INDEPENDENT AUDITORS' REPORT

To the Members of DOLPHIN COVE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Dolphin Cove Limited ("the Company") comprising the separate financial statements of the Company and the consolidated financial statements of the Company and its subsidiaries ("the Group"), set out on pages 7 to 63 which comprise the Group's and Company's statement of financial position as at December 31, 2022, the Group's and Company's statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and the Company as at December 31, 2022, and of the Group's and Company's financial performance and cash flows for the year then ended in accordance with IFRS Standards as issued by the International Accounting Standards Board (IFRS Standards) and the Jamaican Companies Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants including International Independence Standards (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of DOLPHIN COVE LIMITED

Report on the Audit of the Financial Statements (Continued)

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter

1. Valuation of trade and other receivables

The Group is required to recognise expected credit losses (ECL) on trade receivables, the determination of which is highly subjective and requires management to make significant judgement and estimates including determination of the appropriate variables and assumptions used and the application of forward-looking information.

How the matter was addressed in our audit

Our procedures in this area included:

- Evaluating the appropriateness of the accounting policies based on requirements of IFRS 9, our business understanding and industry practice.
- Identifying and testing relevant controls and evaluating reliance thereon or otherwise.
- Evaluating the reasonableness of management's key judgements in estimating ECLs, including selection and application of methods, models, assumptions and data sources.
- Challenging significant assumptions and judgements relating to the inputs and economic parameters used for the ECL measurement.
- Evaluating the completeness, accuracy and relevance of the data.
- Evaluating the appropriateness and testing the mathematical accuracy of the ECL model applied.
- Evaluating the completeness, accuracy and relevance of disclosures required by IFRS 9, including disclosures about assumptions about the future, and other major sources of estimation uncertainty.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of DOLPHIN COVE LIMITED

Report on the Audit of the Financial Statements (Continued)

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS Standards and the Jamaican Companies Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of DOLPHIN COVE LIMITED

Report on the Audit of the Financial Statements (Continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is included in the Appendix to this auditors' report. This description, which is located at pages 5 and 6, forms part of our auditors' report.

Report on additional matters as required by the Jamaican Companies Act

We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

In our opinion, proper accounting records have been maintained, so far as appears from our examination of those records, and the financial statements, which are in agreement therewith, give the information required by the Jamaican Companies Act in the manner required.

The engagement partner on the audit resulting in this independent auditors' report is Wilbert Spence.

Chartered Accountants Kingston, Jamaica

April 28, 2023

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of DOLPHIN COVE LIMITED

Appendix to the Independent Auditors' Report

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Members of DOLPHIN COVE LIMITED

Appendix to the Independent Auditors' Report (Continued)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The accompanying notes form an integral part of the financial statements.

Notes to the Financial Statements

Year ended December 31, 20222

(Expressed in United States dollars)

1. Corporate structure and principal activities

(a) Dolphin Cove Limited (the Company) is incorporated and domiciled in Jamaica and its registered office and principal place of business is located at Belmont Road, Ocho Rios, St. Ann, Jamaica, W.I.

The principal activities of the Company are the operation of a tourist attraction comprising dolphin programmes and ancillary operations such as restaurants, gift and video shops at several locations.

The Company's shares were listed on the Junior Market of the Jamaica Stock Exchange on December 21, 2010.

- (b) The Company and its wholly-owned subsidiaries, as listed below, are collectively referred to as "the Group".
 - (i) Dolphin Cove (Negril) Limited was incorporated in Jamaica, on May 11, 2010, and commenced operations in September 2010. Its principal place of business is located at Point, Lucea, Hanover, Jamaica W.I. where it offered dolphin programmes and ancillary operations similar to that of the Company. However, effective January 1, 2014, the Company assumed its operations. Dolphin Cove (Negril) Limited continues to own the real estate in Hanover which is now leased to the Company.
 - (ii) Too Cool Limited is incorporated in the Cayman Islands and owns land and buildings from which the Company operates.
 - (iii) Cheshire Hall Limited (CHL) was incorporated on June 22, 2012 as a St. Lucian International Business Company (IBC) and is controlled by Company. It's wholly-owned subsidiary, DCTCI Limited, was incorporated in the Turks and Caicos Islands and owns land on which the Group intends to develop an attraction.
 - (iv) Balmoral Dolphins Limited is a St. Lucia IBC, incorporated on April 5, 2012. Its wholly-owned subsidiary, Dolphin Cove TCI Limited, was incorporated in the Turks & Caicos Islands for the intended purpose of operating the attraction to be developed by DCTCI Limited.
 - (v) SB Holdings Limited was incorporated on November 4, 2013, as a St. Lucia IBC. Its wholly-owned subsidiary, Marine Adventure Park Limited, was also incorporated in St. Lucia and purchased land in St. Lucia on which the Group intends to develop an attraction.
- (c) World of Dolphins Inc. ("Parent Company"), incorporated in Barbados, acquired 229,610,218 shares in the Company or 58.51% of its issued share capital on December 18, 2015, and made a follow-up offer to purchase all the remaining shares of the Company, effective January 8, 2016. The Parent Company now holds 79.99% of the issued share capital of the Company.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

1. Corporate structure and principal activities (continued)

- (d) World of Dolphins, Inc. is a subsidiary of Controladora Dolphin SA de C.V. (intermediate holding company), which is, in turn, a subsidiary of Dolphin Capital Company, S. de RL de C.V. (ultimate holding company), referred to as "The Dolphin Company" the 'wider group'. Both companies are incorporated in Mexico.
- (e) In April 2019, World of Dolphins Inc. pledged to charge 100% (313,901,858) of stock units which it holds in the Company as co-security for a Note Purchase Agreement on behalf of Controladora Dolphin SA de C.V.

2. <u>Statement of compliance and basis of preparation</u>

(a) Statement of compliance:

The financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") and comply with the provisions of the Jamaican Companies Act.

New and amended standards:

(i) Newly effective standards:

The following new and amended standards did not have any impact on the Group's financial statements.

- Amendments to IFRS 16 *Leases* extend the practical expedient by 12 months i.e. allowing lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before June 30, 2022. The amendments were effective April 1, 2021.
- Annual Improvements to IFRS Standards 2018-2020 cycle contain amendments to IFRS 9 *Financial Instruments* and IFRS 16 *Leases* and were effective January 1, 2022.
- Amendments to IAS 37 *Provision*, Contingent Liabilities and Contingent Assets clarify those costs that comprise the costs of fulfilling the contract and were effective January 1, 2022.

(ii) Forthcoming standards:

At the date of authorisation of these financial statements, certain new and amended standards have been issued which are not effective at the reporting date and which the Group has not early adopted.

• Amendments to IAS 1 *Presentation of Financial Statements*, will apply retrospectively for annual reporting periods beginning on or after January 1, 2024. The amendments promote consistency in application and clarify the requirements on determining if a liability is current or non-current.

17

DOLPHIN COVE LIMITED

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

2. Statement of compliance and basis of preparation

(a) Statement of compliance (continued):

New and amended standards (continued):

- (ii) Forthcoming standards (continued):
 - Amendments to IAS 1 Presentation of Financial Statements (continued)

Under existing IAS 1 requirements, entities classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Instead of the requirement for a right of deferral to be "unconditional", the standard requires that a right to defer settlement must have "substance" and exist at the end of the reporting date. An entity classifies a liability as non-current if it has a right to defer settlement for at least twelve months after the reporting date. It has also been clarified that a right to defer exists only if the entity is in compliance with conditions specified in the loan agreement at the reporting date, even if the lender does not test compliance until a later date.

The Group will apply the amended standards for the reporting period starting January 1, 2024. The amended standard is not expected to have a significant impact on the Group's financial statements.

• Amendments to IAS 1 *Presentation of Financial Statements* are effective for annual reporting periods beginning on or after January 1, 2024 and may be applied earlier. The amendments help entities provide useful accounting policy disclosures.

The key amendments to IAS 1 include:

- requiring entities to disclose their *material* accounting policies rather than their *significant* accounting policies;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The amendments are consistent with the refined definition of material:

"Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements".

The Group will apply the amended standards for the reporting period starting January 1, 2023, with changes in disclosures in accounting policies expected.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

2. Statement of compliance and basis of preparation

(a) Statement of compliance (continued):

New and amended standards (continued):

- (ii) Forthcoming standards (continued):
 - Amendments to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted. The amendments introduce a new definition for accounting estimates: clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy.

Developing an accounting estimate includes both:

- selecting a measurement technique (estimation or valuation technique) e.g. an estimation technique used to measure a loss allowance for expected credit losses when applying IFRS 9 *Financial Instruments*; and
- choosing the inputs to be used when applying the chosen measurement technique e.g. the expected cash outflows for determining a provision for warranty obligations when applying IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*.

The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies is unchanged.

The Group will apply the amendments for the reporting period starting January 1, 2023. The amendments are not expected to have a significant impact on the Group's financial statements.

Amendments to IAS 12 *Income Taxes* are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted. The amendments clarify how entities should account for deferred tax on certain transactions – e.g. leases and decommissioning provisions.

The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

2. Statement of compliance and basis of preparation

(a) Statement of compliance (continued):

New and amended standards (continued):

(ii) Forthcoming standards (continued):

Amendments to IAS 12 Income Taxes (continued)

For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. If an entity previously accounted for deferred tax on leases and decommissioning liabilities under the net approach, then the impact on transition is likely to be limited to the separate presentation of the deferred tax asset and the deferred tax liability.

For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

The Group will apply the amendments for the reporting period starting January 1, 2023. The amended standard is not expected to have a significant impact on the Group's financial statements.

(b) Basis of measurement and functional currency:

The financial statements are prepared on the historic cost basis, except for land and buildings which are carried at market value. The financial statements are presented in United States dollars (\$), which is the functional currency of the Company.

(c) Use of estimates and judgements:

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual amounts could differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods if the revision affects both current and future periods.

Judgements made by management in the application of IFRS that have a significant effect on the financial statements and estimates with a significant risk of material adjustment in the next financial year are discussed below:

<u>Judgements</u>

For the purpose of these financial statements, judgement refers to the informed identification and analysis of reasonable alternatives, considering all relevant facts and circumstances, and the well-reasoned, objective and unbiased choice of the alternative that is most consistent with the agreed principles set out in IFRS. The significant judgement exercised by Management in the preparation of these financial statements is in respect of the useful lives of the dolphins. The useful lives of dolphins vary, and management used its judgement in determining an average, expected useful life of 30 years see note 3(h).

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

2. Statement of compliance and basis of preparation (continued)

(c) Use of estimates and judgements (continued):

Key assumptions concerning the future and other sources of estimation uncertainty

(i) Impairment of receivables:

The impairment allowance for trade and other receivables is determined upon origination of the trade accounts receivable based on a model that calculates the expected credit loss ("ECL") of the receivables.

Under this ECL model, the Group segments its receivables in a matrix by days past due and determined for each age bracket an average rate of ECL, considering actual credit loss experience over the last 12 months and analysis of future delinquency, that is applied to the balance of the accounts receivable. The average ECL rate increases in each segment of days past due until the rate is 100% for the segment of 91 days or more past due. The use of assumptions make uncertainty inherent in such estimates [see note 3(n)].

(ii) Fair value of land and buildings:

Land and buildings are revalued annually to fair market value at each reporting date. These valuations are conducted periodically by independent professional valuators, using recent selling prices of comparable properties.

However, as no two properties are exactly alike, adjustments are made to reflect differences between properties. Consequently, the determination of fair market value of the property requires that the valuers analyse the differences in relation to age and physical condition, time of sale, land to building ratio, the advantages and disadvantages of the location and other functional gains to be derived from the property, and make necessary adjustments (see note 9).

(d) Basis of consolidation:

The consolidated financial statements include the separate financial statements of the Company and its subsidiaries (note 1), made up to December 31, 2022. The financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

(i) Subsidiaries:

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The financial statements of a subsidiary are included in the consolidated financial statements from the date control commences until the date that control ceases.

(ii) Transactions eliminated on consolidation:

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. Significant accounting policies

(a) Foreign currencies:

Foreign currency transactions and balances:

Monetary assets and liabilities denominated in foreign currencies are translated to the United States dollar (\$) at the rates of exchange at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated to the functional currency at the exchange rate when the fair value was determined.

Transactions in foreign currencies are converted to the functional currency at the rates of exchange ruling at the dates of those transactions. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

Gains and losses arising from fluctuations in exchange rates are generally included in profit or loss. However, foreign currency differences arising from the translation of equity investments designated at fair value through other comprehensive income are recognised in other comprehensive income, except on impairment in which case the foreign currency differences that have been recognised in other comprehensive income are reclassified to profit or loss.

(b) Cash and cash equivalents:

Cash and cash equivalents comprise cash in hand and at bank including short-term deposits, where the original maturities of such deposits do not exceed three months.

(c) Investments:

Fixed deposits are classified and measured at amortised cost. The Group intends to hold the assets to maturity to collect contractual cash flows and these cash flows consist solely of payments of principal and interest on the principal amount outstanding.

(d) Accounts receivable:

Accounts receivable comprising trade and other receivables and are measured at amortised cost, less impairment losses.

(e) Related parties:

A related party is a person or entity that is related to the entity that is preparing its financial statements (referred to in IAS 24 *Related Party Disclosures*, as the "reporting entity" in his case the Group).

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

- (e) Related parties (continued):
 - (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the reporting Group.
 - (b) An entity is related to the Group if any of the following conditions applies:
 - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled, or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the Group or is a member of the management personnel of the Group (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management services to the Group or the parent of the Group.
 - (c) A related party transaction involves transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

(f) Inventories:

Inventories are measured at the lower of cost, determined on the weighted average basis, and net realisable value.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(g) Property, plant and equipment:

(i) Recognition and measurement:

Land and buildings are measured at valuation, less subsequent depreciation. All other categories of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.

Any revaluation increase arising on the revaluation of land and buildings is credited to capital reserves through other comprehensive income, except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. A decrease in carrying amount arising on the revaluation of such land and buildings is charged to profit or loss to the extent that it exceeds the balance, if any, held in capital reserve relating to a previous revaluation of such assets.

On a sale or retirement of the revalued asset, the attributable revaluation surplus remaining in unrealised capital reserve is transferred directly to realised reserve.

Cost includes expenditures that are attributable to the acquisition of the asset. The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item, if it is probable that the future economic benefit embodied within the part will flow to the Group and its cost can be measured reliably.

The costs of day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

The cost of self-constructed assets includes the cost of materials, direct labour and related costs to put the asset into service. Borrowing costs, including but not limited to, interest on borrowings and exchange differences arising on such borrowings, that are directly attributable to the acquisition and/or construction of a qualifying asset are capitalised as part of the cost of that asset.

Capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use are complete. Thereafter, borrowing costs are recognised in profit or loss when they are incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(g) Property, plant and equipment (continued):

(i) Subsequent expenditure:

Subsequent expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the Group.

(ii) Depreciation:

Depreciation is recognised in profit or loss on the straight-line basis computed at annual rates estimated to write down the assets to their estimated residual values over their estimated useful lives.

The estimated useful lives are as follows:

Buildings	40 years
Leasehold improvements	10 years
Furniture, fixtures and equipment	10 years
Computers	5 years
Motor vehicles	5 years
Dune buggies	3 years

No depreciation is charged on land and capital work-in-progress. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate

(h) Live assets:

This comprises of dolphins and other marine life, as well as birds and are measured at cost, less amortisation. Dolphins and other marine life are amortised over periods not exceeding thirty years and fifteen years, respectively.

The costs of dolphins (calves) are accumulated from the date the mothers are pregnant and include food, medicine, veterinary services, special care and training of the calves. Directly attributable costs of bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management are capitalised until calves are brought into production. These costs are then amortised on a straight-line basis over a period not exceeding thirty years. Dolphins purchased are capitalised at the acquisition cost which is amortised over a period not exceeding thirty years on the straight-line basis. The useful life of thirty years for the dolphins is based on research done on dolphins and the experience of the Group. These live assets are not held for agricultural purposes.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(i) Leases:

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in IFRS 16.

As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(i) Leases (continued):

As a lessee (continued)

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencementdate;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

COVID-19-related rent concessions

The Group negotiated a rent concession with its landlord as a result of the severe impact of the COVID-19 pandemic during the year.

The Group has applied COVID-19-Related Rent Concessions-Amendments to IFRS 16, applying the practical expedient allowing it not to assess whether eligible rent concessions that are a direct consequence of the COVID-19 pandemic are lease modifications.

(j) Accounts payable:

Accounts payable comprising trade and other payables are measured at amortised cost.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. Significant accounting policies (continued)

(k) Provisions:

A provision is recognised when the Group has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and the amount can be estimated reliably. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the obligation.

(l) Interest bearing borrowings:

Interest bearing borrowings are recognised initially at fair value plus directly attributable transaction costs. Subsequent to initial recognition, interest bearing borrowings are stated at amortised cost, with any difference between cost and redemption value being recognised in profit or loss over the period of the borrowing on an effective interest basis.

(m) Share capital and dividends:

Ordinary shares are classified as equity and carried at cost. Incremental costs directly attributable to the issue of ordinary shares, net of any tax effects, are recognised as a deduction from equity.

Dividends on ordinary shares are recognised as a liability in the period in which they are declared.

(n) Impairment:

(i) Non-financial assets:

The carrying amounts of the Group's assets are reviewed at each reporting date to determine whether there are any indications of impairment. If any such indication exists, the recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in profit or loss.

- Calculation of recoverable amount:

The recoverable amount of non-financial assets is the greater of their fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cashgenerating unit to which the asset belongs.

- Reversal of impairment:

An impairment loss is reversed, if there has been a change in the estimate used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, if no impairment loss had been recognised.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

- (n) Impairment (continued):
 - (ii) Financial assets:

Measurement of ECLs

The Group recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost.

The Group measures loss allowances at an amount equal to lifetime ECLs.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward looking information.

The Group assumes that the credit risk on financial assets has increased significantly if it is more than 90 days past due.

The Group recognises loss allowances for ECLs and considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to action such as realising security if any is held; or
- the financial asset is more than 90 days past due.

Life-time ECLs are the ECLs that result from all possible default events over the expected life of the financial instrument.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the group assesses whether financial assets carried at amortised costs are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(n) Impairment (continued):

(ii) Financial assets (continued):

Credit-impaired financial assets (continued)

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the statement of profit or loss.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the group's procedures for recovery of amounts due.

(o) Revenue recognition:

Revenue from services is measured at fair value of the consideration received or receivable, net of volume rebates and sales taxes.

Performance obligations and revenue recognition policies:

The nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies are as follows:

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. Significant accounting policies (continued)

Revenue recognition (continued): (o)

Type of products and services

Nature and timing of satisfaction of performance obligations, including significant payment terms.

Revenue recognition under IFRS 15

at a point in time as services

are provided.

Rendering of services Customers obtain control of service The Group recognises revenue when programme attraction service and ancillary services have been

provided.

Invoices for services are generated at that point in time. Invoices are

usually payable within 30 days.

Sale of goods

Customers obtain control of goods when the good is transferred to the customer.

Invoices for goods are generated at a point in time.

Revenue is recognised at a point in time in the amount of the price, before tax on sales, expected to be received by the Group for goods and services supplied as a result of their ordinary activities, contractual performance obligations are fulfilled, and control of goods and services passes to the customer. Revenues are decreased by any trade discounts granted to customers.

Finance income: (p)

Finance income comprises interest earned on funds invested and foreign exchange gains recognised in profit or loss. Interest income is recognised in profit or loss as it accrues, taking into account the effective yield on the asset.

Employee benefits: (q)

Employee benefits include current or short-term benefits such as salaries, statutory contributions paid, annual vacation leave and non-monetary benefits such as medical care and housing. Short-term employee benefits are recognised as a liability, net of payments made, and charged as expenses. The expected cost of vacation leave that accumulates is recognised over the period that the employees become entitled to the leave.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(r) Expenses:

(i) Expenses:

Expenses are recognised on the accrual basis.

(ii) Finance costs:

Finance costs comprise interest incurred on borrowings, calculated using the effective interest method, foreign exchange losses and bank related charges.

(s) Income taxes:

(i) Current tax:

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in profit or loss, except to the extent that it relates to items recognised directly to equity, in which case it is recognised in other comprehensive income.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

(ii) Deferred tax:

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted at the reporting date.

A deferred tax liability is recognised for taxable temporary differences, except on the initial recognition of goodwill and to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary differences will not reverse in the foreseeable future.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(t) Segment reporting:

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Each operating segment's operating results are reviewed regularly by the Group's Chief Operating Decision Maker ("CODM"), to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. The Group has identified the Managing Director as its CODM.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. Significant accounting policies (continued)

(t) Segment reporting (continued):

During the year, a review of operating segments was conducted. Based on the economic and operational similarities and the way the CODM monitors the operations, the Group has concluded that its operating segments should be aggregated and that it has only one operating segment.

(u) Financial instruments:

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets

The financial assets that meet both of the following conditions and are not designated as at fair value through profit or loss: a) are held within a business model whose objective is to hold assets to collect contractual cash flows, and b) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are classified as "Held to collect" and measured at amortised cost.

Amortised cost represents the net present value ("NPV") of the consideration receivable or payable as of the transaction date. This classification of financial assets comprises the following captions:

- Cash and cash equivalents
- Investments
- Trade and other receivables
- Due from related companies
- Due from parent company
- Due from subsidiaries

Due to their short-term nature, the Group initially recognises these assets at the original invoiced or transaction amount less expected credit losses.

Subsequent measurement

The Group's financial assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment on financial assets are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. <u>Significant accounting policies (continued)</u>

(u) Financial instruments (continued):

Classification and subsequent measurement (continued)

Derecognition

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired, or the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings, plus directly attributable transaction costs. The Group's financial liabilities, which include payables and accruals, bank borrowings and lease obligations, due to other related companies and long-term liabilities are recognised initially at fair value.

Subsequent measurement

Subsequent to initial recognition, the Group's financial liabilities are measured at amortised cost, with any difference between cost and redemption value being recognised in profit or loss over the period of the liability on an effective interest basis.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

3. Significant accounting policies (continued)

(v) Fair value measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

When available, the fair value of an instrument is measured by using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, valuation techniques are used that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 Quoted market price (unadjusted) in an active market for identical assets or liabilities.
- Level 2 Valuation techniques based on observable inputs, either directly (i.e. as prices) or indirectly (i.e., derived from prices).
- Level 3 Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation.

		<u>4,483,846</u>	4,762,059

Amounts due from subsidiaries are stated after deduction of impairment losses of \$269,403 (2021: \$nil).

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

6. Related party balances and transactions (continued)

- (b) (Continued)
 - (i) Due from subsidiaries non-current (continued):
 - (a) This loan bears interest at 10% per annum, is unsecured and has no fixed repayment terms. However, the Company's intent is not to require repayment within 12 months of the reporting date.
 - (b) These balances materially comprise advances for the purchase of property and expenses incurred so far in respect of the proposed developments in the Turks & Caicos Islands [note 9(c)]. These loans, along with additional advances during the year, are unsecured, bear interest at 3.5% per annum and have no fixed repayment terms. However, the Company's intent is not to require repayment within 12 months of the reporting date. Interest payment was waived during the year.
 - (c) This balance materially comprise advances for the purchase of property and professional fees, interest expenses and other expenses in respect of the expansion of the experience at Marine Adventure Park Limited [note 9(c)]. These loans, along with additional advances during the year, are unsecured, bear interest at 3.5% per annum and have no fixed repayment terms. However, the Company's intent is not to require repayment within 12 months of the reporting date. Interest payment was waived during the year.
 - (d) This balance comprises an advance for professional fees due from Dolphin Cove TCI Limited that is unsecured and interest free.
 - (e) This balance comprises an advance for professional fees due from SB Holdings Ltd. that is unsecured and interest free.
 - (f) This balance comprises an advance for professional fees due from Cheshire Hall Limited that is unsecured and interest free.
 - (g) This balance comprises an advance for professional fees due from Balmoral Dolphins Limited that is unsecured and interest free.
 - (h) This balance comprises an advance for professional fees due from Too Cool Limited that is unsecured and interest free.

For advances for professional fees included in (d) to (h) above, the Company's intent is not to require repayment within 12 months of the reporting date.

During the year, the Company recognised an impairment loss on these balances amounting to \$269,403 (2021: nil).

Notes to the Financial Statements (Continued)

The Group	and the	Company
2022		<u>2021</u>

Non-current:

Dolphin Discovery Inc.(fellow subsidiary)

1.110.012

1,110,012

This represents payment for constructing a new dolphin encounter park in St. Lucia on behalf of the Company. The amount provided constitutes 40% of the estimated project cost [see note 26(a)]. The project has not advanced due to the unfavorable market conditions in the Caribbean region resulting from Covid-19, particularly in the Cruise Line business, which is the primary source of St. Lucia's revenue. As at December 31, 2022, there has been no further progress on the project and management is in discussion for its resumption. Once the project has started, the amount will be treated as capital work-in-progress as part of property, plant and equipment. In the event of cancellation, Dolphin Discovery, Inc. is obliged to return the advance to the Company.

(v) Amount due to other related party is interest free, unsecured and repayable on demand.

(a) The Group's and Company's land and buildings were revalued as at December 31, 2018 on an open market basis by Property Consultants Limited (an independent firm of registered real estate agents, appraisers, auctioneers and consultants) of Kingston, Jamaica. The directors did an assessment of the valuation during the year which determined that the estimated market value of the land and buildings, as at the reporting date, is not materially different from their carrying values.

This fair value was determined using level 3 fair value measurements as the valuation model used both observable and unobservable inputs and the unobservable inputs are considered significant to the fair value measurement [see also note 2(c)(ii)].

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

9. Property, plant and equipment (continued)

(a) (continued)

The surplus arising on revaluation is included in capital reserves for the Group and Company (note 17).

Valuation techniques	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Market based approach: The approach is based on the principle of substitution whereby the purchaser with perfect knowledge of the property market pays no more for the subject property than the cost of acquiring an existing comparable property, assuming no cost delay in making the substitution.	 Demand for properties in the location Details of the sales of comparable properties Conditions influencing the sale of the comparable properties 	The estimated fair value would increase/(decrease) if: The demand for properties in the location was higher/(lower). Sale value of comparable properties were higher/(lower).
The approach requires comparison of the subject property with others of similar design and utility, inter alia, which were sold in the recent past. However, as no two properties are exactly alike, adjustment is made for the difference between the property subject to valuation and comparable properties.	• Comparability adjustment (Changes in these inputs by 5 – 10% would have a significant impact on the value of the properties).	Comparability adjustment were higher/(lower).

- (b) Land and buildings include land at a valuation of \$12,656,000 (2021: \$12,656,000) for the Group and \$3,180,000 (2021: \$3,180,000) for the Company.
- (c) Capital work-in-progress includes professional fee paid to attorney for review of proposal with Reserve Eco Tankah SA of CV [see note 6(b)(i)(b) and (c)].
- (d) On March 3, 2020, Dolphin Cove (Negril) Limited, a subsidiary, granted Reserve Investments Limited an option to buy the property where the Marine Park at Lucea is situated, with the intention of building a hotel there. The option expired in 2021 and was not renewed.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

10. Leases

The Company leases land from Dolphin Cove (Negril) Limited and Santa Maria Limited for tourist attraction activities which were previously classified as operating leases under IAS 17.

The Dolphin Cove (Negril) Limited lease commenced in January 2014 and, after an initial period to October 2014, has four subsequent five year options to renew. For the lease computations it has been assumed that the option to renew will be exercised.

The Santa Maria Limited lease commenced in January 2017 and expires in December 2026.

Information about leases for which the Group and Company are lessees is presented below:

(a) Right-of-use assets

	Property		
	The Group	The Company	
Balance at December 31, 2020	566,822	1,892,394	
Depreciation charge for the year	(<u>94,471</u>)	(<u>190,295</u>)	
Balance at December 31, 2021	472,351	1,702,099

^{*} During the year, the Group and Company received 5 dolphins worth \$1,100,000 (2021: \$nil) from its parent company as settlement of outstanding balance. This is a non-cash transaction and therefore not included in the statement of cash flows.

Dolphins with original cost of \$1,093,179 (2021: \$665,567) for the Group and the Company are fully amortised, however, they are still being used in operations to generate revenue.

12. Bank overdraft

(a) The Group has a Jamaica dollar (J\$) 6.5 million (\$43,345) overdraft facility with The Bank of Nova Scotia Jamaica Limited at an interest rate of 17.75%, which is secured by a hypothecation of cash deposits. Bank overdraft includes credit balances in the amount of \$22,722 (2021: \$95,798) on the Group's and the Company's bank accounts arising from items in transit at the reporting date.

The bank has also issued guarantees aggregating J\$1.4 million (\$9,336) [(2021: J\$1.4 million) (\$9,147)] on behalf of the Company in favor of the Commissioner of Customs.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

12. <u>Bank overdraft (continued)</u>

- (b) In 2020, the Group obtained an overdraft facility from Sagicor Bank Jamaica Limited for an authorised amount of J\$140 million (\$965,517), to be drawn down over 12 months. During the prior year, an additional amount of J\$116 million (\$758,170) was obtained resulting in a total overdraft facility of J\$256 million (\$1,723,687). The overdraft facility bears interest at a rate of 8.75% per annum, calculated daily on the outstanding balance and is payable monthly in arrears. The facility is secured as follows:
 - First demand debenture over the fixed and floating assets of the Company, stamped to cover J\$140 million (\$965,517).
 - Unlimited corporate guarantee of Too Cool Limited supported by a first legal mortgage over the Ocho Rios properties stamped to cover J\$140 million 12 (\$965,517).
 - First legal mortgage over the Ocho Rios properties owned by the Company stamped to cover J\$140 million (\$965,517).
 - Second demand debenture over the fixed and floating assets of Dolphin Cove Limited, stamped to cover J\$140 million (\$965,517) supported by:
 - Collateral demand second legal mortgage stamped collateral to the above debenture for J\$116 million (\$758,170) over the Ocho Rios property in the name of Too Cool Limited.
 - Collateral demand second legal mortgage stamped collateral to the above debenture for J\$116 million (\$758,170) over the Ocho Rios property in the name of Dolphin Cove Limited.

- (c) Cheshire Hall Limited, SB Holdings Limited, Marine Adventure Park Limited and Balmoral Dolphins Limited have elected to pay income tax at 1% of profits earned in St. Lucia. However, the companies had not commenced operations as at the reporting date [note 1(b)].
- (d) Dolphin Cove TCI Limited and DCTCI Limited are not required to pay income tax in the Turks & Caicos Islands.
- (e) At December 31, 2022, unutilised tax losses available for set-off against future taxable profits, subject to agreement by the Commissioner General, Tax Administration Jamaica, amounted to nil [2021: approximately J\$42 million (\$324,545)] for the Company and J\$83 million (\$688,748) [2021: J\$124 million (\$1,005,565)] for the Group. Tax losses may be carried forward indefinitely; however, the maximum amount that can be utilised in any one year is restricted to 50% of chargeable income for that year.
- (f) At December 31, 2022, a deferred tax asset of approximately J\$2.7 million (\$17,693) [2021: J\$3.1 million (\$20,253)] relating to available tax losses and timing differences has not been recognised by Dolphin Cove (Negril) Limited as management considers that the financial and operational strategies initiated to utilise the benefits of the deferred tax asset are still to be initiated.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

22. Earnings per stock unit

Earnings per stock unit is calculated by dividing the profit or loss for the year by the weighted average number of ordinary shares in issue for the year.

w. orage name or or oranion, charge in 10000 101 the year.	<u>2022</u>	<u>2021</u>
Profit for the year attributable to stockholders of the Company	<u>2,967,772</u>	1,511,426
Weighted average number of ordinary stock units held during the year	<u>392,426,376</u>	<u>392,426,376</u>
Earnings per stock unit (expressed in ¢ per share)	0.76	0.39

23. Dividends

	The Group and the Company			У
	20	2022)21
	Dividend		Dividend	
	per ordinary	Dividends	per ordinary	Dividends
	stock unit	<u>paid</u>	stock unit	<u>paid</u>
	\$	\$	\$	\$
First interim dividend:				
April 29, 2022 (2021: November 19, 2021)	0.00254	999,812	0.00254	999,843
Second interim dividend:				
September 29, 2022 (2021: nil)	<u>0.00254</u>	999,813		
	0.00508	1,999,625	0.00254	999,843

24. Segment information

The Group maintains discrete financial information for each of its parks, which is used by the Chief Operating Decision Maker ("CODM"), identified as the Group's Managing Director, as a basis for allocating resources. Each park has been identified as an operating segment and meets the criteria for aggregation under IFRS 8 due to similar economic characteristics and all of the parks provide similar products and services, share similar processes for delivering services and target the same type and class of customers.

Accordingly, based on these economic and operational similarities and the way the CODM monitors the operations, the Group has concluded that its operating segments should be aggregated and that it has one reportable segment.

Financial information related to the reportable segment results for the year ended December 31, 2022, can be found in the Group income statement and related notes. There are no differences in the measurement of the reportable segment results and the Group's results.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

24. Segment information (continued)

Details of the segment assets and liabilities for the year ended December 31, 2022 can be found in the Group's statement of financial position and related notes. There are no differences in the measurement of the reportable segment assets and liabilities and the Group's assets and liabilities.

25. Pension arrangements

On September 3, 2019, the Government of Jamaica established a defined contribution pension scheme for tourism workers and self-employed tourism workers known as the "Tourism Workers Pension Scheme" in accordance with the Tourism Workers Pension Act 2019. On January 12, 2022, the Pension Scheme was officially launched. The Pension Scheme is administered and managed by the Guardian Group.

During the year, some of the Group's employees enrolled into the Tourism Workers Pension Scheme. Members are mandated to contribute 3% of their earnings up to January 31, 2023 and 5% of their earnings thereafter. The member's contributions to the scheme are matched by the employer.

The members have an option to make voluntary contributions to the scheme and the maximum allowable annual contribution is 20% of the earnings for each member.

The Group and the Company's contributions to the scheme for the year ended December 31, 2022 aggregated \$6,210.

26. Commitments and contingencies

(a) Capital commitments:

At December 31, 2022, commitments for capital expenditure in respect of the construction of a new encounter park in St. Lucia, for which no provision has been made in these financial statements is \$3,500,000 (2021: \$3,500,000) for which a 40% deposit has been made [see note 6(b)(iv)].

(b) Contingent liabilities:

(i) Tax Administration Jamaica (TAJ) carried out a General Consumption Tax (GCT) audit for the period January 1, 2014 to July 31, 2019. Subsequent to receipt of a Notice of Assessment and meetings with TAJ, a Notice of Decision dated October 25, 2021 was issued claiming a GCT liability of J\$91,797,671 (US\$612,148). The Company appealed the decision. The appeal was heard on April 21, 2022 by the Revenue Appeals Division (RAD) which, on June 7, 2022, requested additional documents and supplemental submissions. These were provided by the Company on June 29, 2022. By letter dated March 31, 2023, RAD advised its decision along with written reasons which will be provided to the Company on or before June 1, 2023. No provision has been made in these financial statements and the Company awaits the decision of RAD.

Notes to the Financial Statements (Continued) Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

26. <u>Commitments and contingencies (continued)</u>

- (ii) There are threatened claims against the Company in respect of alleged injuries by guests and employees. The potential liability in the opinion of the Company's attorney is approximately J\$3,900,000 (\$26,006) [2021: J\$4,100,000 (\$26,840)]. Although these are covered with insurance, the Company is still resisting the claims and has not made any provision in these financial statements. Up to the date of approval of the financial statements, there has been no change in the status of these matters.
- (iii) During the year, the Jamaica Customs Agency commenced an audit of the Company's records from January 2021 to April 2022 and claimed in a letter dated November 22, 2022 that incorrect codes were used for clearance of some items. The Company submitted more documents for review and there was a meeting on December 6, 2022 with the Customs Agency on the matter. The audit is still not complete, and the Customs Agency has not notified the Company of a final decision. The Company has not made any provision in these financial statements for this matter.

27. Financial instruments

(a) Financial risk management:

The Group has exposure to credit risk, market risk and liquidity risk from its use of financial instruments in the ordinary course of the business. Derivative financial instruments are not used to reduce exposure to fluctuations in interest and foreign exchange rates.

(i) Credit risk:

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

The maximum exposure to credit risk at the reporting date is represented by the carrying amount of each relevant financial asset.

Cash and cash equivalents and investments

The Group limits its exposure to credit risk by:

- placing cash resources with substantial counterparties who are believed to have minimal risk of default:
- only investing in liquid securities with credit worthy institutions that are appropriately licensed and regulated; and
- obtaining sufficient collateral as a means of mitigating the risk of financial loss from defaults.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. Financial instruments (continued)

- (a) Financial risk management (continued):
 - (i) Credit risk (continued):

Accounts receivable

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Management has a credit policy in place under which each customer is analysed for credit worthiness prior to being offered credit. The Group does not require collateral in respect of trade and other receivables. At the reporting date there were significant concentrations of credit risk in respect of 6 (2021: 5) major customers for the Group and the Company who in respect of trade receivables.

As at December 31, 2022, amounts receivable from these customers aggregated \$1,094,926 (2021: \$984,937) for the Group and the Company. These represent 66% (2021: 62%) of trade receivables for the Group and 68% (2021: 60%) for the Company.

Expected credit loss assessment for trade receivables

The Group uses an allowance matrix to measure expected credit loss (ECLs) of trade receivables. The provision matrix is based on its historical observed default rates over the expected life of the trade receivables and is adjusted for forward looking information.

Loss rates are calculated based on the probability of a receivable progressing through successive stages of delinquency to write-off, current conditions and the economic conditions over the expected lives of the receivables.

The following table provides information about the exposure to credit risk and ECLs for trade receivables.

			2022			
		Th	e Group	The C	Company	
Age buckets	Weighted average <u>loss rate</u> %	Gross carrying amount	Impairment loss allowance	Gross carrying amount	Impairment loss allowance \$	Credit impaired
Current						
(not past due)	10.07	1,096,662	180,522	1,096,662	2 180,567	No
31-60 days	35.01	62,755	21,985	62,755	5 21,971	No
61-90 days	64.12	27,190	17,434	27,142	2 17,403	No
Over 90 days	100.00	477,204	<u>477,204</u>	414,880	<u>414,880</u>	Yes
		<u>1,663,811</u>	<u>697,145</u>	<u>1,601,439</u>	634,821	

Although there has been an increase in trade receivables, there has been a reduction in the ECL due improvement in receivables that are over 90 days past due when compared to the previous year. This resulted from improve efforts by the Group in the collection of receivables.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. Financial instruments (continued)

(a) Financial risk management (continued):

(i) Credit risk (continued):

Expected credit loss assessment for trade receivables (continued)

			2021			
		Th	e Group	The C	Company	
	Weighted average	Gross carrying	Impairment loss	Gross carrying	Impairment loss	Credit
Age buckets	loss rate	amount	allowance	amount	allowance	impaired
	%	\$	\$	\$	\$	
Current						
(not past due)	10.18	671,991	54,900	671,943	3 54,900	No
31-60 days	33.20	67,875	68,481	67,875	68,481	No
61-90 days	61.84	24,737	43,315	24,737	7 43,315	No
Over 90 days	100.00	725,199	725,199	662,875	662,875	Yes
		<u>1,489,802</u>	<u>891,895</u>	1,427,430	<u>829,571</u>	

Due from related parties and parent company

These amounts are currently interest-free with no fixed repayment terms, however some amounts are repayable on demand. The Group assesses each related entity's ability to pay if payment is demanded, considering future trading activities and other economic conditions. The expected credit losses are calculated on this basis. No impairment allowance was recognised as at December 31, 2022 and 2021.

(ii) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices. These arise mainly from changes in interest rates and foreign exchange rates and will affect the Group's income or the value of its holdings of financial instruments.

• Interest rate risk:

Interest rate risk is the risk that the value or cash flows of a financial instrument will fluctuate due to changes in market interest rates.

Subject to normal conditions, the Group materially contracts financial liabilities at fixed interest rates for the duration of the term.

Interest-bearing financial assets are primarily represented by amounts due from subsidiaries, cash and cash equivalents and investments. Interest-bearing financial liabilities are mainly represented by loans, lease liabilities and bank overdrafts.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. Financial instruments (continued)

- (a) Financial risk management (continued):
 - (ii) Market risk: (continued):
 - Interest rate risk (continued):

Financial instruments subject to interest are as follows:

	Carrying amount				
	The G	roup	The Co	mpany	
	2022	2021	2022	<u>2021</u>	
Fixed rate instruments:					
Financial assets	1,002,132	2,132	5,721,535	4,730,346	
Financial liabilities	(<u>1,336,957</u>)	(<u>1,628,410</u>)	(2,795,442)	(3,166,260)	
	(_334,825)	(1,626,278)	2,926,093	<u>1,564,086</u>	
Variable rate instruments:					
Financial assets	1,616,373	2,375,663	1,616,373	2,375,663	
Financial liabilities	(28,096)	(107,804)	(28,096)	(107,804)	
	<u>1,588,277</u>	<u>2,267,859</u>	1,588,277	<u>2,267,859</u>	

Cash flow sensitivity analysis for variable rate instruments

An increase or decrease in basis points in interest rates on variable rate instruments at the reporting date would have increased/(decreased) profit or loss for the year by amounts shown below.

		The Group	and the Compa	d the Company	
	2022			21	
	Increase 100bp	Decrease 50bp	Increase 100bp	Decrease 100bp	
Effect on profit or loss	<u>15,883</u>	(<u>7,941</u>)	<u>22,679</u>	(<u>22,679</u>)	

This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2021.

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any financial instrument at fair value. Therefore, a change in interest rates at the reporting date would not affect the carrying value of Group's financial instruments.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. Financial instruments (continued)

- (a) Financial risk management (continued):
 - (ii) Market risk (continued):
 - Foreign currency risk:

Foreign currency risk is the risk that the value or cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Group incurs foreign currency risk primarily on purchases and borrowings that are denominated in a currency other than the United States dollar (\$). The principal foreign currency exposure of the Group is denominated in Jamaica dollars (J\$).

Exposure to foreign currency risk arising mainly in respect of J\$ denominated balances was as follows:

	The Group a	and Company
	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	15,058,692	642,063
Accounts receivable	37,794,151	34,750,552
Bank overdrafts	(123,496,618)	(153,581,792)
Accounts payable	(102,288,734)	(119,123,590)
Long-term loans	(809,007)	(_1,989,946)
	(<u>173,741,516</u>)	(239,302,713)
US\$ equivalent	(_1,158,586)	(1,563,457)

Exchange rates of the United States dollar to the Jamaican dollar were as follows:

At December 21, 2022: US\$1 to J\$149.96 At December 31, 2021: US\$1 to J\$153.06

Sensitivity analysis

Changes in the exchange rates of the United States dollar (\$) to the Jamaica dollar (J\$) would have the effects described below:

	Increase/(de in profit or loss	,
40/ (2021, 90/)	The Group and 2022	<u>Company</u> <u>2021</u>
4% (2021: 8%) strengthening of the US\$ against the J\$	46,343	125,077
1% (2021: 2%) weakening of the US\$ against the J\$	(<u>11,586</u>)	(<u>31,269</u>)

The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2021.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. Financial instruments (continued)

(a) Financial risk management (continued):

(iii) Liquidity risk:

Liquidity risk, also referred to as funding risk, is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at, or close to, its fair value. Prudent liquidity risk management implies maintaining sufficient cash resources, and the availability of funding through an adequate amount of committed credit facilities. The management of the Group aims at maintaining flexibility in funding by keeping lines of credit available (see note 12).

The following are the contractual maturities of financial liabilities measured at amortised cost, including interest payments. The tables show the undiscounted cash flows of non-derivative financial liabilities based on the earliest date on which the Group can be required to pay:

(iv) Capital management:

The Group manages the adequacy of capital by managing the returns on equity and borrowed funds to protect against losses on its business activities so as to be able to generate an adequate level of return for its stockholders.

As a condition of its long term loans, the Company is required to have positive stockholders' equity.

There are no other externally imposed capital requirements and there have been no changes in the Group's approach to managing capital during the year.

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

27. <u>Financial instruments (continued)</u>

(b) Fair value:

The following methods and assumptions have been used:

- (i) The fair value of cash and cash equivalents, investments, accounts receivable, accounts payable, due from related companies and parent company, is assumed to approximate their carrying value due to their relatively short-term nature.
- (ii) The carrying amounts of due from subsidiaries are assumed to approximate their fair value due as the amounts are stated after discounting their future cash flows.
- (iii) The carrying value of lease liabilities and long-term loans approximates the fair value as these obligations are carried at amortised cost reflecting their contractual obligations and the interest rates are reflective of market rates for similar instruments.

28. Prior period adjustments

During the year, management discovered that the classification or presentation of some items in the statements of profit or loss and other comprehensive income and cash flows were not in line with the requirements of the applicable financial reporting framework. The nature of the reclassifications are as follows:

(i) Statement of profit or loss and other comprehensive:

As required by IAS1.82(ba), movement in ECL is required to be shown separately on the face of the statement of profit or loss and other comprehensive income. During the prior period, ECL movement on trade receivables was presented as part of 'operating expenses – selling'. Impairment loss reversal in the prior period is now reclassified and presented separately from selling expenses.

(ii) Statement of cash flows:

IAS 7 requires an entity applying IFRS to present its cash flows from operating, investing and financing activities in a manner which is most appropriate to its business The reclassifications resulted in changes in cash flows from operating, investing and financing activities, as well as cash and cash equivalents at the beginning and end of the year. The adjustments are as follows for the Group and the Company:

Due from related parties (i)	249,784
Other income – rent concession (ii)	89,650
Payment of lease liabilities (ii)	(89,650)
Drawdowns of bank overdraft (iii)	4,199,701
Repayments of bank overdraft (iii)	(3,455,590)
Cash and cash equivalents (iii)	744,111

Notes to the Financial Statements (Continued)

Year ended December 31, 2022

(Expressed in United States dollars, unless otherwise stated)

28. Prior period adjustments (continued)

- (ii) Statement of cash flows (continued):
 - (i) Due from related parties, in the corresponding figures, was reclassified from investing activities to operating activities as the balance resulted from ordinary trading activities.
 - (ii) Lease payments were understated with the corresponding amount shown as 'Rent concession'. The amount was adjusted accordingly.
 - (iii) Bank overdraft was previously presented as a component of cash and cash equivalents. As this overdraft was not deemed to form an integral part of the Group and Company's cash management, overdraft is included in financing activities split between inflows and outflows.

These reclassifications apply for both the Group and the Company.

The impact of the reclassifications on the financial statements are as follows:

(i) Statement of profit or loss and other comprehensive income (2021):

	Group			
	As previously		Current	
	presented	Reclassification	presentation
