

Sagcor Group Jamaica

Q3 2021 PERFORMANCE REPORT

DIRECTORS' STATEMENT

On behalf of the Board of Directors of Sagcor Group Jamaica Limited (SGJ or the Group) we present the report on the performance of our Group of companies for the nine-months ended September 2021.

OVERVIEW –

The Group reported net profit attributable to shareholders of \$13.03 billion year to date, a 26% increase over prior year. In the third quarter the group recorded net profits attributable to shareholders of \$8.18 billion, a 37% increase over the comparative 2020 period. The Individual Life insurance segment reported strong results underpinned by new business sales and portfolio growth. The commercial and investment banking segments benefited from the partial market rebound, experiencing improved transaction volumes and resulting fee income. Earnings per share improved to \$3.34 (September 2020- \$2.65). The Group continues to operate in a challenging environment with uncertainty remaining around further COVID-19 variants and their possible impact on the economy. Nonetheless, the Group remains focused on protecting the health of its team members and delivering the best possible service to its customers.

FINANCIAL PERFORMANCE

Total revenues generated were \$73.15 billion, being \$12.95 billion or 22% higher than the prior year. A significant contributor to this growth was the \$6.09 billion improvement in Realized and Unrealised Gains that were driven by price recovery in marketable securities and an increase in activity in the securities trading markets. Premium and Fee Income growth was offset by increases in Benefits, a direct result of rising medical costs and death claims as the pandemic continues to impact our portfolios.

Net premium income increased by 3% compared to prior year, a result of strong new business sales within the Group. Net investment income increased by 17% over the last quarter and 8% over the prior year, a corollary of the increase in the Group's interest earning asset base. The Group recorded an increase of \$5.3 billion in unrealised capital gains over the comparative period, indicative of the recoveries in the market value of securities within our respective portfolios. The Group experienced substantially lower ECLs, due in part to recoveries of outstanding loan and credit card balances in the Commercial Banking segment. Fee and other income of \$12.43 billion increased by \$2.11 billion compared to prior year as the Group benefited from the increased economic activity in our commercial and investment banking lines. Hotel revenue associated with our remaining portfolio assets showed strong growth in the third quarter compared to prior year.

The Group continues to maintain a strong liquidity position, with cash holdings of \$32.14 billion and has grown its asset base by 7% when compared to the prior year. Stockholders' Equity of \$114.31 billion as at September 2021 increased by 13% over the prior year, with an annualized return of 16%.

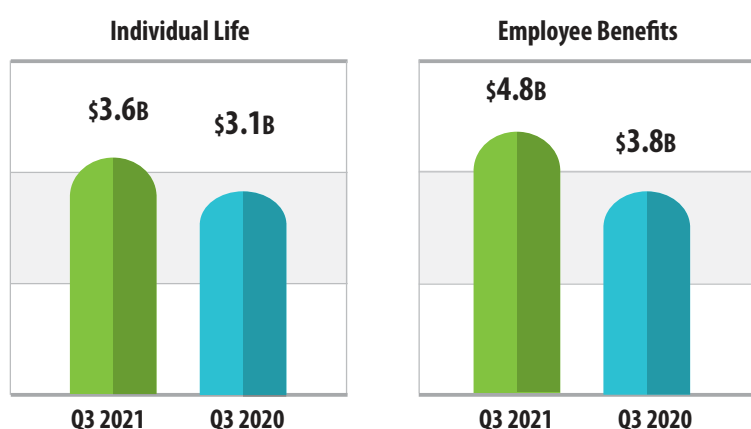

Individual Insurance

The Individual Life segment posted net profits of \$6.74 billion, 14% higher than 2020. The segment continues to grow new business in Jamaica and Cayman, seeing 5% growth in its portfolio of policies. Net revenue showed significant growth over the comparative 2020 period of 46% or \$8.50 billion, \$2.07 billion and \$5.91 billion of this increase were from Net Premium and Realised and Unrealised Gains, respectively.

Employee Benefits

The Employee Benefits segment produced profits of \$2.56 billion, lower than the prior year (\$3.48 billion). The segment continues to be impacted by rapidly rising medical costs and health claims, which contributed to a 7% increase in benefits incurred compared to the prior year. Net Premiums earned of \$14.1 billion, includes 24% growth in new annualized premium income. The joint venture in Costa Rica continued its strong performance and contributed \$705 million (2020: \$193 million) to net profit for the period.

NEW ANNUALIZED PREMIUM INCOME (API)

Commercial Banking

Net profit of \$2.12 billion represents a significant (41%) improvement over the prior year (\$1.50 billion). Fee based income of \$3.23 billion surpassed the prior year (\$2.89 billion), credit card business revenue (\$1.72 billion) represents a 13.4% increase over prior year. The segment saw a decline in its ECL provision of \$985 million compared to 2020, largely due to significant recoveries on outstanding facilities and credit quality improvement in several segments of the loan portfolio since the start of the year.

Total assets of \$170.13 billion increased by 9% against prior year and 8% since December 2020. Loans and advances, net of provision for loan losses increased by \$3.66 billion and \$3.62 billion compared to December 2020 and September 2020 respectively. Customer deposit liabilities grew by 5% against prior year and 4% in comparison to December 2020 to close at \$127.29 billion.

Investment Banking

The Investment Banking segment contributed \$2.04 billion to the Group's net profit a 7% decrease over prior year. Total revenue decreased by 3% due to lower Realized and Unrealised Capital Gains. However, net investment income increased by \$453 million, a product of strong growth in interest earning assets. During the quarter the segment improved its fee income from capital market transactions and asset management showing growth of 8% against the prior year.

LIQUIDITY AND SOLVENCY

Group consolidated cash generated from investing activities was bolstered by \$13.60 billion from the sale of the entire block of Playa shares in January 2021. The liquidity of the Group has remained strong with Cash and Cash Equivalents at the end of September 2021 being \$30.95 billion (September 2020: \$31.03 billion). The Group continues to exceed regulatory capital requirements across all of its entities.

CORPORATE SOCIAL RESPONSIBILITY

In the third quarter of 2021, Sagicor Group Jamaica through the Sagicor Foundation continued to provide support to various organisations and groups, strengthening its support to the communities in which we operate by providing relief and assistance, primarily in the areas of health and education.

During the period July to September, the Group's Corporate Social Responsibility (CSR) arm was especially focused on back-to-school activities and support for the educational sector. The Sagicor Foundation assessed over 1,000 scholarship applications for its tertiary scholarship programmes and interviewed some 60 shortlisted applicants for final selection of 31 awardees.

Renovation activities amounting to \$21 million dollars for the three schools under the 2020/2021 Adopt-A-School programme were completed during the period, providing much needed infrastructural upgrades for Beeston Spring Early Childhood Institution in Westmoreland, Cornwall Gardens Basic School in St. James, and Sligoville Early Childhood Development Centre in St. Catherine. The nomination process for the 2021/2022 programme opened in August to new applicants.

During the period, significant donations were made to include a joint partnership with Boss furniture to donate beds and mattresses valued at \$1.5 million dollars to the St Joseph's hospital; the Group also donated US\$12,000 towards the development of the Field Hospital at the University Hospital of the West Indies. Other donations included- \$250,000 to the Preemie Foundation of Jamaica; \$250,000 to the Jamaica Environment Trust; \$200,000 to the UN Women Guild's Scholarship programme and several other donations in kind; one of the most significant being care packages for a Sickle Cell Care Package drive.

In support of students learning from home, the Foundation continues to donate tablets to educational institutions to help students with their online learning. To date,

1. (L-R) Sagikor Life Jamaica Executive Vice President, Employee Benefits Division, Willard Brown, presents a cheque to University Hospital of the West Indies (UHWI) Medical Chief of Staff Dr Carl Bruce and CEO Kevin Allen, and Minister of Health and Wellness Dr Christopher Tufton. Sagikor is among the private sector entities that pooled together to raise over 50 million dollars for the construction of the emergency field hospital at UHWI, which will accommodate up to 60 patients at when all 24 modular units are installed.

2. St Joseph's Hospital CEO Leon Dixon (left) bumps elbows with Sagikor Foundation Executive Director Alysia White and Boss Furniture chairman and co-founder Omar Azan as he receives a joint donation of 30 new beds for the hospital.

3. Daniellia White (left), podcaster and entertainment hub founder, accepts a case of the liquid meal supplement, Supligen, from Shamar Clarke, financial adviser, Sagikor Life Jamaica, at the company's head office in New Kingston last Friday. Sagikor Foundation donated groceries to support White's initiative aimed at providing 500 care packages to persons battling sickle cell disease in observance of Sickle Cell Awareness Month, which is celebrated in September.

the Foundation has donated over 100 tablets. Laptop donations also started during this period, helping to support educators as they navigate the online teaching space.

Overall, the Group and the Foundation CSR efforts continue to be driven by its pillars of supporting initiatives in health and education, consistent with our vision of "being a great company committed to improving the lives of the people in the communities in which we operate."

OUTLOOK

The Jamaican economy's growth trajectory remains challenged by the downside risks associated with the COVID-19 pandemic given that Jamaica has one of the lowest vaccination rates in the region. The slowdown in economic activity in major sectors has the potential to further impact employment and inflation. In response to this, the Bank of Jamaica (BOJ) raised its benchmark interest rate by 100bps on September 30th in an attempt to curb spending. In August 2021, BOJ projected real GDP growth to be in the range of 7% to 10% and stood by its inflation rate projections of 4% to 6% over the coming two years.

The healthcare industry has experienced rising expenses as the cost of drugs, hospital stays and medical procedures showed significant increases during the year. Fitch, forecasts that the BOJ's recent increase in policy rates will likely filter through to make credit more expensive for business and households as well as to place a ceiling on investment growth in the quarter ahead. A decrease in the financial health of businesses and households has also given a rise to a greater proportion of

non-performing loans, an increase of 0.2% at the end of April 2021 per the BOJ.

The protracted school closures pose a dire threat to a generation of Jamaican youth and must be a priority for the nation in order to safeguard our country's social and economic continuity.

Encouragingly, tourism is forecasted by the Minister of Tourism, Edmund Bartlett to earn US\$2 billion for 2021; this renewed activity is expected to drive real GDP growth of 4.6% in 2021 and 4.1% in 2022, according to ratings agency, Fitch. S&P upgraded Jamaica to B+ with a stable outlook as at October 2021 citing "economic recovery will strengthen and government finances will return to surplus this year".

These developments are likely to continue to influence the financial sector in the medium-term and call for a large, multi-faceted participant like ourselves to manage our various business lines prudently while remaining alert for possible opportunities that may arise in such an environment.

In this context, Sagikor Group Jamaica continues to have confidence in the fiscal policies being pursued by the Government and remains optimistic about the future of the economy. We are steadfast in our commitment to the health and wellbeing of our team, our clients and the citizens in the countries in which we provide services.

ACKNOWLEDGEMENT

Our Team Members, Financial Advisors and Brokers are the heart and soul of Sagikor Group Jamaica and we would like to express our deepest gratitude for their continued tremendous positive work ethic in contributing to our customers, especially in these

times of uncertainty. To our customers, thank you for the trust and confidence you repose in us; we are Sagikor Strong in our commitment to help you navigate these challenging times. Thank you to our supportive business partners and to our stockholders for the continued support and not least, our Directors for their diligence, wise counsel and continued guidance.

Explanatory Notes
1. Identification and Principal Activities

Sagikor Group Jamaica Limited (SGJ), the company) is incorporated and domiciled in Jamaica and is listed on the Jamaica Stock Exchange. It is 32.45% (2020 – 32.45%) owned by LOJ Holdings Limited (LOJH) which is also incorporated and domiciled in Jamaica and 16.66% owned by Sagikor Life Inc. (SLI) which is domiciled in Barbados. Both LOJH and SLI are wholly owned by Sagikor Financial Company Limited (Sagikor), the ultimate parent company, which is incorporated and domiciled in Bermuda. Sagikor has an overall interest of 49.11% (2020 – 49.11%) in the company. The other significant shareholder in SGJ is PanJam Investment Limited with a 30.20% (2020 – 30.20%) holding.

The registered office of the Sagikor Group Jamaica Limited is located at 28 - 48 Barbados Avenue, Kingston 5, Jamaica.

Sagikor Group Jamaica comprises many companies offering a wide range of financial products and services. These include life and health insurance; property and casualty insurance; annuities; pensions administration; investment services; commercial banking; investments banking; captives management; property management and real estate sales and rentals.

2. Basis of preparation

These condensed consolidated financial statements should be read in conjunction with the accounting policies and other disclosures as set out in the full audited financial statements with disclosure notes for the year ended 31 December 2020.

3. Accounting estimates and judgements

Certain amounts recorded in these unaudited consolidated financial statements reflect estimates and assumptions made by management about

insurance liability reserves, investment valuations, interest rates and other factors. Actual results may differ from the estimates and assumptions made. Interim results are not necessarily indicative of full year results.

4. Impact of COVID-19

Since the start of 2020, bond yields, equity prices and oil prices have fallen sharply and on the local side, so too has the Jamaica Stock Exchange (JSE) combined index. Key sectors of the Jamaican economy particularly, tourism, remittances, manufacturing, transportation, logistics and related sectors have experienced significant disruption. Sagikor Group Jamaica continues to experience the impact from the economic downturn. These financial results have been adversely impacted in multiple areas including: ECL, unrealized capital losses, hotel operations and impairment of goodwill.

5. Disposal of interest in PLAYA

On 15 January 2021, the Group completed the disposal of its 14.87% (20,000,000 Ordinary Shares) equity interest in Playa Hotels and Resorts N.V. (Playa) for a net cash consideration of US\$96,000,000 (approximately J\$13,604,000,000). Sale of the shares occurred in a public offering of 11,499,000 Ordinary Shares held by the Group, concurrent to an underwritten public offering of 25,000,000 new shares by Playa at a public offering price of US\$5.00 per share. These transactions were simultaneous with an assignment of an additional 8,501,000 ordinary shares held by the Group to Sagikor Financial Corporation Limited, for cash consideration, at a price equal to the price offered through the public offering less commission expenses associated with the public offering. A disposal loss of approximately J\$233,089,000 is recognized upon completion of this disposal in 2021.
