## Report on the Audit of the Financial Statements

We have audited the consolidated and stand-alone financial statements of Medical Disposables & Supplies Limited (“the Company”) and its subsidiaries (together the Group) which comprise the consolidated and stand-alone statement of financial position as at March 31, 2022, the consolidated and stand-alone statement of profit or loss and other comprehensive income, consolidated and stand-alone statement of changes in equity and consolidated and stand-alone statement of cash flows for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion, the consolidated and stand-alone financial statements give a true and fair view of the consolidated and stand-alone financial position of the Group and the Company as at March 31, 2022, and of the consolidated and stand-alone financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) and the Jamaican Companies Act.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group and Company in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

We have determined there are no key audit matters to communicate in our report.

### Responsibilities of Management and Those Charged with Governance for the Consolidated and Stand-alone Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS and the Jamaican Companies Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and stand-alone financial statements, management is responsible for assessing the Group’s and Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group’s and Company’s financial reporting process.

## Independent auditors' report (cont'd)

To the Members of  
Medical Disposables & Supplies Limited

### **Report on the Audit of the Financial Statements (cont'd)**

#### **Auditor's Responsibilities for the Audit of the Consolidated and Stand-alone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated and stand-alone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and stand-alone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group or Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and stand-alone financial statements, including the disclosures, and whether the consolidated and stand-alone financial statements represent the underlying transactions and events in a manner that presents a true and fair view.

## Independent auditors' report (cont'd)

To the Members of  
Medical Disposables & Supplies Limited

### **Report on the Audit of the Financial Statements (cont'd)**

Auditor's Responsibilities for the Audit of the Consolidated and Stand-alone Financial Statements (cont'd)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and Company to express an opinion on the consolidated and stand-alone financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Report on additional matters as required by the Jamaican Companies Act**

We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit. In our opinion, proper accounting records have been maintained, so far as appears from our examination of those records, and the financial statements, which are in agreement therewith, give the information required by the Jamaican Companies Act, in the manner required.

The Engagement Partner on the audit resulting in this independent auditor's report is Sixto P. Coy.

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 1. Identification and principal activities

Medical Disposables & Supplies Limited (the Company) is a limited liability company and was incorporated under the Laws of Jamaica on November 27, 1998. The Company is domiciled in Jamaica with registered offices located at 83 Hagley Park Road, Kingston 10, Jamaica. The main activity during the year was the sale of pharmaceutical, medical and other supplies.

Medical Disposables & Supplies Limited is the parent company of Cornwall Enterprises Limited. The subsidiary is 60% owned by the Company. The Company and its subsidiary are referred to as the Group.

The Company's shares were listed on the Junior Market of the Jamaica Stock Exchange on December 24, 2013.

#### Subsidiary

The subsidiary incorporated in Jamaica, with operating activities as follows:

Company	Shareholdings	Main activities
Cornwall Enterprises Limited	60%	Retail and wholesale of Pharmaceutical, medical and other supplies

### 2. Summary of significant accounting policies

#### a Basis of preparation

These consolidated and stand-alone financial statements have been prepared in accordance with and comply with International Financial Reporting Standards (IFRS) and have been prepared under the historical cost convention as modified by the revaluation of certain fixed and financial assets, investment properties and financial liabilities.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2t.

#### Standards, interpretations and amendments to published standards effective in the current year

Certain new standards, interpretations and amendments to existing standards have been published that became effective during the current financial year. The Group has assessed the relevance of all such new standards, interpretations and amendments and has put into effect the following:

**Amendments to IAS 1 and IAS 8 on the definition of material.** These amendments to IAS 1, 'Presentation of financial statements', and IAS 8, 'Accounting policies, changes in accounting estimates and errors', and consequential amendments to other IFRSs: i) use a consistent definition of materiality throughout IFRSs and the Conceptual Framework for Financial Reporting; ii) clarify the explanation of the definition of material; and iii) incorporate some of the guidance in IAS 1 about immaterial information.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies

#### a Basis of preparation (cont'd)

**Standards, interpretations and amendments to published standards effective in the current year (cont'd)**

**Amendments to IFRS 9 IAS 39, IFRS 4, IFRS 16 and IFRS 7- Interest rate benchmark reform.** These amendments provide certain reliefs in connection with interest rate benchmark reform. The reliefs relate to hedge accounting and have the effect that IBOR reform should not generally cause hedge accounting to terminate. However, any hedge ineffectiveness should continue to be recorded in the income statement.

**Standards, amendments and interpretations issued but not yet effective and have not been early adopted by the company**

At the date of approval of these financial statements, certain new standards amendments and interpretations to existing standards have been published but are not yet effective, and have not been early adopted by the company.

Management anticipates that all relevant pronouncements will be adopted in the group's accounting policies for the first period beginning after the effective date of the pronouncement.

New standards, interpretations and amendments not early adopted or listed below are not expected to have a material impact on the company's financial statements.

**Amendments to IAS 1, 'Presentation of financial statements', on classification of liabilities,** (effective for annual periods beginning on or after January 1, 2022). These narrow-scope amendments to IAS 1, 'Presentation of financial statements', clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the 'settlement' of a liability.

**A number of narrow-scope amendments to IFRS 3, IAS 16, IAS 37 and some annual improvements on IFRS 1, IFRS 9 and IFRS 16,** (effective for annual periods beginning on or after 1 January 2022). Amendments to IFRS 3, 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. Amendments to IAS 16, 'Property, plant and equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss. Amendments to IAS 37, 'Provisions, contingent liabilities and contingent assets' specify which costs a company includes when assessing whether a contract will be loss-making. Annual improvements make minor amendments to IFRS 1, 'First-time Adoption of IFRS', IFRS 9, 'Financial instruments' and the Illustrative examples accompanying IFRS 16, 'Leases'.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies

#### a Basis of preparation (cont'd)

Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Group and Company (cont'd)

**Amendments to IAS 12 – deferred tax relates to assets and liabilities arising from a single transaction.**

(effective for annual periods beginning on or after 1 January 2023). These amendments require companies to recognise deferred tax on transactions that, on initial recognition give rise to equal amounts of taxable and deductible temporary differences.

**Narrow scope amendments to IAS 1, Practice statement 2 and IAS 8,** (effective for annual periods beginning on or after January 1, 2023). The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.

#### b Basis of consolidation

##### (i) Subsidiaries

Subsidiaries are entities over which the Group has control. The Group has control over an entity when the Group is exposed to the variable returns from its ownership interest in the entity and when the Group can effect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group, and subsidiaries are de-consolidated from the date on which control ceases.

All material intra-Group balances, transactions and gains are eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

The Group uses the acquisition method of accounting when control over entities and insurance businesses is obtained by the Group. The cost of an acquisition is measured as the fair value of the identifiable assets given, the equity instruments issued and the liabilities incurred or assumed at the date of exchange. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date irrespective of the extent of any minority interest. Acquisition-related costs are expensed as incurred.

The excess of the cost of the acquisition, the non-controlling interest recognised and the fair value of any previously held equity interest in the acquiree, over the fair value of the net identifiable assets acquired is recorded as goodwill. If there is no excess and there is a shortfall, the Group reassesses the net identifiable assets acquired. If after reassessment, a shortfall remains, the acquisition is deemed to be a bargain purchase and the shortfall is recognised in income as a gain on acquisition. Any non-controlling interest balances represent the equity in a subsidiary not attributable to the Group's interests.

On an acquisition-by-acquisition basis, the Group recognises at the date of acquisition the components of any minority interest in the acquiree either at fair value or at the proportionate share of the acquiree's net identifiable assets. The latter option is only available if the minority interest component is entitled to a proportionate share of net identifiable assets of the acquiree in the event of liquidation.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies (cont'd)

#### b Basis of consolidation

Non-controlling interest balances are subsequently re-measured by the minority's proportionate share of changes in equity after the date of acquisition. Investments in subsidiaries are stated in the Company's financial statements at cost less impairment.

- (ii) Change in ownership interests in subsidiaries without change in control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with owners in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity, Gains or losses on disposals to non-controlling interests are also recorded in equity.

#### c Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Chief Operating Decision Makers to make decisions about resources to be allocated to the segment and assess its performance. The Group has three operating segments, pharmaceuticals, medical and consumables.

Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to make strategic decisions.

#### d Property, plant and equipment

- (i) Property, plant and equipment are carried at cost or fair value less accumulated depreciation and impairment losses.

Land and buildings are stated at their revalued amounts, being the fair value at the date of revaluation less accumulated depreciation and accumulated impairment losses, if any. Fair values are based on appraisals prepared by external professional valuers once every (3) years, or more frequently, if market factors indicate a material change in fair value. Any surplus arising on revaluation of land and buildings is recognised in other comprehensive income and credited to revaluation reserve in equity. To the extent that any decrease or impairment loss had previously been recognised in profit or loss, a revaluation increase is credited to profit or loss with the increase recognised in other comprehensive income.

Downward revaluations of land and buildings are recognised upon revaluation or impairment testing, with the decrease being charged to other comprehensive income to the extent of any surplus in equity relating to this asset and any remaining decrease recognised in profit or loss.

- (ii) Depreciation is charged on assets from the date of acquisition.

Depreciation is provided on the straight-line basis at such rates as will write off the cost of various assets over the period of their expected useful lives.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies (cont'd)

#### d Property, plant and equipment

The following useful lives are applied:

Furniture, fixtures and equipment	10% – 20%
Computers	20%
Motor vehicles	20%
Buildings	2.5%

- (iii) Repairs and renewal

The costs of repairs and renewals which do not enhance the value of existing assets are written off to profit or loss as they are incurred.

#### e Inventories

Inventories are stated at the lower of cost, determined on the average cost basis, and net realisable value. Cost represents invoiced cost-plus direct inventory related expenses; net realisable value is based upon estimated selling price less cost to sell.

#### f Revenue recognition

Revenue arises from the sale of goods. It is measured at the fair value of consideration received or receivable, excluding General Consumption Tax, trade discounts or rebates.

#### g Finance and other income

Finance and other income comprise interest earned on short-term investments and rental income. Income is recognised on the basis of agreements in place or when it has been transferred to the third parties.

#### h Foreign currency translation

Functional and presentation currency

The financial statements are prepared and presented in Jamaican dollars, which is the functional currency of the Group.

Foreign currency translations and balances:

- (i) Foreign currency balances at the end of the reporting period have been translated at rates of exchange ruling at that date.
- (ii) Transactions in foreign currency are converted at rates of exchange ruling at the dates of those transactions.
- (iii) Gains/losses arising from fluctuations in exchange rates are included in profit or loss.

#### i Cash and cash equivalents

The above comprise cash on hand and demand deposits together with other short-term highly liquid investments maturing within ninety (90) days from the date of acquisition that are readily convertible in known amounts of cash and bank overdraft.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies (cont'd)

#### j Income tax

Income tax on the results for the year comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using the tax rate enacted at statement of financial position date, and any adjustments to tax payable in respect of previous years.

Deferred tax is accounted for using the liability method, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding basis used in the computation of taxable profit. In principle, deferred tax liabilities are recognised for taxable differences and deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which deductible temporary difference can be utilised.

Deferred tax is calculated at the tax rates that are expected to apply to the year when the asset is realised or the liability settled. Deferred tax is charged or credited in the Statement of Comprehensive Income, except when it is related to items credited or charged directly to equity, in which case the deferred tax is also dealt with in equity.

#### k Financial instruments

##### Recognition and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

##### Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- fair value through other comprehensive income (FVOCI)

In the periods presented, the Group had no financial assets categorised as FVOCI.

The classification is determined by both:

- the entity's business model for managing the financial asset
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies (cont'd)

#### k Financial instruments (cont'd)

##### Subsequent measurement of financial assets

##### Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows.
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Group cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

##### Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model other than 'hold to collect' or hold to collect and sell are categorised at fair value through profit and loss. Further, irrespective of business model, financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL.

The category also contains equity investments. The Group accounts for these equity investments at FVTPL and did not make the irrevocable election to account for these equity investments at fair value through other comprehensive income (FVOCI).

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

##### Financial assets at fair value through other comprehensive income (FVOCI)

The Group account for financial assets at FVOCI if the assets meet both of the following conditions:

- they are held under a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses are recognised in other comprehensive income (OCI).

##### Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. Instruments within the scope of the new requirements financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under IFRS 15 and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### 2. Summary of significant accounting policies (cont'd)

#### k Financial instruments (cont'd)

Recognition of credit losses is no longer dependent on the Group first identifying a credit loss event. Instead, the Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').
- 'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

#### Other receivables and contract assets

The Group makes use of a simplified approach in accounting for impairment of other receivables as well as contract assets and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating, the Company uses its historical experience, external indicators, and forward-looking information to calculate the expected credit losses using a provision matrix.

The Group assess impairment of other receivables on a collective basis as they possess shared credit risk characteristics and have been grouped based on the days past due.

#### Classification and measurement of financial liabilities

The Group's financial liabilities include borrowings, lease liability, bank overdraft, trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs, unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### **2. Summary of significant accounting policies (cont'd)**

#### **l Borrowings (cont'd)**

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost using the effective yield method. Any difference between the proceeds, net of transaction costs, and the redemption value is recognised in the statement of comprehensive income over the period of the borrowings using the effective interest method.

#### **Borrowings costs**

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

#### **m Impairment**

The Group property, plant and equipment are subject to impairment testing.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment, and some are tested at cash-generating unit level.

Individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the assets or cash-generating units carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell and value in use, based on an internal discounted cash flow evaluation. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist.

#### **n Intangible assets**

Certain relations and trade names acquired in a business combination that qualify for separate recognition are recognised as intangible assets at their fair values.

All finite-lived intangible assets are accounted for using the cost model whereby capitalised costs are amortised on a straight-line basis over their estimated useful lives. Residual values and useful lives are reviewed at each reporting date. In addition, they are subject to impairment testing as described in Note 2(m). The following useful lives are applied:

- Acquired software: 5 years
- Customer relations: 7 years

Trade name is carried at cost less amortised impairment losses.

Subsequent expenditures on the maintenance of computer software are expensed as incurred.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset and is recognised in profit or loss within other income or other expenses.

---

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

---

### **2. Summary of significant accounting policies (cont'd)**

#### **o Equity, reserves and dividend payments**

Share capital is determined using the par value of shares that have been issued and any premiums received on the initial issuing of shares. Any transaction costs associated with the issuing of shares are deducted from premiums received.

Revaluation reserve comprises the accumulated surplus arising on the revaluation of property, plant and equipment.

Retained profits include all current and prior period results as disclosed in the statement of comprehensive income.

Dividend distributions payable to equity shareholders are included in other liabilities when the dividends have been approved by the shareholders prior to the reporting date.

#### **p Leases**

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

#### **q Operating expenses**

Operating expenses are recognised in profit or loss upon utilisation of the service or at the date of their origin. Expenditure for warranties is recognised and charged against the associated provision when the related revenue is recognised.

#### **r Interest income and expense**

Interest income and expense are recognised in the statement of comprehensive income on an accrual basis using the effective interest method.

#### **s Short-term employee benefits**

Short-term employee benefits including holiday entitlement are current liabilities included in accruals, measured at the undiscounted amount that the Group expects to pay as a result of the unused entitlement.

### **2. Summary of significant accounting policies (cont'd)**

#### **t Use of estimates and judgments**

Information about estimates and assumptions that may have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

These estimates are based on historical experience and management's best knowledge of current events and actions. Actual results may differ from these estimates and assumptions.

There were no critical judgements, apart from those involving estimation, that management has made in the process of applying the Group's accounting policies that have a significant effect on the amounts recognised in the financial statements.

The estimates and assumptions which have the most significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are discussed below.

(i) Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain software and IT equipment.

(ii) Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management basis its assumptions on observable data as far as possible but this is not always available. In that case, management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

### 22. Gain arising on business combination

Effective March 30, 2021 Cornwall Enterprises Limited (CEL), a subsidiary of Medical Disposables & Supplies Limited (MDS) acquired the assets and liabilities of Cornwall Medical and Dental Supplies Limited whose main activities were selling and distribution of medical and dental supplies and also operated registered pharmacies. In accordance with IFRS 3, Business Combination, the transaction was deemed to be a business combination as the assets acquired and liabilities assumed constitute a business. Cornwall Enterprises Limited was identified as the acquirer as prescribed by IFRS 3 qualifying factors. The acquisition date amounts of the identifiable assets acquired and liabilities assumed, measured at fair value was \$348,034,000. The purchase consideration was \$274, 989,000.

This resulted in a bargain purchase of \$62,085,000. The resulting gain was recognised in profit or loss on acquisition date.

Details of the identifiable assets acquired, and liabilities assumed purchased consideration as follows:

Fair value of identifiable assets acquired and liabilities.

	\$
Property, plant and equipment	224,311,000
Intangible assets	32,879,000
Inventories	124,481,000
Trade and other receivable	71,861,000
Trade and other payables	(105,498,000)
Fair value of identifiable assets acquired and liabilities assumed (before deferred tax)	348,034,000
Purchase consideration	(274,989,000)
	<b>73,045,000</b>
Deferred tax liability arising from business acquisition	(10,960,000)
	<b>62,085,000</b>

In accordance with IAS 12 income taxes, the resulting deferred tax liability decreased the amount of bargain purchase gain recognised.

### 23. Income tax (The Group)

The Company's shares were listed on the Junior Market of the Jamaica Stock Exchange on December 24, 2013. As a result, the Group is entitled to a remission of taxes for an allowable period not exceeding ten (10) years from the date of the listing on the JSE Junior Market provided the shares remain listed for at least fifteen (15) years. The remissions of taxes are applicable as follows:

Years 1 to 5	100%
Years 6 to 10	50%

The Group is in its seventh year since being listed on the Junior Market of the Jamaica Stock Exchange and is now subject to fifty percent (50%) tax remission up to December 24, 2023.

- i Income tax adjusted for tax purposes and computed at the tax rate of 12.5% comprise:

	2022	2021

### 27. Risk management policies

The Group's activities expose it to a variety of financial risks in respect of its financial instruments: market risk (currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Group seeks to manage these risks by close monitoring of each class of its financial instruments as follows:

#### a Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Group is exposed to market risk through its use of financial instruments and specifically to currency risk, interest rate risk and certain other price risk, which result from both its operating and investing activities.

Foreign currency denominated financial assets and liabilities which expose the Group to currency risk are described below. The amounts shown are those reported to key management translated into J\$ at the closing rate.

### 27. Risk management policies

#### a Market risk (cont'd)

##### i Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group is exposed to currency risk due to fluctuations in exchange rates on transactions and balances that are denominated in currencies other than the Jamaican Dollar. Foreign currency bank accounts denominated in United States Dollars (US\$) is maintained to minimise this risk.

Foreign currency denominated financial assets and liabilities which expose the Group to currency risk are described below. The amounts shown are those reported to key management translated into J\$ at the closing rate.

#### Concentrations of currency risk

	2022 US\$	2021 US\$
Financial assets		
- Cash and cash equivalents	529,416	665,078
	<u>529,416</u>	<u>665,078</u>
Financial liabilities		
- Trade payables	(483,768)	(1,107,481)
	<u>(483,768)</u>	<u>(1,107,481)</u>
<b>Total net assets/liabilities</b>	<b><u>45,648</u></b>	<b><u>(442,403)</u></b>

The above assets/(liabilities) are receivable/payable in United States dollars (US\$) and Jamaican Dollars (J\$). The exchange rate applicable at the end of the reporting period was J\$153.31 to US\$1 (2021 – J\$144.88 to US\$1).

#### Foreign currency sensitivity

The following table illustrates the sensitivity of the net result for the year end and equity with regards to the Group's financial assets and financial liabilities and US Dollar to Jamaican (JA) Dollar exchange rate. Only movements between the Jamaican Dollar and US Dollar are considered, as these are the two major currencies of the Group.

The sensitivity analysis is based on the Group's United States Dollar financial instruments at the date of the statement of financial position.

Effect on results of the operations:

If the JA Dollar weakens by 8% (2021 – 6%) against the US Dollar then this would have the effect of the amounts shown below on the basis that all other variables remain constant.

	Rate %	Weakens \$
<b>2022</b>	8	(559,863)
<b>2021</b>	6	<u>(1,787,941)</u>

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

### 27. Risk management policies (cont'd)

#### a Market risk (cont'd)

##### i Currency risk (cont'd)

If the JA Dollar strengthens against the US Dollar by 2% (2021 – 2%) this would have the following impact:

	Rate %	Strengthens \$
<b>2022</b>	2	139,966
<b>2021</b>	2	893,970

##### ii Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Group's cash and cash equivalents are subject to interest rate risk. However, the Group attempts to manage this risk by monitoring its interest-bearing instruments closely and procuring the most advantageous rates under contracts with interest rates that are fixed for the life of the contract, where possible.

The Group invests excess cash in short-term deposits and maintains interest-earning bank accounts with licensed financial institutions. Short-term deposits are invested for three (3) months or less at fixed interest rates and are not affected by fluctuations in market interest rates up to the dates of maturity. Interest rates on interest-earning bank accounts are not fixed but are subject to fluctuations based on prevailing market rates.

#### Interest rate sensitivity

Interest rates on the Group's loans are fixed up to the date of maturity expiring at varying dates beginning April 05, 2021. As such there would be no impact on the results of the Group's operations as a result of fluctuations in interest rates.

##### iii Other price risk

Other price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all instruments traded in the market. The Group's financial instruments are substantially independent of changes in market prices as they are short-term in nature.

#### b Credit risk

Credit risk is the risk that a counter party fails to discharge an obligation to the Group. The Group is exposed to credit risk from financial assets including cash and cash equivalents held at banks, trade and other receivables.

#### Credit risk management

The credit risk in respect of cash balances held with banks and deposits with banks are managed via diversification of bank deposits and are only with reputable financial institutions.

### 27. Risk management policies (cont'd)

#### b Credit risk (cont'd)

The Group continuously monitors the credit quality of its customers. The Group's policy is to deal with only credit worthy counterparties. The credit terms range between 15 and 30 days. The credit terms for customers are subject to an internal approval process which considers the credit rating scorecard. The on going credit risk is managed through regular review of aging analysis together with credit limit per customer.

Trade receivables consists of a large number of customers. The Group does not require collateral or other credit enhancements in respect of its trade and other receivables.

The maximum credit risk faced by the Group is limited to the carrying amount of financial assets recognised at the end of the reporting period, as summarised below:

	<b>The Group</b>		<b>The Company</b>	
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
	<b>\$</b>		<b>\$</b>	<b>\$</b>
Trade and other receivables	533,271,081	457,389,463	473,026,624	385,528,463
Cash and cash equivalents	145,701,094	116,644,932	105,188,435	116,644,932
<b>Total</b>	<b>678,972,175</b>	<b>574,034,395</b>	<b>578,215,059</b>	<b>502,173,395</b>

#### Trade receivables

The Group applies the IFRS 9 simplified model of recognising lifetime estimated credit losses, for all trade receivables as these items do not have significant financing component. In measuring the expected credit losses, the trade receivables have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the days past due.

The expected loss rates are based on the payment profile for sales over the last 24 months as well as the corresponding historical losses during the period. The historical rates are adjusted to reflect forward looking macro-economic factors affecting the customers' ability to settle the amount outstanding.

The Group has identified gross domestic product (GDP) and inflation rates to be the most relevant factors and accordingly adjusts historical loss rates for expected changes in these factors.

Trade receivables are written off when there is no reasonable expectation of recovery, failure to make payments within 365 days from the invoice date and failure to engage with the Group on alternative payment arrangement amongst other is considered indicators of no reasonable expectation of recovery.

### 27. Risk management policies (cont'd)

#### b Credit risk (cont'd)

##### Trade receivables (cont'd) (The Group)

The closing balance of the trade and other receivables as at March 31, 2022 reconciles with the trade receivables loss allowance opening balance as follows:

	2022	2021
	\$	\$
Opening loss allowance at April 1	7,211,917	9,765,606
Receivables written -off during the year	-	(3,558,689)
Loss allowance recognised during the year	14,392,991	1,000,000
	<b>21,604,908</b>	<b>7,211,917</b>

##### Trade receivables (The Company)

The closing balance of the trade and other receivables as at March 31, 2022 reconciles with the trade receivables loss allowance opening balance as follows:

	2022	2021
	\$	\$
Opening loss allowance at April 1,	7,211,917	9,765,606
Receivables written-off during the year	-	(3,553,689)
Loss allowance recognised during the year	1,000,000	1,000,000
	<b>8,211,917</b>	<b>7,211,917</b>

#### c Liquidity risk

Liquidity risk is the risk that the group will encounter difficulty in meeting its commitments associated with financial liabilities.

The Group manages its liquidity risk by carefully monitoring its cash outflow needs for day-to-day business and maintaining an appropriate level of resources in liquid or near liquid form to meet its needs. The Group maintains cash and short-term deposits for up to three months or less to meet its liquidity requirements.

As at March 31, 2022, the Group's non-derivative financial liabilities have contractual maturities (including interest payments where applicable) as summarised below:

The Group	2022	
	Current Within 12 Months \$	Non-current 2 to 5 Years \$
Lease Liability	1,372,173	-
Borrowings	571,439,927	4,917,676
Bank overdraft	159,209,087	243,488,782
Trade and other payables	499,487,459	-
<b>Total</b>	<b>1,231,508,646</b>	<b>248,406,458</b>

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

### 27. Risk management policies (cont'd)

#### c Liquidity risk (cont'd)

##### The Company

	Current Within 12 Months \$	Non-current 2 to 5 Years \$
Lease Liability	5,815,644	-
Borrowings	571,439,927	243,488,782
Bank overdraft	156,088,774	-
Trade and other payables	376,061,219	-
<b>Total</b>	<b>1,109,405,564</b>	<b>243,488,782</b>

The above contractual maturities reflect the gross cash flows, which may differ from the carrying values of the liabilities at the end of the reporting period.

This compares to the maturity of the Group's non-derivative financial liabilities in the previous reporting period as follows:

##### The Group and Company

	Current Within 12 Months \$	Non-current 2 to 5 Years \$
Lease liability	660,520	-
Borrowings	351,190,677	157,464,241
Bank overdraft	144,996,589	-
Trade and other payables	431,575,470	-
<b>Total</b>	<b>928,423,256</b>	<b>157,464,241</b>

### 28. Fair value measurement

- i The Group's financial assets and liabilities are measured at amortised costs, and the fair values for these are disclosed at Note 28(ii).
- ii Fair value of non-financial assets

The following table shows the Levels within the hierarchy of non-financial assets measured at fair value on a recurring basis at March 31, 2022.

March 31, 2022	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Property, plant and equipment				
Land and buildings	-	-	716,870,931	716,870,931
<b>Total</b>	<b>-</b>	<b>-</b>	<b>716,870,931</b>	<b>716,870,931</b>

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

### 28. Fair value measurement (cont'd)

#### ii Fair value of non-financial assets (cont'd)

March 31, 2021	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Property, plant and equipment				
Land and buildings	-	-	731,613,166	731,613,166
<b>Total</b>	-	-	<b>731,613,166</b>	<b>731,613,166</b>

Land and buildings (Level 3).

Fair value of the Group's land and buildings was estimated based on an appraisal by a professionally qualified valuator. The significant inputs and assumptions were developed in close consultation with management.

The appraisal was carried out using a market approach that reflects observed prices for market transactions and incorporates adjustments for factors specific to the Group's property, including size, location, encumbrances, and current use of the property.

Land and buildings at 83 and 85 Hagley Park Road, Kingston 10 were revalued on February 25, 2020, February 27, 2020, and February 29, 2020 respectively.

Land and buildings at Anchovy St James were revalued March 29, 2021, Fairview Montego Bay St James were revalued on March 29, 2021, and March 31, 2021, respectively.

#### **Reconciliation of opening and closing balances of the Group's land and buildings:**

	2022 \$
Balance at April 1, 2021	743,461,791
Addition	-
Depreciation	(26,614,698)
<b>Balance at March 31, 2022</b>	<b>716,870,931</b>

# Medical Disposables & Supplies Limited

## Notes to the Financial Statements

Year ended March 31, 2022

### 29. Summary of financial assets and liabilities by category

The carrying amount of the Group's financial assets and liabilities recognised at the statement of financial position date may be categorised as follows:

	2022 \$	2021 \$
<b>Financial assets measured at amortised cost</b>		
Trade and other receivables	533,271,081	457,389,493
Due from related party	23,800,688	-
Cash and short-term deposits	145,701,094	116,644,932
<b>Total</b>	<b>702,772,863</b>	<b>574,034,345</b>
<b>Financial liabilities measured at amortised cost</b>		
<b>Non-current liabilities</b>		
Due on business acquisition	31,098,000	31,098,000
Lease liability	4,917,676	-
Borrowings	243,488,782	157,464,241
<b>Current liabilities</b>		
Lease liability	1,372,173	660,520
Bank overdraft	159,209,087	144,996,589
Borrowings	571,439,927	351,190,677
Due on business acquisition	-	121,500,000
Trade and other payables	499,487,459	431,575,470
<b>Total</b>	<b>1,511,013,104</b>	<b>1,238,485,497</b>

### 30. Capital management, policies and procedures

The Group's capital management objectives are to ensure its ability to continue as a going concern and to sustain future development of the business. The Group's Board of Directors review the financial position of the Group at regular meetings.

There was no change to the Group's approach to capital management policies during the year.

### 31. Impact of Covid-19 Pandemic

The negative impact of Covid-19 has softened as the Government has moved away from lockdowns and curfews and is urging persons to take personal responsibility for their health and wellness in the continuing effort to minimize the effects of COVID-19. This has allowed commerce to return to normal as seen with an increase in demand for goods. We are optimistic that the policy of shutdown and curfew will not be revisited and as such should not curtail demands for the Group's goods and services. This is easily compromised if any large-scale wave of infection is not well managed.

Management continues to closely monitor the situation and remain flexible to adjust as is necessary.
