MANAGEMENT DISCUSSION AND ANALYSIS

Gross revenues for the third quarter came in at \$367.4 million, representing a 7% decline compared to the prior year. The revenue decline was mainly due to many customers in various distribution channels either being closed or significantly reducing their operations. Gross profits for the same quarter were \$174.0 million, an 8% decline compared to last year, however, gross profit margins ratio remained stable at 47.4%. Other Income comprising fair value gains on quoted securities and exchange gains on foreign currency denominated assets amounted to a gain of \$4.2 million compared to a loss of \$1.9 million in the prior year. Total operating expenses remained flat, at \$154.0 million. The quarter's profit before tax closed at \$22.9 million, a 29% reduction compared to the prior year.

The year-to-date results saw gross revenues come in at \$1.24 billion, or 6% over prior year. Total operating expenses of \$466.9 million were 11% over prior year, whilst profit before tax closed at \$130.4 million or 10% below prior year.

On the statement of financial position, total non-current assets stood at \$633.9 million, a \$44.5 million or 8% increase over the prior year. Cash and cash equivalents of \$234.7 million were up 59% over prior year, whilst shareholders' equity closed the period at \$829.6 million, compared to \$729.7 million in the prior year.

During the quarter, Honey Bun paid special homage to our Nurses, who are on the frontline of our fight against Covid-19 through our Donuts for Nurses program. We extend a special thank you to them at this time. We also take this opportunity to thank our loyal customers, directors, employees and other stakeholders for their continued support.

NOTES TO THE INTERIM FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Honey Bun (1982) Limited (the "Company") is a limited liability company incorporated under the laws of Jamaica. Its principal activities comprise the manufacture and distribution of baked products to the local and export markets. The Company operates within Jamaica from its registered office located at 26 Retirement Crescent, Kingston 5.

The Company's shares were listed on the Junior Market of the Jamaica Stock Exchange (JSE) on 3 June 2011.

2. BASIS OF PREPARATION

This condensed consolidated interim financial information has been prepared in accordance with IAS 34, Interim financial reporting.

The condensed interim financial information should be read in conjunction with the annual audited financial statements for the year ended 30 September 2019, which have been prepared in accordance with IFRSs and comply with the provisions of the Jamaican Companies Act.

3. ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these un-audited financial statements are consistent with those used in the audited financial statements for the year ended 30 September 2019.

4. USE OF ESTIMATES AND JUDGMENTS

The preparation of interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 30 September 2019.

(i) Property, plant and equipment:

Items of property, plant and equipment are stated at cost less accumulated depreciation.

Unaudited Financial Statements For the nine months ended June 30, 2020

USE OF ESTIMATES AND JUDGMENTS (CONTINUED)

(ii) Depreciation:

Depreciation is recognized on profit or loss on the straight line basis, over the estimated useful lives of property, plant and equipment.

(iii) Borrowings:

Borrowings are recognized initially as the proceeds received net of transaction costs incurred. Borrowings are subsequently stated at amortized cost using the effective interest method with any difference between proceeds net of transactions costs and the redemption value recognized in income along with regular interest charges over the period of the borrowings.

5. SEASONALITY OF OPERATIONS

Due to the seasonal nature of the Company's revenue streams, operating profits are usually expected to be higher in the first half of the year. The Christmas and Easter holidays fall within the first nine months of the financial year when sale of the Company's products reflect uneven revenue.

6. EXCEPTIONAL ITEMS

Items that are material either because of their size or their nature that are non-recurring are highlighted separately in the income statement. The separate reporting of exceptional items helps provide a better picture of the Company's underlying performance.

7. EARNINGS PER STOCK UNIT

The Earnings per Stock Unit (EPS) is computed by dividing the profit for the period by the number of shares in issue for the period of 471,266,950.

8. SHARE CAPITAL
