About Regency Petroleum Limited

RPL is a Petroleum Marketing Company that distributes Petroleum Products across the island of Jamaica. We currently distribute Propane Gas to Bulk Customers such as Hotels, Restaurants, Bakeries, and other industries of business that may require the use of this Gas. Butane is the other Gas used in Packed cylinders (household uses). Regency also supplies Automotive Diesel, Ultra Low Sulphur Diesel, 90 Octane Fuel, and 87 Octane Fuel. The LPG-packed cylinders are networked via various dealers in each parish to allow easy access to our products. Regency Petroleum Limited (RPL), has entered the domestic cooking-gas market, which brings the number of players to five.
