FINANCIAL STATEMENTS DECEMBER 31, 2021

KPMG P.O. Box 436 6 Duke Street Kingston Jamaica, W.I. +1 (876) 922 6640 firmmail@kpmg.com.jm

INDEPENDENT AUDITORS' REPORT

To the Members of KINGSTON PROPERTIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the separate financial statements of Kingston Properties Limited ("the Company") and the consolidated financial statements of the Company and its subsidiaries ("the Group"), set out on pages 8 to 52, which comprise the Group's and Company's statements of financial position as at December 31, 2021, the Group's and Company's statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and the Company as at December 31, 2021, and of the Group's and Company's financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) and the Jamaican Companies Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants, including International Independence Standards (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Report on the Audit of the Financial Statements (Continued)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters and how they were addressed in our audit

1. Valuation of investment property

The valuation of the Group's investment property requires significant estimation, which is impacted by uncertainty of market factors, pricing assumptions and general business and economic conditions.

Our audit procedures in response to this matter included the following:

- We used our own valuation specialists to assess the reasonableness of the valuation methodologies employed by management, including management experts, where applicable, and the fair value conclusions for a sample of properties at the valuation date. We considered the provisions of IFRS 13 Fair Value Measurement; reviewed the sources of data and underlying assumptions utilised to value the properties; performed a search for similar transactions and listings to assess potential fair value changes that occurred within the period.
- We evaluated the independence and qualification of management's valuation experts, where applicable, to determine that the valuations were done with appropriate independence and free of management bias.
- We assessed the adequacy and appropriateness of the Group's investment property disclosures, including the valuation techniques and significant unobservable inputs in accordance with IFRS 13 Fair Value Measurement.

2. Fair value of investments

The valuation of the Group's unquoted investments has been identified as an area of significant risk, given that the measurement of the unquoted investments includes significant assumptions and judgements about expected cashflows and the determination of the discount rate to be applied.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Report on the Audit of the Financial Statements (Continued)

2. Fair value of investments (continued)

Management has determined the fair value of the unquoted investments using the income capitalisation approach, in the absence of a quoted price for the instrument on a trading market.

Our audit procedures in the area included the following:

- We engaged our internal valuation specialist to evaluate the application of the valuation methodology and the reasonableness of the assumptions used in determining the discount rate, by comparing the discount rate with published market and industry data and other relevant information.
- We assessed the reasonableness of the cash flow projection by:
 - (i) comparing the input data provided by management with independent data sources, supporting documents and information; and
 - (ii) challenging management's assumptions such as, the timing, amounts and future growth of the cash flows by obtaining an understanding of the relevant activities of the company and determining whether there may be variations to the contractual cash flows expected.
- We tested the mathematical accuracy of the cash flow projections and the adequacy and appropriateness of the Group's disclosures against the requirements of IFRS 13 Fair Value Measurement (see notes 12 and 26).

Other information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Report on the Audit of the Financial Statements (Continued)

Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to The Board of Directors.

Responsibility of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS_and the Jamaican Companies Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is included in the Appendix to this auditors' report. This description, which is located at pages 6-7, forms part of our auditors' report.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Report on additional matters as required by the Jamaican Companies Act

We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

In our opinion, proper accounting records have been maintained, so far as appears from our examination of those records, and the financial statements, which are in agreement therewith, give the information required by the Jamaican Companies Act in the manner required.

The engagement partner on the audit resulting in this independent auditors' report is Karen Ragoobirsingh.

Chartered Accountants Kingston, Jamaica

March 1, 2022

KPMG

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Appendix to the Independent Auditors' Report

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of KINGSTON PROPERTIES LIMITED

Appendix to the Independent Auditors' Report (continued)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The accompanying notes form an integral part of the financial statements.

Notes to the Financial Statements December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

1. Identification and principal activities

Kingston Properties Limited ("the Company") is incorporated in Jamaica under the Companies Act. The Company is domiciled in Jamaica, with its registered office at 7 Stanton Terrace, Kingston 6, and the principal place of business at Building B, First Floor, 36-38 Red Hills Road, Kingston 10. The Company is listed on the Jamaica Stock Exchange.

The Company has five wholly owned subsidiaries:

- (i) Kingston Properties (St. Lucia) Limited, incorporated in St. Lucia under the International Business Companies Act; and its wholly-owned subsidiary Kingston Properties Miami LLC, incorporated in Florida under the Florida Limited Liability Company Act
- (ii) KP (Reit) Jamaica Limited, incorporated in Jamaica under the Companies Act.
- (iii) KP Dumfries Limited, incorporated in Jamaica on February 16, 2021 under the Companies Act.
- (iv) On December 29, 2021 KPREIT (St Lucia) Limited was incorporated in St Lucia but did not commence operation until January 2022.

The Company and its subsidiaries are collectively referred to as "the Group". In these financial statements 'parent' refers to the Company and 'intermediate parent' refers to Kingston Properties (St. Lucia) Limited.

The principal activity of the Group is to make accessible to investors, the income earned from the ownership of real estate properties in Jamaica and selected international markets.

2. Statement of compliance and basis of preparation

(a) Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") and the relevant provisions of the Jamaican Companies Act ("the Act").

New and amended standards and interpretations that became effective during the year:

Certain new and amended standards came into effect during the current financial year, none of which resulted in any changes to the amounts recognised in the financial statements.

New and amended standards and interpretations that are not yet effective:

At the date of authorisation of these financial statements, certain new and amended standards and interpretations have been issued which were not effective for the current year and which the Group has not early adopted. The Group has assessed them with respect to its operations and has determined that the following are relevant:

• Amendments to IAS 37 *Provision*, Contingent Liabilities and Contingent Assets is effective for annual periods beginning on or after January 1, 2022 and clarifies those costs that comprise the costs of fulfilling the contract.

Notes to the Financial Statements (Continued)
December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

(a) Statement of compliance (continued)

New and amended standards and interpretations that are not yet effective (continued):

• Amendments to IAS 37 Provision, Contingent Liabilities and Contingent Assets (continued)

The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs – e.g. direct labour and materials; and an allocation of other direct costs – e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract. This clarification will require entities that apply the 'incremental cost' approach to recognise bigger and potentially more provisions. At the date of initial application, the cumulative effect of applying the amendments is recognised as an opening balance adjustment to retained earnings or other component of equity, as appropriate. The comparatives are not restated.

The Group does not expect the amendment to have a significant impact on its financial statements.

- Annual Improvements to IFRS Standards 2018-2020 cycle contain amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 9 Financial Instruments, IFRS 16 Leases, IAS 41 Agriculture, and are effective for annual periods beginning on or after January 1, 2022.
 - (i) IFRS 9 Financial Instruments amendment clarifies that for the purpose of performing the '10 per cent test' for derecognition of financial liabilities in determining those fees paid net of fees received, a borrower includes only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.
 - (ii) IFRS 16 *Leases* amendments removes the illustration of payments from the lessor relating to leasehold improvements.
 - (iii) The amendments to IAS 41 *Agriculture* remove the requirement to exclude cash flows for taxation when measuring fair value, thereby aligning the fair value measurement requirements in IAS 41 with those in IFRS 13 *Fair Value Measurement*.

The Group does not expect the amendments to have a significant impact on its financial statements.

• Amendments to IAS 1 *Presentation of Financial Statements*, will apply retrospectively for annual reporting periods beginning on or after 1 January 2023. The amendments promote consistency in application and clarify the requirements on determining if a liability is current or non-current.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

(a) Statement of compliance (continued)

New and amended standards and interpretations that are not yet effective (continued):

• Amendments to IAS 1 Presentation of Financial Statements (continued)

Under existing IAS 1 requirements, companies classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. As part of its amendments, the requirement for a right to be unconditional has been removed and instead, now requires that a right to defer settlement must have substance and exist at the end of the reporting period. A company classifies a liability as non-current if it has a right to defer settlement for at least twelve months after the reporting period. It has now been clarified that a right to defer exists only if the company complies with conditions specified in the loan agreement at the end of the reporting period, even if the lender does not test compliance until a later date.

With the amendments, convertible instruments may become current. In light of this, the amendments clarify how a company classifies a liability that includes a counterparty conversion option, which could be recognised as either equity or a liability separately from the liability component under IAS 32. Generally, if a liability has any conversion options that involve a transfer of the company's own equity instruments, these would affect its classification as current or non-current. It has now been clarified that a company can ignore only those conversion options that are recognised as equity when classifying liabilities as current or non-current.

The Group does not expect the amendment to have a significant impact on its financial statements.

• Amendments to IAS 1 *Presentation of Financial Statements* are effective for annual periods beginning on or after January 1, 2023 and may be applied earlier. The amendments help companies provide useful accounting policy disclosures.

The key amendments to IAS 1 include:

- requiring companies to disclose their *material* accounting policies rather than their *significant* accounting policies;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

(a) Statement of compliance (continued)

New and amended standards and interpretations that are not yet effective (continued):

• Amendments to IAS 1 Presentation of Financial Statements (continued)

The amendments are consistent with the refined definition of material:

"Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements".

The Group is assessing the impact that the amendment will have on its financial statements.

• Amendments to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors are effective for periods beginning on or after 1 January 2023, with early adoption permitted .The amendments introduce a new definition for accounting estimates: clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy.

Developing an accounting estimate includes both:

- selecting a measurement technique (estimation or valuation technique) e.g. an estimation technique used to measure a loss allowance for expected credit losses when applying IFRS 9 *Financial Instruments*; and
- choosing the inputs to be used when applying the chosen measurement technique e.g. the expected cash outflows for determining a provision for warranty obligations when applying IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*.

The effects of changes in such inputs or measurement techniques are changes in accounting estimates

The Group is assessing the impact that the amendment will have on its financial state.

(b) Basis of measurement

The financial statements are prepared on the historical cost basis, except for investment property and investments in real estate funds which are measured at fair value.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

(c) Functional and presentation currency

The financial statements are presented in United States dollars (\$), the Group's functional currency, unless otherwise indicated.

(d) Use of judgements and estimates

The preparation of the financial statements in conformity with IFRS requires management to make estimates and judgements that affect the selection of accounting policies and the reported amounts of, and disclosures relating to, assets, liabilities, contingent assets and contingent liabilities at the reporting date and the income, expenses, gains and losses for the period then ended. Actual amounts could differ from those estimates. The estimates and the assumptions underlying them, are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period of the revision and future periods if the revision affects both current and future periods. The critical judgements made in applying accounting policies and the key areas of estimation uncertainty that have the most significant effect on the amounts recognised in the financial statements, and or that have a significant risk of material adjustment in the next financial period, are as follows:

(i) Judgements:

For the purpose of these financial statements, judgement refers to the informed identification and analysis of reasonable alternatives, considering all relevant facts and circumstances, and the well-reasoned, objective and unbiased choice of the alternative that is most consistent with the agreed principles set out in IFRS.

The key relevant judgements are as follows:

(1) Classification of financial assets

The assessment of the business model within which the assets are held and assessment of whether the contractual terms of the financial asset are solely payments of principal and interest (SPPI) on the principal amount outstanding requires management to make certain judgements on its business operations.

(2) Impairment of financial assets

Establishing the criteria for determining whether credit risk on the financial asset has increased significantly since initial recognition, determining the methodology for incorporating forward-looking information into the measurement of expected credit losses (ECL) and the selection and approval of models used to measure ECL requires significant judgement.

(3) Accounting for Investments at fair value through profit or loss (FVTPL)

Kingston Properties Miami LLC (KPM) acquired a 36% interest in an unquoted investment during the year. However, the Company did not apply the equity method of accounting and recorded this as a FVTPL investment since KPM does not have significant influence over the operation of this entity [see note 12(b)].

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

- (d) Use of judgements and estimates (continued):
 - (ii) Key assumptions concerning the future and other sources of estimation uncertainty:
 - (1) Valuation of investment property

Investment property is measured at fair value. Given the infrequency of trades in comparable properties in some cases, and therefore the absence of a number of observable recent market prices, fair value is less objective and requires significant estimation, which is impacted by the uncertainty of market factors, pricing assumptions and general business and economic conditions [see note 11(c)].

(2) Impairment of financial assets

In determining amounts recorded for impairment of financial assets in the financial statements, management makes assumptions in determining the inputs to be used in the ECL measurement model, including incorporation of forward-looking information. Management also estimates the likely amount of cash flows recoverable on the financial assets in determining loss given default.

(3) Taxation

Recognition of current and deferred tax involves judgement and estimates, given that the Group is subject to special tax rules in respect of its investment property operations, particularly in the United States of America.

This includes the application of the Internal Revenue Service (IRS) 1031 Exchange Capital Gains Real Estate Tax Deferment rules, under which the Group is allowed to sell investment property and reinvest the proceeds in ownership of like-kind property, and thereby defer the capital gains taxes.

(4) Valuation of investments at fair value through profit or loss (FVTPL)

Management uses its judgement in selecting the appropriate valuation techniques to determine fair value of financial instruments. The estimates of fair value arrived at may be significantly different from the actual price of the instrument in an actual arm's length transaction (see note 12).

3. Significant accounting policies

The Group has consistently applied the accounting policies set out below to all periods presented in these financial statements.

(a) Consolidation

The consolidated financial statements combine the financial position, results of operations and cash flows of the Company and its subsidiaries (note 1), after eliminating intra-group amounts.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(a) Consolidation (continued)

(i) Subsidiaries

Subsidiaries are entities controlled by the Company. Control exists when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the investee. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

(ii) Transactions eliminated on consolidation

Intra-group balances and any unrealised gains and losses or income and expenses arising from intra-group transactions are eliminated in preparing the consolidated financial statements. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(b) Investment in subsidiaries

Investments in subsidiaries (note 1) are accounted for at cost less, impairment losses, if any, in the separate financial statements.

(c) Cash and cash equivalents

Cash and cash equivalents are measured at amortised cost. For the purposes of the statement of cash flows, cash and cash equivalents comprise cash on hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

(d) Accounts payable and accrued charges

Accounts payable and accrued charges are measured at amortised cost.

(e) Receivables

Receivables are measured at amortised cost less impairment losses, if any.

(f) Related parties

A related party is a person or entity that is related to the Group.

- (i) A person or a close member of that person's family is related to the Group if that person.
 - (1) has control or joint control over the Group;
 - (2) has significant influence over the Group; or
 - (3) is a member of the key management personnel of the Group.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

- (f) Related parties (continued)
 - (ii) An entity is related to the Group if any of the following conditions applies:
 - (1) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (2) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (3) Both entities are joint ventures of the same third party.
 - (4) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (5) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (6) The entity is controlled, or jointly controlled by a person identified in (i).
 - (7) A person identified in (i)(1) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (8) The entity, or any member of a group of which it is a part provides key management services to the Group.

A related party transaction is a transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

(g) Foreign currencies

(i) Transactions in foreign currencies are translated to the functional currencies at the exchange rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the foreign exchange rates ruling at that date.

The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the period.

(ii) Exchange differences arising on settlement of monetary items or on reporting the Group's monetary items at rates different from those at which they were initially recorded during the period or reported in previous financial statements, are recognised as income or expense in the period in which they arise. Non-monetary assets and liabilities that are denominated in foreign currencies and are measured at historical cost are translated at the foreign exchange rate ruling at the date of the transaction.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(g) Foreign currencies (continued)

(ii) (Continued)

Non-monetary assets and liabilities that are denominated in foreign currencies and are carried at fair value are translated to the functional currency at the foreign exchange rates ruling at the dates that the fair values were determined. Foreign currency differences arising on translation are recognised in profit or loss, except for differences arising on the translation of investment in equity securities designated as at FVOCI (except on impairment, in which case foreign currency differences that have been recognised in OCI are reclassified to profit or loss).

Exchange differences arising on a monetary item that, in substance, forms a part of the Company's net investment in a foreign entity is included in equity in these financial statements until the disposal of the net investment, at which time they are recognised as income or expense.

(h) Impairment of financial assets

The Group recognises a loss allowance for expected credit losses (ECL) on financial assets that are measured at amortised cost. At each reporting date, the loss allowance for the financial asset is measured at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. If at the reporting date, the financial asset has not increased significantly since initial recognition, the loss allowance is measured for the financial asset at an amount equal to twelve month expected credit losses. A significant increase in credit risk is assumed to have occurred if there has been deterioration in the counterparty's performance and ability to pay.

The Group uses judgement when considering the following factors that affect the determination of impairment:

Macroeconomic factors, forward looking information and multiple scenarios

The Group applies an unbiased and probability weighted estimate of credit losses by evaluating a range of possible outcomes that incorporates forecasts of future economic conditions. Macroeconomic factors and forward looking information are incorporated into the measurement of ECL as well as the determination of whether there has been a significant increase in credit risk since origination. Measurement of ECL at each reporting period reflect reasonable and supportable information at the reporting date about past events, current conditions and forecasts of future economic conditions.

For trade receivables, the Group applies the simplified approach to providing for expected credit losses, which allows the use of a lifetime expected loss provision matrix.

The lifetime ECL are determined by taking into consideration historical rates of default for each segment of aged receivables as well as the estimated impact of forward-looking information.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(i) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. In these financial statements, financial assets comprise receivables, cash and cash equivalents, investment at FVTPL instruments, restricted cash and owed by subsidiaries. Financial liabilities comprise accounts payable, loan payable and owed to subsidiaries.

Financial assets

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

The financial assets that meet both of the following conditions and are not designated as at fair value through profit or loss: a) are held within a business model whose objective is to hold assets to collect contractual cash flows, and b) whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are classified as "Held to collect" and measured at amortised cost.

Amortised cost represents the net present value ("NPV") of the consideration receivable or payable as of the transaction date. This classification of financial assets comprises the following captions:

- Cash and cash equivalents
- Receivables
- Related party receivables

Due to their short-term nature, the Group initially recognises these assets at the original invoiced or transaction amount less expected credit losses.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as described in their individual policy notes.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(i) Financial instruments (continued):

Financial assets (continued)

Classification and subsequent measurement (continued)

Impairment of financial assets

For trade receivables, the Group applies the simplified approach to providing for expected credit losses, which allows the use of a lifetime expected loss provision. The lifetime ECLs are determined by taking into consideration historical rates of default for each segment of aged receivables as well as the estimated impact of forward-looking information.

The Group recognises a loss allowance for expected credit losses on other financial assets that are measured at amortised cost. At each reporting date, the loss allowance for the financial asset is measured at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. If at the reporting date, the financial asset has not increased significantly since initial recognition, the loss allowance is measured for the financial asset at an amount equal to twelve month expected credit losses [see note 3(h)].

Derecognition

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired, or the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings, plus directly attributable transaction costs. The Group's financial liabilities include accounts payable, loans payable and owed to subsidiaries, which are recognised initially at fair value.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as described in their individual policy notes.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(i) Financial instruments (continued):

Financial liabilities (continued)

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, with the difference in the respective carrying amounts recognised in the consolidated statement of comprehensive income.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(j) Capital

(i) Classification

Ordinary shares are classified as equity when there is no obligation to transfer cash or other assets.

(ii) Share issue costs

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds of issue.

(iii) Repurchase and reissue of ordinary shares (treasury shares)

When the Company repurchases its own stock, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is shown as a deduction from equity. The repurchased shares are classified as treasury shares and are presented in the treasury share reserve.

(iv) Dividends

Dividends are recorded in the financial statements in the period in which they are declared and become irrevocably payable.

(k) Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income, in which case it is also recognised in other comprehensive income.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(k) Income tax (continued)

Current income tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred income tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on laws that have been enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets or liabilities. For this purpose the carrying amount of investment property measured at fair value is presumed to be recovered through sale.

A deferred tax asset is recognised only to the extent that management can demonstrate that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Current and deferred tax assets and liabilities are offset in the statement of financial position if they apply to the same tax authority.

Recognition of current and deferred tax involves judgement and estimates given that the Company's subsidiary, Kingston Properties Miami LLC, is subject to special tax rules in respect of its investment property operations in the United States.

The subsidiary participates in the Internal Revenue Service (IRS) 1031 Exchange Capital Gains Real Estate Tax Deferment on the disposal of investment property, which requires that the subsidiary:

- (i) Identify a replacement property within 45 days.
- (ii) Exchange the property the earliest of:
 - (a) 180 days after it sells the relinquished property
 - (b) The due date of the income tax return that would include the property sale.
- (iii) Not receive cash from the sale prior to the exchange. It may use a qualified intermediary to hold such cash prior to the exchange.

(l) Furniture and equipment

(i) Items of office equipment and furniture are measured at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of an asset. The cost of replacing part of an item is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably.

The costs of day-to-day servicing of office equipment, software and furniture are recognised in profit or loss as incurred.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(1) Furniture and equipment (continued)

(ii) Depreciation is recognised in profit or loss on the straight-line basis over the estimated useful life of the asset. The depreciation rates for furniture and equipment are as follows:

Computer and accessories 20% Furniture and fixtures 10%

(m) Investment property

Investment property comprises commercial complexes of offices and warehouses, residential condominiums and a commercial manufacturing building held for long-term rental yields and capital gain.

Investment property is initially recognised at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day servicing of investment property. Subsequent to initial recognition, investment property is measured at fair value.

Fair value is determined every two years by an independent registered valuer, and in each intervening year by management. Fair value is based on current prices in an active market for similar properties in similar location and condition. Any gain or loss arising from a change in fair value is recognised in profit or loss.

(n) Borrowings

Borrowings are recognised initially at fair value net of transaction costs incurred. Borrowings are subsequently measured at amortised cost and any difference between net proceeds and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(o) Revenue recognition

Rental and maintenance income are recognised as the related services are consumed.

A contract with a customer that results in a recognised financial instrument in the Group's financial statements may be partially in the scope of IFRS 9 and partially in the scope of IFRS 15. If this is the case, then the Group first applies IFRS 9 to separate and measure the part of the contract that is in the scope of IFRS 9 and then applies IFRS 15 to the residual.

Performance obligations and revenue recognition policies:

The nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies are as follows:

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

3. Significant accounting policies (continued)

(o) Revenue recognition (continued)

Types of services	Nature and timing of satisfaction of performance obligations, including significant payment terms	Revenue recognition under IFRS 15.
Rental income	The Group rents property. Rentals are charged on a monthly basis and are based on fixed rates agreed.	Revenue from rental is recognised over time as the services are provided.
Management fees	The Group provides maintenance service for its commercial office spaces. Fees are calculated based on a fixed percentage of the rental income and is charged monthly.	time as the service is

(p) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expense that relate to transactions with any of the Group's other components. All operating segments for which discrete information is available are reviewed regularly by the Group's Board of Directors to make decisions about resource allocation and to assess performance.

Segment results that are reported to the Board include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment.

(q) Securities purchased under agreements to resell

Securities purchased under agreements to resell are transactions in which the Group makes funds available to institutions by entering into short-term secured agreements with those institutions. They are accounted for as short-term collateralised lending. The difference between purchase and resale considerations is recognised as interest income on the effective interest basis over the term of the agreement.

(r) Assets held-for-sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale, rather than through continuing use.

Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognised in profit or loss.

(s) Employee benefits

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or reduction in future payment is available.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

4. Rental income

Rental income represents gross revenues from investment properties owned by the Group in Jamaica, Cayman Islands and United States.

Effective rate of tax	2.54%	(<u>2.57%</u>)	<u>0%</u>	3.78%

(c) Although tax losses may be carried forward indefinitely in Jamaica, the amount that can be utilised in any one year is restricted to 50% of chargeable income for that year.

Income tax losses, available for set-off against future taxable profits, amounted to approximately \$671,562 for the Company and \$1,219,948 for the Group (2020: \$387,099 for the Company and \$1,025,427 for the Group).

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

8. <u>Income tax (credit)/charge (continued)</u>

(c) Although tax losses may be carried forward indefinitely in Jamaica, the amount that can be utilised in any one year is restricted to 50% of chargeable income for that year (continued).

The balances and movements on deferred tax are as follows:

			Group		
	Balance at	Recognised	Balance at	Recognised	Balance at
	December	in profit	December	in profit	December
	31, 2019	or loss	31, 2020	or loss	31, 2021
Investment					
property	\$35,976	(35,976)	-	(28,700)	(28,700)
Investments	-	-	-	130,152	130,152
Tax losses			-	(<u>49,979</u>)	(<u>49,979</u>)
	\$ <u>35,976</u>	(<u>35,976</u>)		<u>51,473</u>	51,473

9. Profit for the year

The following are among the items charged in arriving at the profit for the year:

	Gro	oup	Company	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
	\$	\$	\$	\$
Auditors' remuneration (note 5)	52,621	60,521	29,013	33,688
Key management personnel Compensation Directors' remuneration: fees (note 5)	295,010	227,617	295,010	227,617
	63,750	47,450	31,875	23,725

Key management personnel comprise the Board of Directors, Chief Executive Officer, Chief Financial Officer and the Senior Manager of Operations.

10. Earnings per stock unit

The earnings per stock unit is computed by dividing the profit for the year of \$3,018,312 (2020: \$612,725), attributable to the Company's stockholders, by a weighted average number of stock units issue during the year, determined as follows:

C y ,	<u>2021</u>	<u>2020</u>
Ordinary stock units at January 1 Effect of repurchasing stock units	677,662,399 (<u>7,751</u>)	677,713,643 (<u>48,855</u>)
	677,654,648	677,664,788
Weighted average number of ordinary stock units held during the year	677,654,648	677,664,788
Earnings per stock unit (USD)	\$ <u>0.0045</u>	0.0009
Earnings per stock unit (JMD)	\$ <u>0.7011</u>	0.1300

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

11. <u>Investment property (continued)</u>

- (b) The carrying amounts of investment property have been determined as follows (continued):
 - (ii) The fair value measurement for investment properties is classified as Level 3.

Valuation techniques and significant unobservable inputs:

The following table shows the valuation techniques used in measuring the fair value of investment property, as well as the significant unobservable inputs used.

Valuation techniques	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Investment approach: The valuation model examines the price an investor would be prepared to pay for the right to receive a certain income stream.	 Expected market rental growth Yields Rental rates 	The estimated fair value would increase/(decrease) if: • Expected market rental growth were higher (lower); The occupancy rate were higher (lower)
The model considers the present value of net cash flows to be generated from the property, taking into account expected rental growth rate, and current rental rates. The estimated net cash flows are discounted using current yields. Among other factors, the yield estimation considers the quality of a building and its location, tenants' credit quality and lease terms.		 Rent-free periods were shorter (longer); or Yields were lower (higher)
Sales comparison approach: The approach relies heavily upon the principle of substitution. Recent sales of similar properties are gathered and a meaningful unit of comparison is developed. A comparative analysis of the subject is done, involving consideration for differences in location, time, terms of sales and physical characteristics.	Sales of similar properties	The estimated fair value would increase/(decrease) if: • Sales prices of similar properties were higher/(lower)

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

11. <u>Investment properties (continued)</u>

- (b) The carrying amounts of investment property have been determined as follows (continued):
 - (ii) The fair value measurement for investment properties is classified as Level 3 (continued).

Valuation techniques	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Income approach: This approach converts anticipated annual net income into an indication of value. This process is called capitalisation, and involves multiplying the annual net income by a factor or dividing it by a rate that weighs such considerations such as risk, time, and return on investment.	Annual net income	The estimated fair value would increase/(decrease) if: • Annual net income was higher/(lower) • Capitalisation multiple was higher/(lower)

- (c) (i) The fair value of investment property as at the reporting date is based on estimates of open market value, which may be defined as the best price at which an interest in a property might reasonably be expected to be sold by private treaty at the date of valuation, assuming:
 - a willing seller;
 - a willing buyer;
 - a reasonable period in which to negotiate a sale, taking into account the nature of the property and state of the market;
 - values are expected to remain stable throughout the period of market exposure and disposal by way of sale;
 - the property will be freely exposed to the market;
 - that no account has been taken of any possible additional bid(s) reflecting any premium in price which might be forth-coming from a potential purchaser with a special interest in acquiring the premises; and
 - that the subject premises, in its current zoned use class, can be sold, exchanged, transferred, let, mortgaged or used for any other economic activity, within its land use class, in the open market.
 - (ii) The Spanish Town Road Commercial Complex and the property located at Grenada Crescent were revalued as at December 31, 2021, by independent valuators, NAI Jamaica: Langford and Brown.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

11. <u>Investment properties (continued)</u>

- (c) (Continued)
 - (iii) The Red Hills Road Commercial Complex was revalued as at December 31, 2020, by independent valuators, NAI Jamaica: Langford and Brown, of Kingston, Jamaica.
 - (iv) The condominiums located W. Ft. Lauderdale and Opera Towers were revalued by management as at December 31, 2021 while the W. Ft. Lauderdale was revalued by Laroucca Appraisals Inc. on December 30, 2020.
 - (v) The Rosedale Warehouses and Tropic Centre were revalued by independent valuators, DDL Studio Limited, of the Cayman Islands as at December 15, 2021 and December 15, 2020 respectively.
 - (vi) The Harbour Centre and East Ashenhiem Road properties were purchased less than two years and their purchase cost is assumed to approximate the fair values as at December 31, 2021.
- (d) Gross rental income from investment properties are as disclosed in note 4.
- (e) Property operating expenses are as follows:

	Group		Com	pany
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Homeowners' association fees	93,171	177,702	-	-
Insurance premiums	124,476	86,179	82,185	42,889
Property taxes	52,594	108,302	8,199	6,074

	\$ <u>399,594</u>	<u>454,169</u>	124,371	<u>68,510</u>

- (f) A total of 6 residential condominiums located in Miami and Fort Lauderdale, Florida were sold during the year (2020: 6 units). Of the number of properties sold in 2021, one was classified as held for sale in 2020.
- (g) At the end of the year the following properties were held-for-sale:

	Gro	<u>Group</u>	
	<u>2021</u>	<u>2020</u>	
	\$	\$	
W. Ft. Lauderdale condominiums	497,250	-	
Opera Tower Miami condominium		<u>240,000</u>	

These were subsequently sold in January 2022 and January 2021 respectively. This is included under United States of America in note 24.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

12. Investments at fair value through profit or loss

	Group	
	<u>2021</u>	<u>2020</u>
	\$	\$
CGI Fund (a)	1,206,504	1,085,219
Polaris at Camp Creek LLC (b)	<u>2,244,659</u>	
	<u>3,451,163</u>	<u>1,085,219</u>

(a) During the prior year the Miami subsidiary invested in 1,000,000 units in CGI Fund I. The fund is managed by CGI Investment Management LLC and the investment is measured at fair value and categorised as Level 3 in the fair value hierarchy.

The following table shows the valuation techniques and significant unobservable inputs used. Fair value gain of \$121,288 (2020: \$85,219) was recognised during the year. Further, the Company received dividend of \$68,622 in respect of this investment.

Valuation technique	Significant unobservable inputs	Range of input
Income capitalisation approach	 Overall capitalization rate Discount rate Term Terminal capitalisation rate Growth rate 	5-7.75% 7.25-7.75% up to 10 years 5.25-6.25% 1.0-3.0%

(b) <u>Subscription fund units</u>

During the year the Company acquired 1,831,391 units in Polaris at Camp Creek LLC, a Delaware limited liability company (Polaris). Polaris was formed to acquire and develop a multi-family property in Atlanta, USA thereby providing members with commercial real estate opportunities via subscription for units in the company. The investment is measured at fair value.

The fair value measurement of the units is categorised as Level 3 and the following table shows the valuation techniques and significant unobservable inputs used.

Valuation technique	Significant unobservable inputs	Range of input
Income capitalisation approach	 Overall capitalization rate Discount rate Term Terminal capitalisation rate Growth rate 	5.03% 10.89% up to 5 years 6.07% 2.8%

During the year fair value gain of \$413,265 was recognised in respect of this investment and the Company received dividend of \$7,000.

	\$ <u>20,201,760</u>	14,585,395

(i) During 2020, the Company invested \$8,101,065 in Kingston Properties (St. Lucia) Limited for the purpose of acquiring investment properties in the region.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

14. <u>Investment in subsidiaries (continued)</u>

- (ii) The funds borrowed is the portion of an amount that the Company borrowed from Kingston Properties (St. Lucia) Limited (previously Carlton Savannah Reit (St. Lucia), which it on-lent to Kingston Properties Miami LLC for the purpose of acquiring condominiums in Miami in 2010.
- (iii) Kingston Properties Miami LLC has no share capital; the parent's sole ownership and control of by virtue of the intermediate parent (note 1) being its sole member. The loan to this subsidiary constitutes the parent's investment in this subsidiary.
- (iv) KP (Reit) Jamaica Limited was formed in 2018; this represents the amount paid for shares in KP (Reit) Jamaica Limited.
- (v) This represents the amount to be payable for shares in KPREIT (St. Lucia) Limited. KPREIT (St. Lucia) Limited was formed in 2021 [See note 16(a)(v)].

15. Deposit on investment properties

The Group's subsidiary, Kingston Properties (St Lucia) Limited entered into an agreement to purchase a warehouse property in Cayman Islands for a value of CI\$2,585,000. This deposit represents 40% of the purchase price paid and the remaining 60% will be paid over the next year on the successful completion of the construction of the property.

16. Related party transactions

(a) The statement of financial position includes balances with related parties, arising in the normal course of business as follows:

	Company	
	<u>2021</u>	2020
Owed by subsidiaries:		
Kingston Properties Miami LLC (i)	1,585,658	-
Kingston Properties Dumfries Limited (ii)	1,218,328	
	\$ <u>2,803,986</u>	
Owed to subsidiaries:		
KP (Reit) Jamaica Limited (iii)	163,706	218,139
Kingston Properties (St. Lucia) Limited (iv)	2,351,979	-
KPREIT (St. Lucia) Limited (v)	<u>5,616,365</u>	
	\$ <u>8,132,050</u>	<u>218,139</u>

- (i) This represents amounts advanced by the Company to Kingston Properties Miami LLC for investment purposes. The advance is interest free with no repayment date.
- (ii) This represents amounts advanced to Kingston Properties Dumfries Limited to assist in the purchase of an investment property, net of operating income collected by the Company on behalf Kingston Properties Dumfries Limited.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

16. Related party transactions (continued)

- (a) The statement of financial position includes balances with related parties, arising in the normal course of business as follows (continued):
 - (iii) This represents rental income collected by the Company on behalf KP (Reit) Jamaica Limited.
 - (iv) This represents advances to the Company by Kingston Properties (St. Lucia) Limited, which the Company invested in Jamaican assets. The advance is interest free with no repayment date.
 - (v) This represents invested capital committed to the new subsidiary, KPREIT (St. Lucia) Limited. As at year end the amount was not paid to the subsidiary [See note 14(v)].
- (b) The statement of profit or loss and other comprehensive income includes expenditures incurred with related parties arising in the normal course of business as follows:

	Group		Com	Company	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	2020	
	\$	\$	\$	\$	
Legal fees and other					
expenses (See note below)	42,502	3,706	33,432	3,706	
Directors' fees (note 5)	<u>63,750</u>	<u>47,750</u>	<u>31,875</u>	<u>23,725</u>	

Legal fees and other expenses were incurred on acquisition of certain properties and these have been capitalized under the cost of the respective investment property.

(c) The movement in the allowance of ECL during the year is as follows:

	<u>Company</u>		
	2021	<u>2020</u>	
Balance as at January 1	-	210,606	
Net remeasurement of allowance of ECL		(<u>210,606</u>)	
Balance as at December 31	\$		

Amount due from the related parties are considered low credit risk as these parties have intention and ability to settle these balances. No allowance for impairment is recognised.

Notes to the Financial Statements (Continued)

	\$ <u>581,436</u>	<u>595,223</u>	<u>456,891</u>	<u>346,316</u>

The movement in the allowance for ECL during the year is as follows:

	Gr	Group		Company	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	
Balance at January 1 Net remeasurement of	30,381	27,390	1,992	3,317	
allowance for ECL	15,000	2,991	10,000	(_1,325)	
Balance at December 31	\$ <u>45,381</u>	30,381	11,992	<u>1,992</u>	

18. Cash and cash equivalents

	Gr	oup	Con	npany
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Current accounts Securities purchased under	581,866	1,785,665	283,076	686,173
resale agreements	<u>2,127,142</u>	<u>3,568,206</u>	<u>644,779</u>	
Less: Restricted cash	2,709,008 (<u>1,969</u>)	5,353,871 (<u>482,134</u>)	927,855 (<u>1,969</u>)	686,173 (<u>2,134</u>)
	\$ <u>2,707,039</u>	<u>4,871,737</u>	<u>925,886</u>	<u>684,039</u>

As at December 31, 2021 and 2020 the fair value of the underlying securities purchased under resale agreements approximated the carrying values. Restricted cash represents funds being held in reserve under conditions of the loan agreements with National Commercial Bank Jamaica Limited, Terra Bank N.A. and RBC Royal Bank (note 21).

19. Share capital and reserves

A. Share capital

Authorised capital:

2,000,000,000 (2020: 1,000,000,000) ordinary stock units of no-par value.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

19. Share capital and reserves (continued)

2021 2020

A. Share capital (continued)

Issued and fully paid: 677,652,928 (2020: 677,662,399) ordinary stock units

\$25,316,337 25,316,779

During the year, the capital was reduced to reflect cancellation of 9,471 stock units, which were bought back. Holders of ordinary shares are entitled to dividends as declared from time to time and are entitled to one vote per share at general meetings of the Company.

At an Extra-ordinary General Meeting held on February 23, 2021, the Company's ordinary shareholders approved a resolution to increase the number of authorised ordinary shares from 1,000,000,000 to 2,000,000,000.

B. Currency translation reserve

The Group and the Company changed its' functional currency effective from December 31, 2019. All resulting exchange differences in this transition were recognised through other comprehensive income and reflected in the currency translation reserve.

20. <u>Treasury shares</u>

The repurchase of the Company's stock units is conducted on the open market through the Company's stockbrokers, consequent on a decision of the Board of Directors. During the year, the Company repurchased 9,471 (2020: 50,000) stock units at a cost of \$442 (2020: \$2,231). At December 31, 2021 the Company held Nil (2020: Nil) of its stock units.

21. Loans payable

Non-current portion	\$ <u>11,869,797</u>	12,788,595	<u>3,792,979</u>	4,202,695	

(i) This represented a loan of \$2,200,000 from Terra Bank N.A., a financial institution in Florida, payable by Kingston Properties Miami LLC. The loan was for a duration of ten (10) years at an interest rate of 4%.

The loan was secured by a first mortgage on ten (10) condominium units, being one (1) residential unit located at 3250 NE 1st Avenue in Miami, Florida and nine (9) residential condominiums at The Loft located at 135 NE 2nd Avenue, Miami, Florida. The loan balance was fully paid in January 2021.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

21. Loans payable (continued)

(ii) This represents three loans of \$6,000,000, \$1,900,000 and \$1,550,000 from RBC Royal Bank in the Cayman Islands, payable by Kingston Properties (St. Lucia) Limited.

The loan of \$1,900,000 is for the refinancing of the previous loan of \$1,500,000 and the loans of \$6,000,000 and \$1,550,000 is to finance the purchase of a new commercial property.

The loans are for a duration of fifteen (15) years at interest rates of 3 % and 3.5%.

The loans are secured by a debenture over the properties of Kingston Properties (St. Lucia) Limited located at West Bay Beach South, Block 12C, Parcel 198 H1-H12, Tropic Centre and Strata Plan 755, West Bay Beach South, Block 19A, Parcel 50 H5-H12, Rosedale Warehouses.

- (iii) This represents loans of \$2,160,000 and \$2,900,000 payable by Kingston Properties Limited. Interest rates are 5.5% and 5.25% respectively, fixed for two years and thereafter at 3 month LIBOR plus 3.75%.
- (iv) The loan of \$2,160,000 was used to refinance the National Commercial Bank Jamaica Limited loan. The loan is for a duration of 7 years and is secured by a first legal mortgage over commercial property located at 36-38 Red Hills Road, Kingston.

The loan of \$2,900,000 was used to purchase commercial property at 52-60 Grenada Crescent, Kingston 5. Jamaica. The loan is for a duration of 10 years and is secured by commercial property located at 52-60 Grenada Crescent.

The company requested and was granted a moratorium on principal and interest payments on two loans from April 24, 2020 until September 24, 2020. At the end of the moratorium period, accrued interest was capitalised and added to the outstanding principal balance. The maturity dates on the loan was extended by six months to February 24, 2026 and April 30, 2029 respectively, and the outstanding balance was re-amortized over the remaining term.

(v) This represents a senior secured bridge loan obtained from Victoria Mutual Investments Limited in the amount of JMD700,000,000 at an interest rate of 6.4%. The loan is for a duration of 13 months and was used to finance the acquisition of 232A Spanish Town Road and Rousseau Road properties as well as other capital projects and working capital support during the year.

Transaction costs of approximately \$73,794 and \$84,188 were incurred in obtaining loans (i) and (ii) respectively, while transactions costs of approximately \$12,582 and \$16,893 were incurred in obtaining the FCIB loans. During the year there was an additional transaction cost associated with the FCIB loans for annual review of \$25,194. Transaction costs of \$85,195 were incurred in obtaining the loan from Victoria Mutual Investments Limited.

These costs are deducted from the loan balances and are being amortised over the lives of the loans using the effective interest method.

Notes to the Financial Statements (Continued)

The Company paid a dividend of \$0.0007 (2020: \$0.00059) per share unit on March 11, 2021 as the first interim dividend for 2021 and a second interim dividend for 2021 of \$0.0007 on July 23, 2021 (2020: \$ Nil) per unit.

24. Segment reporting

The Group has three operating segments. Internal management reports are reviewed monthly by the Board. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Board. Segment reports are used to measure performance, as management believes that such information is the most relevant in evaluating the results of each segment compared to other entities that operate within these industries. Information regarding the reportable segments is as follows:

			2021		
		United States	Cayman

During the year, revenue from two (2020: two) customers of the Group represented approximately \$515,838 or 17% (2020: \$401,517 or 18%) of the Group's total revenue.

25. Financial instruments and financial risk management

The Group has exposure to credit, liquidity, and market risks, which arise in the ordinary course of its business. This note presents information about the Group's exposure to each of the above-listed risks and the Group's objectives, policies and processes for measuring and managing risk.

The risk management policies are established and implemented by the directors to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered.

No derivative instruments are presently used by the Group to mitigate, manage or eliminate exposure to financial instrument risks.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

25. Financial instruments and financial risk management (continued)

(a) Credit risk

Credit risk is the risk of a financial loss arising from a counter party to a financial contract failing to discharge its obligations. The Group manages this risk by establishing policies for granting credit and entering into financial contracts. The Group's credit risk is concentrated, primarily in investment in real estate funds, cash and cash equivalents, receivables and reverse repurchase agreements.

Exposure to credit risks

The maximum credit exposure, the total amount of loss that the Group would suffer if every counterparty to its financial assets were to default at once, is represented by the carrying amount of the financial assets shown on the statement of financial position at the reporting date, as there is no off-balance-sheet exposure to credit risk.

- (i) Cash and cash equivalents are held with financial institutions and collateral is not required for such accounts, as management regards the institutions as strong.
- (ii) The Group manages credit risk related to receivables by limiting exposure to specific counterparties and by monitoring settlements.
- (iii) Securities purchased under resale agreements expose the Group to credit losses as there is a risk that the counterparty will fail to fulfill its contractual obligations. The Group manages this risk by contracting only with counterparties that management considers to be financially sound.
- (iv) Investment in real estate fund expose the Group to credit losses as there is a risk that the counterparty will fail to fulfill its contractual obligations. The Group manages this risk by contracting only with counterparty that management considers to be financially sound.

Expected credit loss assessment

Trade receivables:

The Group uses a provision matrix to measure ECLs of trade receivables. The provision matrix is based on its historical observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates, determined by a probability weighted approach.

Loss rates are calculated based on the probability of a receivable balance progressing through successive stages of delinquency to write-off, the economic conditions over the expected lives of the receivables and other macro-economic factors such as foreign currency exchange rates, interest rates and Gross Domestic Product (GDP).

		<u>69,826</u>	1,992			

Cash and cash equivalents and securities purchased under resale agreements:

Risks relating to cash and bank balances and securities purchased under resale agreements are limited because the counterparties are banks and financial institutions with high credit rating. Accordingly, management does not expect any counterparty to fail to meet its obligations.

Impairment on cash and cash equivalents and securities purchased under resale agreements has been measured at 12- month expected loss basis and reflects the short maturities of the exposures. The Group considered that cash and resale agreements have low credit risk.

Allowance for ECL was not recognised as the computed ECL was considered immaterial, at the transition date and the reporting date.

Related party balances:

The Group assesses each subsidiary's ability to pay if payment is demanded at the reporting date. Management reviews recovery scenarios considering given economic conditions and the borrowers' liquidity over the expected life of the recoverable. The expected credit losses are calculated on this basis.

(b) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at, or close to, its fair value. Prudent liquidity risk management requires the Group to maintain sufficient cash and marketable securities, monitor future cash flows and liquidity on a daily basis and have funding available through an adequate amount of committed facilities.

Notes to the Financial Statements (Continued)

December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

25. Financial instruments and financial risk management (continued)

(b) Liquidity risk (continued)

The Group is not subject to any externally imposed liquidity requirements and there has been no change in the Group's approach to managing its liquidity risk during the year.

The following table presents the contractual maturities of financial liabilities, including interest payments, on the basis of their earliest possible contractual maturity.

			Group

There has been no change in the Group's exposure to liquidity risk or the manner in which it measures and manages risk.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

25. Financial instruments and financial risk management (continued)

(c) Market risk

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual security or its issuer, or factors affecting all securities traded in the market.

Such risks arise from open positions in interest rate, currency and equity products, all of which are exposed to general and specific market movements and changes in the level of volatility of market rates or prices, such as foreign exchange and interest rates. The elements of market risk that affect the Group are as follows:

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value of, or the cash flows from, financial instruments will vary because of exchange rate fluctuations. The Group is exposed to foreign currency risk on transactions that it undertakes in foreign currencies. The main foreign currency giving rise to this risk is the Jamaican dollar (JMD). The Group ensures that the risk is kept to an acceptable level by matching Jamaican currency assets with Jamaican currency liabilities, to the extent practicable.

The exposure to foreign currency risk at the reporting date was as follows:

	Gro	up	Company		
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	
	JMD	JMD	JMD	JMD	
Foreign currency assets:					
Cash	22,751,436	27,290,419	10,743,114	24,458,451	
Receivables	57,454,577	45,328,929	46,674,359	42,250,673	
Securities purchased					
under resale agreements	100,000,000		100,000,000		
	180,206,013	72,619,348	157,417,473	66,709,124	
Foreign currency liabilities: Loans Payables and accrued	(700,000,000)	-	(700,000,000)	-	
charges	(26,732,313)	(17,046,110)	(18,850,751)	(<u>9,164,547</u>)	
Net foreign currency assets	\$(<u>546,526,300</u>)	55,573,238	(<u>561,433,278</u>)	57,544,577	

Sensitivity to foreign exchange rate movements

An 8% (2020: 6%) weakening of the Jamaica dollar against the United States dollar at December 31, 2021 would have decrease the profit of the Group and the Company by \$288,366 (2020: \$22,199) and \$296,232 (2020: \$22,986), respectively. The analysis assumes that all other variables, in particular, interest rates, remain constant.

A 2% (2020: 4%) strengthening of the Jamaica dollar against the United States dollar at December 31, 2021 would have increase the profit of the Group and the Company by \$72,092 (2020: \$16,341) and \$74,058 (2020: \$16,920) respectively, on the basis that all other variables remain constant.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

25. Financial instruments and financial risk management (continued)

(c) Market risk (continued)

(i) Foreign currency risk (continued)

Sensitivity to foreign exchange rate movements (continued)

The following rates of exchange of JMD for one US\$ applied for the year:

	Average rate		Re	Reporting date spot rate			
	<u>2021</u>	<u>2020</u>	20:	2021)20	
			Buying	Selling	Buying	Selling	
	JMD	JMD	JMD	JMD	JMD	JMD	
United States Dollar (US\$)	<u>151.62</u>	143.27	152.75	<u>155.09</u>	140.77	<u>142.65</u>	

(ii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate or that cashflows will vary due to changes in market interest rates. The Group takes on exposure to the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The Group manages this risk by monitoring market interest rates.

Even though there is no formally predetermined gap limits, to the extent judged appropriate, the maturity profile of the Group's financial assets is matched with that of the financial liabilities. Where gaps occur, management expects that its monitoring will, on a timely basis, identify the need to take quick action to close a gap, if it becomes necessary. The Group was not subject to significant interest rate risk, at the reporting date.

Interest-bearing financial assets mainly comprise securities purchased under resale agreements, which have been contracted at fixed interest rates for the duration of their terms. Interest-bearing financial liability comprise loans payable.

Sensitivity to interest rate movements

The Group's exposure to interest rate risk arises from its loan payable with RBC Royal Bank, all other loans are at fixed rates of interest. Any change in interest rate would not have a material impact on profit or loss.

There has been no change in the Groups' exposure to market risk or the manner in which it measures and manages risk.

Notes to the Financial Statements (Continued) December 31, 2021

(Expressed in United States Dollars unless otherwise stated)

26. Fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

The fair value of cash and cash equivalents, reverse repurchase agreements, receivables, owed by subsidiary, accounts payable and owed to subsidiary are considered to approximate their carrying values due to their relatively short-term nature.

The carrying value of non-current loan is assumed to approximate fair value, as the terms of the loan reflects normal commercial considerations.

IFRS 13 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. These two types of inputs have created the following fair value hierarchy:

- Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable either
 directly (i.e., as prices) or indirectly (i.e., derived from prices). This category includes
 instruments valued using quoted market prices in active markets that are considered less
 than active or other valuation techniques in which all significant inputs are directly or
 indirectly observable from market data.
- Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and those inputs have a significant effect on the instrument valuation. This category includes instruments that are valued based on prices for similar instruments for which significant adjustments or assumptions are made to reflect differences between the instruments.

Accounting classification and fair values:

The Company's and the Group's investments measured at fair value are classified at Level 3 in the fair value hierarchy. There were no transfers between levels during the year.

Valuation techniques used in measuring the fair value, as well as the significant unobservable inputs used are disclosed in note 12.

27. Capital management

The Company's capital consists of total equity and long-term loans. The Board's policy is to maintain capital at a level which balances the need for the Group to be financially strong and be able to sustain future development of the business, with the need for dividend payments. The Board of Directors monitors the return on capital, which it defines as profit after tax divided by total stockholders' equity. The Board also seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the security afforded by a sound capital position. The Company is not subject to any externally imposed capital requirements other than the Jamaica Stock Exchange requirement to maintain positive equity.

28. Impact of Covid-19

The World Health Organisation in March 2020 declared the novel coronavirus, COVID-19, as a global pandemic. A number of measures to reduce the spread of the virus have been implemented in the countries where the Group operates, and these measures have had adverse economic effects on the financial operations of some stakeholders. The Group has therefore implemented measures to minimise the impact of the pandemic on its operations.

Based on management's assessment the Group has not been significantly impacted as there were no changes to existing rent agreements due to the global pandemic, no significant revenue fallout or rent concessions and the Group continued its expansion strategy by increasing its investment property portfolio during the year. The Group continues to experience great resilience in its operations with higher than expected occupancy and significant growth in Group revenues.

Management believes that although it may take a while to return to full normalcy, having assessed the COVID-19 impact and various possible outcomes, all necessary measures are in place to ensure the continuity of the Group.

29. Subsequent events

Restructuring of subsidiaries

On January 3, 2022, the Company transferred 100% of its shareholdings in Kingston Properties (St. Lucia) Limited to KPREIT (St Lucia) Limited, a wholly owned subsidiary of the Company.

On January 4, 2022 Kingston Properties (St. Lucia) Limited was re-domiciled in the Cayman Islands by way of continuation, and its name changed on the said date to KPREIT (Cayman) Limited.
