JAMAICA PRODUCERS GROUP LIMITED AUDITED GROUP RESULTS 52 WEEKS ENDED DECEMBER 31, 2023 Chairman's Statement

Jamaica Producers Group Limited ("JP" or "the Group") earned consolidated net profits attributable to shareholders of \$15.5 billion in 2023. Shareholders' equity of the Group now stands at \$36.5 billion, or \$34.74 per share. We increased our shareholders' equity by 91% over the prior year.

The results of JP are notable because they reflect a record performance for the company. Importantly, they also demonstrate that the steady transformation of our Group to a diversified holding company has delivered tangible value for our shareholders. In line with this strategy, our shareholders' equity has compounded at an annual growth rate of 15.5% over the past 15 years.

The significant increase in the Group's profits relative to the prior year can be attributed, in part, to the successful amalgamation of PanJam Investments Limited and the operating businesses of JP to form the Pan Jamaica Group ("PJG"). The amalgamation became effective on 1 April 2023, and involved the transfer by JP of 100% of its shares in JP Global Holdings Limited (the subsidiary that held our interest in the operating businesses of JP) to PJG in exchange for a 34.5% interest in PJG. JP is now the largest shareholder of PJG. PJG is in turn an associated company of JP and JP's associated company interest in PJG is now our single largest asset.

The gain recognised by JP as a result of the transaction reflects an accounting of the value (on the effective date of the transaction) of the consideration received from PJG (being PJG shares) relative to the book value (on that date) of the JP-owned business assets that were transferred to PJG. Importantly, the gain that was recorded also reflects the leadership and work of the board, management and staff of JP over an extended period of time to build the intrinsic value of this enterprise. We therefore salute the team and the teamwork involved in achieving this historic result.

We also note that the amalgamation leaves the JP operating enterprises in capable hands. These businesses, which include a global logistics network (with operations in shipping, warehousing, terminal operations, freight forwarding and freight consolidation with an established Caribbean focus) and a specialty food group (with food manufacturing and agribusinesses in Europe and the Caribbean), are now allied with a powerful and diverse platform of business interests that include landmark properties and market leading financial services enterprises.

The terms of the amalgamation expressly afford us at JP a valuable opportunity to remain active and vigilant in the oversight and governance of all these business interests. We will do this at the level of the board of PJG and we will also make our knowledge and experience available to its executive team. We view this as our responsibility to PJG as well as to the shareholders of JP and are truly pleased to be able join with other PJG stakeholders in this critical endeavour. Accordingly, we are optimistic that with the passage of time our new portfolio of interests will deliver attractive returns.

In addition to its interest in PJG, JP holds a treasury portfolio as well as significant land and property assets. The treasury portfolio, which primarily comprises US-dollar and Jamaican-dollar denominated fixed income securities, is performing well. The property assets include over 3,500 acres of land as well as commercial properties that are currently under lease. JP will seek to optimise the value of these property assets over time by developing them further and by diversifying the tenant base.

JAMAICA PRODUCERS GROUP LIMITED AUDITED GROUP RESULTS 52 WEEKS ENDED DECEMBER 31, 2023 Chairman's Statement

JP celebrates its 95th anniversary in 2024. We meet this moment with renewed confidence in our mission of realising value for our Jamaican shareholders by acquiring and building great businesses, always with integrity and, wherever appropriate, through healthy and respectful partnerships. Our strategy emphasises long-term investments in tangible assets, a strong capital base, a balanced liquidity position and a menu of products and services that provide genuine value to customers and shareholders and is the basis for transparent and sustainable relationships with suppliers, employees, creditors and regulators. Our approach is unshakeable. It is not driven by popular accounting tactics and does not focus on short-term business sentiments. This will continue.

I thank our board, management and operating teams for their commitment to our business and our shared values, and for their continued support.

Chairman Charles H. Johnston

JAMAICA PRODUCERS GROUP LIMITED AUDITED GROUP RESULTS 52 WEEKS ENDED DECEMBER 31, 2023 Notes to the Financial Statements

1. Group's Operations and Activities

The main activities of the company, its subsidiaries (collectively, "group"), joint ventures and associates prior to 1 April 2023 were port terminal operations; shipping and logistics; the cultivation, marketing and distribution of fresh produce; food and drink manufacturing; land management and the holding of investments.

Effective April 1, 2023, following the changes described below, the main activities of the group are land and property management, treasury investments, whilst through its associate, Pan Jamaica Group Limited, the group maintains business interest in four key segments: property and Infrastructure; specialty foods, global services (including shipping, logistics, and port terminal operations) and financial services.

In November 2022, the company entered into an agreement with PanJam Investment Limited ("PanJam") that resulted in the company transferring its core operating businesses to PanJam in exchange for a 34.5% interest in that entity. Following the shareholder's approval at an Extraordinary General Meeting on December 22, 2022, the transaction was completed on April 1, 2023, and the combined enterprise was renamed Pan Jamaica Group Limited.

On March 21, 2023, the group acquired 100% shareholding in two Belgian juice manufacturing entities, The Juicy Group NV and HPP Services BV. These were transferred as part of the amalgamation with Pan Jamaica Group Limited on April 1,2023.

2. Basis of Presentation

The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) and their interpretations, issued by the International Accounting Standards Board (IASB) and comply with the provisions of the Jamaican Companies Act.

The accounting policies and methods of computation used in these financial statements are consistent with the most recent annual report except where certain new, revised and amended standards and interpretations came into effect during the current financial year.

3. Gross operating revenue

Gross operating revenue comprises investment income, the gross sales of goods and services of the group and commission earned by the group on consignment sales. This is shown after deducting returns, rebates, discounts and consumption taxes and eliminating sales within the group.

4. Profit per stock unit and stockholders' equity per stock unit

Profit per ordinary stock unit is calculated by dividing the profit attributable to the group for the year of \$15,520,397,000 by 1,122,144,036, being the total number of ordinary stock units in issue during the year and a weighted average number of ordinary stock units in issue (excluding those held by the ESOP) during the year. The weighted average number of ordinary stock units in issue (excluding those held by the ESOP) for the year. ended December 31, 2023, was 1,053,287,330 (2022 - 1,051,615,718) stock units.

Notes to the Financial Statements Cont'd

d

4. Profit per stock unit and stockholders' equity per stock unit (cont'd)

Stockholders' equity per ordinary stock unit is calculated by dividing the parent company stockholders' equity by 1,122,144,036 being the total number of ordinary stock units in issue at the end of the year and 1,050,405,920 (2022 – 1,052,410,235), representing the total number of ordinary stock units in issue at the end of the year December 31, 2023, less those held by the ESOP at the same date.

5. Accounting Policies

The following accounting policies have been reflected in these financial statements in compliance with IFRS:

a. Business combinations

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

b. Subsidiaries

Subsidiaries are those entities controlled by the group. The group controls an investee when it is exposed to, or has rights to, variable returns from its involvement with the investee, and has the ability to affect those returns through its power over the investee entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

The company and its subsidiaries are collectively referred to as "group".

c. Associates

Associates are those entities over which the group has significant influence, but not control, or joint control over the financial and operating polices, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method and are initially recognized at cost, including transaction costs.

The group's investment is carried at the group's share of the fair value of net identifiable assets of the associate net of any impairment loss identified on acquisition. The group's share of its associates' post-acquisition profits or losses is recognised in the profit and loss account and its share of post-acquisition movements in reserves is recognized in other comprehensive income to the extent that the profits, losses or movements are consistent with the group's significant accounting policies. Should the group's share of losses in an associate equal or exceed its interest in the associate, including any other unsecured receivables, the group will not recognize further losses unless it has incurred obligations or made payments on behalf of the associate.

d. Joint ventures

A joint venture is a contractual arrangement in which the group has joint control and whereby the group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

JAMAICA PRODUCERS GROUP LIMITED AUDITED GROUP RESULTS 52 WEEKS ENDED DECEMBER 31, 2023 Notes to the Financial Statements Cont'd

5. Accounting Policies (cont'd)

d. Joint ventures (cont'd)

Joint ventures are recognised initially at cost, including transaction costs. Subsequent to initial recognition, the consolidated financial statements include the group's share of the profit or loss and other comprehensive income of joint ventures using the equity method, until the date on which joint control ceases. If the group's share of losses exceeds its interest in a joint venture the group's carrying amount is reduced to nil and recognition of further losses is discontinued, except to the extent that the group has incurred legal or constructive obligations or made payments on behalf of a joint venture. If the joint venture subsequently reports gains, the group resumes recognising its share of those gains only after its share of gains equals the share of losses not recognised.

e. Intangible assets and goodwill

(i) Goodwill

Goodwill arising on the acquisition of subsidiaries is measured at cost less accumulated impairment losses. Goodwill is allocated to cash-generating units and tested annually for impairment. In respect of equity accounted investees, the carrying amount of goodwill is including in the carrying amount of the equity accounted investee as a whole.

(ii) Other intangible assets

Other intangible assets that are acquired by the group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses.

(iii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(iv) Amortisation

Except for goodwill, intangible assets are amortised on a straight-line basis in profit or loss over their estimated useful lives, from the date that they are available for use. The estimates of useful lives are as follows:

•	brands and trademarks	25 years
•	customer relationships	10 - 15 years
•	other identified intangible assets	3 - 5 years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

f. Segment reporting

Segment information is presented in respect of the group's strategic business segments. The identification of business segments is based on the group's management and internal reporting structure. Segment results, assets and liabilities include items directly attributable to a segment, as well as those that can be allocated on a reasonable basis.

Notes to the Financial Statements Cont'd

5. Accounting Policies (cont'd)

f. Segment reporting (cont'd)

The group's business segments reflect its current strategy and focus. The profit or loss before finance cost and taxation is used to measure the segment result. This has resulted in the recognition of three business segments.

- JP Food & Drink This comprises businesses that are engaged in agriculture, processing, distribution and/or retail of food and drink.
- JP Logistics & Infrastructure This comprises businesses that are engaged in logistics, transportation, port operations and related industries.
- Corporate Services This comprises interest and investment income, net of the cost of corporate functions not directly charged to business units. Subsequent to April 1, 2023, this also includes rental income from property holdings.
