2. Summary of Significant Accounting Policies

(a) Basis of preparation

The Group's condensed consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS). The condensed consolidated financial statements should be read in conjunction with the accounting policies as set out in Note 2 and 31 of the audited financial statements for the year ended 31 March 2023.

All amounts are stated in Jamaican dollars unless otherwise indicated.

Notes to the Financial Statements

Three-month period ended 30 June 2023

2. Summary of Significant Accounting Policies (continued)

(b) Basis of consolidation

The consolidated financial statements include the assets, liabilities and results of operations of the company and its subsidiaries presented as a single economic entity.

Subsidiaries are all entities over which the company has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the company controls another entity. Subsidiaries are consolidated from the date on which control is attained by the Group. They are no longer consolidated from the date that control ceases.

Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred. Accounting policies of subsidiaries are consistent with those of the Group.

The Group uses the acquisition method of accounting for business combinations. The cost of acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the consolidated statement of revenue and expenses.

3. Earnings per stock unit

Earnings per stock unit ("EPS") is computed by dividing loss/profit attributable to the equity holders of the parent of J\$294,860,047 (2022 – (J\$340,241,342)) by the weighted number of stock units in issue during the period, numbering 1,757,552,530 (2022 – 1,630,552,530).

4. Comparative Information

Where necessary, comparative figures have been reclassified to conform to changes in presentation in the current period.
