

September 12, 2023

To All Stakeholders,

The Financial Services Commission continues to work with our local and international partners to mitigate the effects of the cyber event, which occurred on September 6, 2023.

We are working assiduously to restore seamless communication with all relevant stakeholders and expect to communicate a further update on this matter in short order.

In the interim and with immediate effect, the Commission is therefore advising stakeholders that all filings of reports must be submitted by way of hard copies to our offices at 39-43 Barbados Avenue, Kingston 5.

For further details on the submission of hard copies of filings, you may contact us by calling 876 906 3010-2.

Keron Burrell (Major)

Executive Director
