of our portfolio expansion strategy. The loans are all in US dollars from financial institutions in the US, Jamaica and the Cayman Islands. Our loan interest rates range from 4.0% p.a. to 5.5% p.a.

As a consequence of the reduction in the fair values and disposal losses on some of our US properties, the Group's **deferred tax liabilities** declined from \$43.5 million as at September 2018 to \$34.1 million as at September 30, 2019.

Total Equity has increased marginally from \$1,810.5 million at September 30, 2018 to \$1,839.4 million at September 30, 2019. Total equity per stock unit was \$5.62 as at September 30, 2018 compared with \$5.72 as at September 30, 2019.

SUMMARY AND OUTLOOK

KPREIT will seek to raise approximately \$2.0 billion in additional equity through a renounceable rights issue commencing November 18, 2019. As previously indicated, the Board had approved three strategic imperatives on which we plan to execute over the next three years:

- (1) Significantly increase our equity base to \$10 billion;
- (2) Insulate our operating results against the impact of incessant foreign exchange volatility; and,
- (3) Increase our square footage under management to 1 million square feet.

The proceeds from this rights issue will go towards further expansion of the property portfolio with main focus on Jamaica and the Cayman Islands. This will also see investments in the facilities at both the New Kingston multi-storey office building and the multi-tenant warehouse complex on Spanish Town Road. The New Kingston property is slated to be tenanted by a firm in the ICT industry. A pre-approval has been granted for the property to obtain status under the Special Economic Zone (SEZ) regime.

While we continue to rationalize our South Florida condominium portfolio, we are obviously aware of the economic headwinds being faced by the US economy and will position ourselves for any new opportunities that may arise in that market, which remains the world's largest and most vibrant economy.

UNAUDITED GROUP FINANCIAL STATEMENTS
NINE MONTHS ENDED SEPTEMBER 30, 2019

The board of directors recently approved the change of the Company's functional currency to US dollars (USD), in its preliminary fulfilment of one of the aforementioned strategic imperatives. It is anticipated that this should reduce the level of volatility associated with currency movements and allow for Management and the Board to focus on the underlying economic performance of the Company. The decision was primarily driven by the Company's level of exposure to USD, having regard to the fact that the loan portfolio is denominated entirely in USD and that rental income is predominantly (98%) invoiced and earned in USD. The change will be accounted for in accordance with *IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors*. IAS 8, states that to the extent that a change in accounting estimate gives rise to changes in assets and liabilities, or relates to an item of equity, it is recognized by adjusting the carrying amount of the related asset, liability, or equity item in the period of change. This means that the 2019 audited financial statements will be presented in USD.

In keeping with our philosophy of adopting the tenets of a REIT, that is of paying out to our shareholders in the form of dividends, a significant portion of the funds generated by our operations. A second interim dividend of USD0.00078 per share will be paid to shareholders on record on November 15, 2019. This will bring to a total of USD0.00140 per share paid for the year with an effective dividend yield of approximately 3.2%.

As always, we thank our shareholders and other stakeholders for your continued support as we seek to meet and exceed our corporate objectives.
